REFEREE DENOUNCED

HARRY WELDON'S COMMENT ON THE GARDNER-DIXON FIGHT.

Declares the Decision to Be Very Raw -New York Papers Condemn Roche's Verdict-It Should Have Been a Draw.

Harry Weldon, writing from New York to the Cincinnati Enquirer, says: "If Oscar Gardner and George Dixon ever meet in the prize ring again the bulk of the money will be bet on the Western boy. His fight with the colored champion leaves no other alternative for judges of the pugilistic game. That the decision of Referee Roche was not a just one there is no room for doubt. He claims he gave his decision because Dixon did the most leading. Nine out of every ten of the champion's leads were blocked by Gardner with such ease that he had Dixon guessing all through the twenty-five rounds. Blows that have been used effectively by Dixon in former fights were stopped by Gardner almost invariably, and the Kid countered on the champion with telling effect. Gardner's plan of bat tie was scientific in itself. All through the contest Oscar kept Dixon in the latter's corner, and the colored boy was either forced to lead or turn tail and run. Up to the last minute of the bout the Kid penned Dixon to his corner.

"Gardner used his right hand but little after the eighth round. He injured it by coming in contact with Dixon's cranium.

Dixon Badly Punished. "In the matter of punishment there was great superiority, Gardner had not received one effective blow. Not a discoloration or swelling was there on his face or body. On the other hand, Dixon was severely punished. His left eye was badly swollen, as was also his right optic. The left side of his body around the heart was the color of a red brick. The betting on the contest was very lively. Before Paddy Sullivan, Gardner's manager, and his friends appeared at the ringside the odds were ly to on Dixon. But when the Sullivan money made its appearance the colored boy went down in the betting. Paddy Sullivan went from box to box and took all bets offered. He took all money in sight up to the eighth round, when there was no more to be had. Sullivan had finally made Gardner an even-money chance, and the decision by Roche must have cost the clever East side politician several thousand dollars.

"When the fighters made their appearance at the clubhouse yesterday afternoon to weigh in Gardner found himself one pound over weight. He was compelled to jump the rope for half an hour in order to come to the 122 pound limit. Both inghers are out with cards to-day. Here they are:

Gardner Wants Another Chance.

Gardner Wants Another Chance. "The decision in my contest last night with George Dixon did not please me at "The decision in my contest last night with George Dixon did not please me at all. I think I was at least entitled to a draw. I fought Dixon throughout the bout, and for fifteen rounds kept him in his own corner. If that doesn't count when the man is fighting on points, I don't know what does. I am sure I gave Dixon as good a fight as he ever had, and was by no means outpointed.

"Dixon's performance did not surprise me in the least. He is a great fighter. I know, but he appeared the same as the everyday fighter, and when I entered the ring I felt just as confident to win as I would with a third rater.

"I still think I can beat Dixon, and want another chance to prove it. Dixon lended on me often, it is true, but not once in the twenty-five rounds did I feel a loser. It would have suited me better had the fight continued a few more rounds.

"My showing last night, I am positive, will entitle me to another match with the colored champion. I will meet him under the same conditions. If he refuses to come to terms for another meeting with me I will fight Dave Sullivan.

"OSCAR GARDNER."

Dixon Naturally Pleased.

When I went into the ring last night I did so confident that I would carry off the honors, and, as usual, succeed in get-ting the decision. The stories that Gard-ner was a wonderful puncher and likely to knock me out did not bother me for a moment. I suppose Gardner, like many of my opponents in the past, thought it was a cinch and that he was up against a "has been."

of my opponents in the past, thought it was a cinch and that he was up against a "has been."

"It has never been my desire to criticise my opponents, and consequently I have refrained from commenting upon the merits of men I have fought. I never wish to say anything that will hurt their feelings, but in last night's contest I will make an exception to this rule and will say that Gardner put up a great fight. But, of course, by saying this I do not mean he is the best man I ever met in the ring.

mean he is the best man I ever met in the ring.

"He is a good, strong, winning fellow, but that lets him out. He is a natural ducker, but that made little difference in our fight last night. I was winning from the start, and it was only a question of rounds when I would have been declared the winner. I have trained now for seven weeks for two fights, and I think I will take a rest before I engage in another contest.

GEORGE DINON."

The account of the putilistic writers concerning the fight and its termination are sadly at variance.

"HONEST JOHN" STILL UNPAID.

Referee Kelly Has Not Yet Collected His Pay for Officiating at Corbett-Sharkey Fight.

NEW YORK, Dec. 2.-Honest John Kelly, who refereed the contest between Tom Sharkey and Jim Corbett at the Lenox Athletic Club, must have money to burn, for he has not as yet called upon the officials of that club to collect \$500 which he was to receive for officiating as referee of the contest.

was to receive for officiating as referee of the contest.

When Kelly was first selected by the man-agers of the fighters and the club officials to referee the contest, he did not mention the price he expected to receive. It was said he would give his services for the honor attached to the position. Four days before the fight was decided, it is alleged that Kelly notified the fighters, managers and the club officials that he thought the work was worth \$500. As the club officials did not care about making a change of ref-eree at that late time they agreed to give Kelly the amount he asked. This is the first time a referee stayed away so long Kelly the amount he asked. This is the first time a referee stayed away so long without getting what money was due him. If Mr. Kelly doesn't collect his money very soon the officials of the Lenox Club might do good in turning the \$500 over to the Christmas poor of the city.

Ryan-West Match a Fake.

