

NOT SO BAD AS FEARED

DEATH LIST AT GUTHRIE MAY NOT EXCEED TWENTY.

ESTIMATES STILL GUESSWORK.

MANY BODIES MAY BE CONCEALED IN THE WRECKAGE.

Guthrie, O. T., April 29.—(Special) The great chieftain flood is a thing of the past. The waters have receded, and where yesterday flowed ten feet of water the ground is almost dry, the great piles of wreckage, the crushed and ruined buildings, the general devastation to-night seeming more the work of a mighty tornado than of a flood.

All night the water went down fast, and by daylight the river was within its banks and people were beginning to reconnoiter their dismantled homes or look disconsolately at the wave-swept sites where they once were.

By noon hundreds of workmen were at work restoring houses, drays were moving the things the flood dislaid to destroy or carry off, and people were against creating homeless ones.

A trip through every section of the flooded district shows over 100 houses entirely gone, three times as many wrecked or damaged, a dozen business houses wrecked, and twice as many stocks of goods mired. The loss is fully \$100,000. Five hundred people are homeless, and twice as many have lost their clothing, household goods and personal effects.

With the receding of the water and the coming of dawn began the eager search for the missing, and many were the joyful meetings of friends and relatives with those supposed to have been lost. Many of those reported last night as positively drowned were found in trees, on high places, and in houses lodged downstream, and it soon became apparent that the number drowned did not exceed twenty or twenty-five.

The escapes made by survivors are remarkable, and hundreds of the incidents of the flood are as thrilling as the tales of war.

One of the most remarkable escapes was that of Mrs. Rachel McKinley, aged 65. She climbed upon an arbor, where she held for three hours, until rescued from the driftwood, went under twice, floated an eighth of a mile, struck a house, grasped a window sill and, breaking the glass with her hands, climbed in and lay on the floor until rescued at night. Daniel Smallwood swam half a mile, holding his crippled wife.

George Owens, the butcher, drowned while rescuing others. Mrs. Fannie Puffin, struck by a log, John Miles, going under exhausted while saving children; Mrs. Eva Dumas, Mrs. Jane Watt, H. M. Sawyer, Mrs. Dennis and an unknown man and wife are among those positively reported drowned to-night, but there are many others who were carried away into the Cimarron and will never be found.

Thieves and pillagers are looting the wreckage along the river, and entering many of the dismantled houses to-night. Guards are out everywhere, and if the guilty parties are caught there is likely to be a lynching. The receding water in the Cimarron has left an immense pile of wreckage at the railway bridge two miles north of here, and the watchers there are positive there are many bodies caught or buried there, declaring that several have been sighted. The body of a colored baby and a smooth faced white man have been recovered this evening, but not yet identified.

The first train north for two days left here this evening, but it will be two days longer before traffic through south of two miles of track have washed out near Seward, and much of it entirely disappeared. The loss of the railway company by the flood will be \$25,000.

Oklahoma City, O. T., April 29.—Owing to breaks in both the Choctaw and Santa Fe roads, this place has received no mail for the past sixty hours. Reports from both roads are that they will resume on Sunday. The Choctaw from the east is the only road running into the city.

KANSAS SOCIAL SCIENTISTS.

State Federation to Meet in Annual Convention at Hutchinson

Hutchinson, Kas., April 29.—(Special) The prospect is for an unusually large attendance at the annual meeting of the Kansas State Social Science Federation, which is to be held here May 4-7. There will be 100 accredited delegates from federated clubs and many visitors.

Among the principal addresses will be that of Mrs. M. J. Moore, president of the Kansas State Social Science Federation, by a vote of 20 to 1, on the ground of its irregularity and the strong feeling shown in the document.

Mrs. Willis Lord Moore, President of the Kansas State Social Science Federation.

as City; "The Novel as an Educator," Mrs. Selwyn Douglas, Oklahoma City; O. T.; "A Plea for Better Sanitation," Mrs. Clara Marley, Olathe; "Higher Education in Hygiene," Mrs. E. Lightly, Hutchinson; "The Influence of the Mother," Mrs. M. J. Moore, Hutchinson; "The Advantages of Kindergarten Training," Miss Ivy Latham, Paola; "Character Sketches Among the Poets," Mrs. W. W. Hill, Leavenworth; "Artists and Audiences," Miss Clara Lemon, Newton; "President Lincoln," Mrs. C. C. Farley, Hutchinson; "Hutchinson's Pride," Mrs. Mary T. Gray.

