

THE CATRON AFFAIR.

Things Are Getting Pretty Badly Mixed for Messrs. Catron and Spiess.

The Citizen is in trouble. The lengthy article in the Albuquerque Citizen of the ninth instant, attacking the chief justice and accusing him of conduct unbecoming the position of the chief justice and tending to degrade the the court and impede the course of justice in the matter of the Catron trial, has got that paper into trouble.

Attachments were issued last Thursday for Hughes & McCreight, editor and business manager, of that journal.

McCreight was brought before the court Friday for contempt and was granted until last Monday to answer the charge. He was released on bond.

The marshal informed the court that Mr. Hughes had left Albuquerque in a private conveyance drove to A. & P. Junction, boarded the train for the west and intimated that he might go as far even as Los Angeles. An alias writ was issued for the body of Thomas Hughes.

Chas. A. Spiess, T. B. Catron's partner, has been accused of acting first as public prosecutor in the case of the Territory vs. Vigil for murder, then appearing as attorney for Vigil in an appeal against his conviction. Mr. Spiess attacked the sufficiency of the indictment. It was shown that Mr. Spiess drew the indictment himself. This dual character assumed by Spiess procured him an opinion of the court to the effect that his conduct was "highly reprehensible and unbecoming his obligation as an attorney and an officer of the court." His brief for appellant was stricken from the files, and his name stricken from the docket as an attorney for the defendant. It was afterward sought to modify the decision and the matter was taken under advisement.

The Road to Durango a Necessity.

A subscription list is before the public to aid in the improvement and mending of the road to Durango by the La Plata way. Rheinhold Tur is doing the work and doing it well. The heading to the list says, "for the purpose of working and improving the road leading from Durango to Farmington and known as the 'Pinon Ridge Road' and more especially for purpose of working the hills on the divide between Long Hollow and Ridges basin, and the hill leading up to the Pinon ridge."

The Durango merchants have contributed, and our citizens make up the number on the list to 50 to date. This excellent object should be patronized. It means the perfecting of the chief high road to Durango and the increase of trade for Farmington. The citizens will see it in this light and will help liberally. Mr. Paxton has the list and will take names.

A Sample of Many Letters Received from Different People.

CUBA, N. M., Oct. 4, '95
 Editor San Juan Times.
 Please accept my thanks for the information regarding your town and vicinity so kindly given me in your two letters of a recent date. They contain the final argument which will bring me to Farmington for the winter at least, and possibly to settle there permanently.

I have been reading your paper for a year or more, and twice before this, made preparations to come.

Once the paper suspended publication and I switched off at once, for I figured that a town that would not support a paper was not worth going to. But if everyone turns in and talks and pulls for the town like the San Juan Times does now, it is only a question of a few years when the town will become a city; for by everyone pulling together is the way cities are made. I expect to be with you (am now on the way) in time to put my stock in good winter quarters, and will call and place an order for some advertising and probably job work soon after I get there.

Wishing you the success you certainly deserve, and sincerely hoping you may never have occasion to write on the wall, 17.73 17—, 1773, 73.17, 7137.
 I remain, Very Sincerely Yours,
 (Dict. to A. D.) C. W. RIGGS.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional remedy, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer one hundred dollars for any case that it fails to cure. Send for list of testimonials. Address, F. J.