HERESY CHARGES IGNORED.

London Presbyterian Synod Refuses to Consider Charges Against Inn MacLaren.

London, April 29.—The Presbyterian synod in session at Sunderland to-day formally rejected the petition containing charges of heresy, presented against the Rev. John Watson, D. D. (Inn MacLaren), by a vote of 12 to 1, on the ground of its irregularity and the strong feeling shown in the document.

The petitioners explained that they desired to avoid a repetition of the church falling in once before, into Unitarianism, and added that they would be satisfied if Dr. Watson assured the synod that his doctrines were false. The synod, however, refused even to take Dr. Watson.

Enid, O. T., Land Contest Settled. South district involving 160 acres of the city of Enid was decided to-day in favor of the city. The property is valued at \$100,000. Lot jumpers had some hearing, as usual, but few lots, however, are unoccupied.

Is It True?

Yes; it is true that nothing so rapidly builds up the system as a pure stimulant, if taken regularly. Thousands have testified to this fact and have unhesitatingly declared that

Duffy's Pure Malt Whiskey

has given them strength and energy when all else has failed. Experiments have proved it to be the safest and purest of all medicinal stimulants and the best thing for giving stimulative nourishment to those who are weak and run down. Taken at meal time it sharpens the appetite, aids digestion and increases the power to assimilate food. It soothes excited nerves, restores lost vitality and gives a feeling of renewed strength to every part of the body.

Ask your grocer or druggist for Duffy's and refuse to take anything else.

ANOTHER RECESS TAKEN.

Kansas Boodle Investigation Waiting on a Decision by the Supreme Court.

Topeka, Kas., April 29.—(Special) The supreme court has decided that the application of Representative T. Clark Davis for his release from custody of the legislative investigating committee on a writ of habeas corpus, and notified Senator James F. Forrest to produce the prisoner in court next Tuesday morning. At that time argument will be made on the legality of the resolution appointing the committee, and a ruling will be secured defining the committee's power. The committee decided that it was not worth while to try to hold any inquiry until this question was settled, and an adjournment was taken until one week from Tuesday. The members of the committee and all the witnesses have gone home. Before leaving, Chairman Outcalt said to the witnesses for their mileage and per diem up to date. The governor gave the committee another \$300 out of his contingent fund to spend any more money out of his private fund.

A TROUBLESOME BOND DEAL.

School Fund Commissioners Ready to Back Out, but Can't Very Well Do It.

Topeka, Kas., April 29.—(Special) The action of Acting State Treasurer Williams in refusing to countersign the warrants to pay for the Graham county refunding bonds, has caused the commissioners to make a hasty investigation of the purchase of the bonds. Williams' action caused the commissioners to make a hasty investigation of the purchase of the bonds. Williams' action caused the commissioners to make a hasty investigation of the purchase of the bonds.

MR. WAGGENER AS A HISTORIAN

It is Said He Will Chronicle Many Legislative Events as Yet Not Made Public.

Atchison, Kas., April 29.—A report is current here to-day that Mr. Waggener had prepared a statement showing up the record of every Populist in the legislature. According to the report, he is to make the statement public as soon as the legislative investigating committee completes its work and adjourns. It will contain a brief history of the legislative lobby last winter, and the incidents of various Populist legislators who have confessed to honesty. It is said that, along with the statement, Mr. Waggener will also publish a list of names of representatives and senators inquiring into the "hook" in the state fund.

SCHOOL FUND LOSES \$44,500.

An Issue of Greeley County Bonds on Which Suit Was Brought Declared Invalid.

Topeka, Kas., April 29.—(Special) A decision handed down in the Greeley county district court yesterday, that the bonds issued to pay for the school fund are worthless. The commissioners of Greeley county issued bonds in the amount stated above in 1889 to take up some of the bonds to the light directed against it by State Insurance Commissioner McNall. Two companies, the Mechanics, of Milwaukee, and the Continental, of New York, have notified the commissioner that they had withdrawn and hereafter would not use the Clarkson ratebook. They said they would fix rates of their own. McNall believes this will cause all other life companies to drop out soon.

KANSAS INSURANCE TRUST.

Commissioner McNall's Recent Order Promises to Wipe It Out of Existence.

Topeka, Kas., April 29.—(Special) The Clarkson insurance "trust" shows signs of early dissolution to the light directed against it by State Insurance Commissioner McNall. Two companies, the Mechanics, of Milwaukee, and the Continental, of New York, have notified the commissioner that they had withdrawn and hereafter would not use the Clarkson ratebook. They said they would fix rates of their own. McNall believes this will cause all other life companies to drop out soon.

Banks Decrease Their Capital.

Topeka, Kas., April 29.—(Special) More than a dozen banks, mostly in Western Kansas, have notified the state banks in condition where it is possible to comply with the new banking law. The Citizens' State bank at Leavenworth Lodge gave notice to-day that it had decreased its capital from \$20,000 to \$20,000.

Memorial Day Order.

Topeka, Kas., April 29.—(Special) Department of the Interior has ordered that Kansas G. A. R. in an order issued to-day, fixes Saturday, May 29, as Memorial day. The order, however, suggests that work days have already arranged for memorial services on Monday, May 31, there be no changes.

Judge Hotkin for Congress.

Topeka, Kas., April 29.—(Special) Among the other Republicans whose names are being mentioned for the congressional nomination in the Seventh district is Judge Hotkin, of Rome. During the past week quite a movement has been started for the present commander of the G. A. R.

LOWER RIVER RISING.

TERRIBLE STRAIN ON THE LEVEES GROWS GREATER.

LEVEES MAY GO LIKE CHAFF.

WHEN FLOOD CONCENTRATES ITS FORCE SOUTH OF RED RIVER.

Water Forty Miles Wide Above Must Pass Through a Channel a Mile in Width Below—The River is Receding at Keokuk, Ia.

Keokuk, Miss., April 29.—The river is stationary here at 51.50 and the belief is growing that a decline is still far distant. In former flood years it had always taken a month for the water to subside within the banks, but much more must pass off before the ordinary conditions can be considered in force. The river must fall eight feet before any considerable area of land can be planted in this county and the same applies to very large portion of Sharkey, Issaquena, Sunflower and Yazoo. The situation below Baton Rouge is growing daily more threatening, but the most experienced men say it cannot become much worse. President Mitchell, of the Louisiana levee board, remarked to-night that he was glad to see the people in South Louisiana were preparing for two feet more water, and that they would probably get much more than that. The growing belief here is that when the present flood concentrates its force south of Red river, which it will not do for weeks hence, it will attain a volume that will sweep away the levees, and notified Senator James F. Forrest to produce the prisoner in court next Tuesday morning.

At that time argument will be made on the legality of the resolution appointing the committee, and a ruling will be secured defining the committee's power. The committee decided that it was not worth while to try to hold any inquiry until this question was settled, and an adjournment was taken until one week from Tuesday.

The members of the committee and all the witnesses have gone home. Before leaving, Chairman Outcalt said to the witnesses for their mileage and per diem up to date. The governor gave the committee another \$300 out of his contingent fund to spend any more money out of his private fund.

MUNYON'S

Improved Homeopathic Home Remedy Company put up a separate cure for each disease. At all druggists, mostly 25c. Cents. Get to Health.

ARRANGING FOR A BIG DIVVY

WORK APPORTIONING THE CITY'S REVENUES IS BEGUN.

Tenth Ward Citizens Before the Committee En Masse - Park Board Wants \$40,000—Controllor Lund's Figures.

The tug of war began yesterday afternoon when the joint finance committee of the two houses of the council met with Mayor Jones and Comptroller Lund, in the council chamber, to discuss the apportionment of the city's revenue for the ensuing fiscal year. The spending of the city's cash is something extremely important to great many people, and the interests which have to be consulted are so many and so varied that the committee will undoubtedly take two or three months to do an apportionment and then there will be some who are not at all suited.

The committee barely made a start on the work yesterday. While waiting for Alderman Sedon, the committee gave audience to a number of persons who wished to urge the importance of making provision for matters in which they were specially interested and these hearings consumed the better portion of the afternoon.

Delegation of Tenth Ward property owners, headed by ex-Councilman Kidwell and Professor White, were heard first. They presented a petition for the building of the public sewer south from the city limits to the city limits, and Vine street to Twenty-sixth street. The property owners told the committee that they were willing to pay their share of the cost of the sewer, but they never kicked on paying their fair share of taxes, they thought the burden of building the sewer should be on the city.

Helena, Ark., April 29.—A new danger menace the bottom country below Helena. At the Williamson crevasse the water is running through the break fifty feet deep, and the current has cut a channel through the river bank outside the levee to Long Lake inside. This makes a great channel 600 to 700 feet long. It means that no crop can be raised on the land between this gap is closed very soon, and the closing of it means the expenditure of a large sum of money at a time when the treasury is empty.

St. Louis, Mo., April 29.—The Mississippi river has risen half an inch an hour and within thirty-six hours will begin to spread over the bottom country between St. Louis and the mouth of the river. The official danger point is thirty feet.

St. Joseph, Mo., April 29.—The gauge today stands at 100 feet above the normal. The highest stage reached since 1888, when the levee broke. Since midnight the river has been stationary at 100 feet above the normal. The gauge today stands at 100 feet above the normal.

St. Joseph, Mo., April 29.—The gauge today stands at 100 feet above the normal. The highest stage reached since 1888, when the levee broke. Since midnight the river has been stationary at 100 feet above the normal.

St. Joseph, Mo., April 29.—The gauge today stands at 100 feet above the normal. The highest stage reached since 1888, when the levee broke. Since midnight the river has been stationary at 100 feet above the normal.

ELK CITY UNDER WATER.

Southeastern Kansas Town Flooded—Verdigris and Caney Rivers Out of Banks.

Independence, Kas., April 29.—(Special) Streams in this vicinity still continue to rise and threaten a vast amount of damage if they do not subside soon. The Verdigris river has risen to a point where it is still within fifteen feet of the large wagon bridge, and is sweeping on at a great rate. It is out of its banks in several places and is low hanging in others. The Missouri Pacific bridge, north of here, is in danger, and a gang of twenty men are working to fix it.

At Crane and Elk City the Santa Fe tracks are under water. The passenger train from Kansas City last night took the Longton cutoff at the depot at Elk City is four feet under water, and the greater part of the town is inundated. The water is still rising, and the streets are sheets of water.

Lower Pays His Lawyer.

El Dorado, Kas., April 29.—(Special) D. M. Lower, of Kansas City, who claims to own a large portion of this city, has given a check for \$10,000 to his lawyer, Herbert S. Hinder, of Kansas City, one of his lawyers. The money was given to him to defend some of the choice residence lots and some business property.

Prominent Lawrence Man Dead.

Lawrence, Kas., April 29.—(Special) W. R. Shoen, of this city, died suddenly at Austin, Tex., to-day. He had been down there some time past in the interest of a railway matter. Mr. Shoen was very well known in Kansas, and his work with various railroads had brought him into more than state prominence.

Music for Budd Park.

The park commissioners are figuring on giving the public music at Budd park this summer. They have arranged to have a series of musical evenings at the park, and they are now looking for a band to look into the matter and find out what the music would cost. The question of lighting the park by electricity was also discussed and something may be done with the proposition submitted by the Northeast Electric Co. to furnish the power if the city will put in the plant.

Call for Sixth Street Land Owners.

Councilman Wolf desires the property owners on Sixth street from Broadway to the river to meet him at the city clerk's office on Monday, May 1, at 10 o'clock, to discuss the matter of the proposed widening of the street and the city's interest in the property.

WARSHIPS SENT TO HONOLULU.

ACTION OF THE UNITED STATES IN THE MATTER RESENTED.

Presence of the Cruiser Philadelphia at Honolulu Thought to Fore-shadow Annexation—Grave Complications Said to Have Arisen.

San Francisco, April 29.—According to advices by steamer this morning, the Japanese government has refused the refusal of the Hawaiian government to permit Shinshu Maru immigrants to land there, and has ordered warships to Honolulu to enforce what the Japanese immigrants consider the right. The former office instructed Higo Kencho at Kobe on the 9th inst. to stop departure of immigrants for these islands at once.

Grave complications have arisen, according to Japanese official newspapers, over the action of the United States government in sending the Philadelphia to Honolulu. Japanese official organs claim that the cruiser has been sent as a menace to the Hawaiian government and that the action is significant in that it forebodes annexation of the islands to the United States.

Japanese official newspapers are full of war talk. The Chuwo states that a telegram has been received by the Japanese government to the effect that England had sent an intimation to the United States government that she objects to the intended annexation by the latter of the Hawaiian republic. The Seoul No. 10 says that a series of telegraphic communications is at present passing between the United States government and the Japanese government, and is of the opinion that they relate to the refusal of the Hawaiian government to permit Japanese emigrants to land.

The steamer Doric, which called at Honolulu April 29, brings advices that Hawaiians are making much of the presence of the Philadelphia. The advices say: "It is certain Admiral Beardslee has not come to Honolulu clothed with executive power to execute a special mission for his government. Had he come to annex the islands to the United States, he would have been met by the Hawaiian king, and he certainly would not have his deck awnings set, the painters to painting the ship, and with his officers, accept hospitalities from friends ashore. It is believed that the admiral is awaiting fresh orders by the next steamer from San Francisco before proceeding on his mission."

Hawaiians believe President McKinley is busy with the matter of the Philippines. It is generally believed the cruiser Philadelphia is sent to Honolulu to protect the Hawaiian Islands from the Japanese government. The Hawaiian government is of the opinion that the presence of the cruiser is a menace to the Hawaiian republic.

SLAIN BY ROBBERS.

Chicago Saloonkeeper Shot in His Saloon in the Presence of a Score of Men.

Chicago, April 29.—Emil Sohlerns, a saloonkeeper, was shot and instantly killed just before midnight last night by one of three men who entered the saloon for the purpose of robbery. Twenty men were in the place at the time drinking, but none of them were hurt. The saloonkeeper was shot in the back of the head, and he died without speaking a word. The police were notified within five minutes of the murder, but when they arrived all was confusion and the would-be robbers and murderer had made good their escape.

ED NEWCOMB CAPTURED.

Oklahoma Outlaw Wounded by Deputy Marshal Brown and Later Landed in Jail.

Newkirk, O. T., April 29.—Ed Newcomb, leader of a noted band of outlaws, has been caught and lodged in jail, and the band broken up. The story of his capture reads like a drama novel. He was captured by Deputy Marshal Brown and Ledbetter found the trail and took opposite sides of a stream. Brown ran onto Newcomb at a distance of about 100 yards, and the two men were both being cracked. The bank was well peeped from both sides. Finally Newcomb, whose tree was hacked nearly to the ground, was forced to surrender. The next morning the marshals met a physician who had been summoned to see Newcomb, whose capture had been followed.

PRISON FOR A BANK PRESIDENT

William F. Nicholls, of New Orleans, Convicted of the Embezzlement of \$20,000.

New Orleans, April 29.—William F. Nicholls, president of the defunct Bank of Commerce, was to-night convicted of the embezzlement of \$20,000. The money was used to purchase the Espozuzuz sugar plantation and was returned to the bank after the consent of the directors. After the bank failed, it was found that the president had overdrawn his account \$20,000. He turned over the plantation and all his property to the liquidators, explained the plantation transaction, and claimed he had bought the plantation to protect the bank. The grand jury took up the bank's failure and found several indictments, of which this was the first to be tried. It is believed, jointly indicted, will now be tried.

ARRESTED ON SUSPICION.

Drummer Who Has Become a Tramp Held for the Assault of Ida Caton.

Sedalia, Mo., April 29.—(Special) John Thornburg, of Nevada, Mo., formerly a traveling salesman for Yarnell Bros., of St. Louis, and now a tramp, was arrested to-day by the police on suspicion of being the man who assaulted 15-year-old Ida Caton Tuesday night. Thornburg arrived here Monday and on Tuesday received \$1 from Kansas City. He went on an spree with the money, and cannot give an account of his movements on Tuesday night. The prisoner was taken before Miss Caton, said to be something like the man who assaulted her, but who could not identify him positively. He is held for further investigation.

For Stealing Cattle.

Ottawa, Kas., April 29.—(Special) Webster Herne, colored, was arrested here to-day for stealing four head of cattle, which he drove into the city this afternoon and offered for sale. Herne is the fellow who was arrested last fall for forging H. H. Staley's name to a check, but was released for lack of evidence. It is also said that Herne has been in the penitentiary on different occasions.

Negro Murderer Arrested.

Johnlin, Mo., April 29.—(Special) A telegram received to-night from the chief of police announced the capture of George Greenlee, the negro desperado who shot his white mistress, Rosa Spencer, in East, Johnlin last week, and escaped from the police. Greenlee is a desperate criminal and has a very bad record. Chief Morgan left for Springfield to-night to bring him back for trial.

Did Murder in Protecting a Woman.

Chicago, April 29.—Harry Randall, a watchman, shot and fatally wounded Harry D. Butler, an unemployed sailor, at the home of the latter's wife on Twenty-fifth street to-day. Butler, who has not lived with his wife for three years, called on her to effect a reconciliation. A quarrel