PHILADELPHIA, Dec. 2.—The six-round bout between Tommy Ryan and Tommy West at the Arena to-night was the baldest kind of a fake. From start to finish both men put up the tamest kind of an argument, resorting to clinches when there was any danger of a stiff blow. The audience signified its opinion of the so-called contest by whistling the "Dead March" and shouting to the referee to take the men off.

JOHN KLING WINS OUT.

Plays the Steadler Game at the Finish, but Mack Protests the Match.

The 1,000 ball continuous pool match be-tween John Kling and Ed Mack, the "Cincinnati Kid," was completed at 1 o'clock this morning, Kling winning the prettiest contest ever given in Kansas City. The last night's score was 198 to 188, Kling win-ning the match with a margin of 1,000 to 95.

Mack protested the match and the money will not be paid to Kling until a further examination of the rules of the game can be made and additional testimony secured. In the eighth frame Kling claimed foul and Umpire Huggard allowed it, stating that Mack, when about to make a shot, raised booth feet from the floor. Mack claimed that he had not called his play, but forfeited the shot, protesting the decision.

cision.

The game abounded in sensational plays. Especially during the latter part great work was done by both men in breaks and Mack especially did clever work, making difficult combinations. Kling played the steadler game, on the whole, however, and Mack's spurt at the finish was unable to overcome his lead. The scores:

KANSAS CITY MEDICAL COLLEGE SUBJECTS ARE MUTILATED. Duplicate Numbers of Widely Read Books Will Be Rented Out

Gruesome Discovery Was Made by College Officials Yesterday Morning-Culprits Believed to Be Overzealous Students.

Some person or persons unknown to the officers and employes of the Kansas City Medical college entered the dissecting room of that institution, at Seventh and Washington streets, Thursday night, and severed the heads from six subjects that had recently come into possession of the college through the Anatomical Society.

The dispoliation of the bodies was dis-The dispoliation of the bodies was discovered by the officers of the college yesterday morning and it has been kept as quiet as possible in the hope that the guilty persons might be apprehended. The six subjects from which the heads were severed were not mutilated in any other way. The heads were neatly severed with a surgeon's knife and were carried away by persons who are evidently familiar with the surroundings.

The dissecting room in the Kansas City Medical college is on the fourth floor of the building, and consequently the officers and employes of the institution are inclined to believe that the subjects were mutilated by students in attendance at the school. If such shastly trophies as human heads were carried away by students, the only object they could have in view would be to secure a skull for study and examination during leisure hours.

The police are at work on the case and arrests may follow. Dr. Franklin E. Murphy, secretary of the college, was seen by a reporter for The Journa! last night, and he declined to say anything whatever about the matter other than that six subjects may heen mutilated by unknown persons. Dr. Murphy declined to say whether the guilty persons would be prosecuted in the event they are apprehended. Another member of the faculty said that the subjects were mutilated by students without doubt. No other persons would have any use for the skulls, and no other persons would have heen able to gain entrance to the dissecting room. covered by the officers of the college yes-

Fifteen vagrants and suspicious characters who were run in by the police Thursday night were given sentences in the workhouse varying from thirty days to three months. Thirty-two arrests were recorded at police headquarters Thursday night and nearly as many more last night. All men and women found in the tough quarters of town who cannot give a good account of themselves are being arrested and held for investigation. In this way the police hope to rid the town of sneak thieves and footpads.

NON-PAYMENT OF SWITCH CHARGES WILL CAUSE TROUBLE.

Recent Agreement of Trans-Missour Lines Will Be Met With Aggressive Mensures by the Industries Affected.

As stated in The Journal the other day, he lines centering at Kansas City have agreed not to pay switching charges on business from trans-Missouri territory to industries off their lines except where it is necessary to equalize the delivery here. To all industries located on the Suburban Belt, a switching charge will be made except where it is necessary to meet the competition of the lines using the Suburban Belt lines as terminals.

Heretofore, all switching has been ab-

sorbed by the railroads, but, under the new arrangement, the burden will have to be borne by the industry not fortunately located. These switching charges have been taken care of by the railroads for so long a time that the business men of the city have come to look upon their absorp-tion as almost a law. A great many com-plaints have been made against this step taken by the trans-Missouri lines, and a warm fight will be made against the enforcement of the agreement. Some have claimed that this change comes within the jurisdiction of the interstate commerce commission, and that notice should have been given of a change in the through rate. The rates named in the tariffs of the railroads generally apply only between the depots of the line, and if the road desires to absorb any switching or terminal charges that may exist at the end of the line, that is a matter for the road to take care of, being a purely local proposition over which the commission does not have jurisdiction.

Just what action will be taken by the merchants has not yet developed, but the affair will probably end by the lines agreeing to take care of the switching as in the past. warm fight will be made against the en-

BROKERS TAKE UP THE FIGHT. Suits Are Filed Against the Officers of

the Merchants' Association ST. LOUIS, Dec. 2.-Suits were filed in the circuit court to-day by Ticket Brokers

Fred Manget Simon Steiner and Max Schu back, against John A. Lee, A. M. Compton and Lafayette McWilliams, of the Mer-chants' Association, for libel. Each of the defendants asks damages in the sum of This is the beginning of a united war by This is the beginning of a united war by ticket brokers against what they term the liegal methods of railroads and others to drive them out of business.

The men named as defendants are members of the Central Anti-Ticket Scalping committee of the St. Louis Merchants Association. Ex-Judge Chester H. Krum is the attorney for the plaintiffs.

Railroad Notes.

C. H. Dent, who has been the local freight agent for the Katy in this city, has been promoted to be local freight agent at St. Louis to succeed J. P. Liston. The successor of Mr. Dent has not yet been appointed.

General Manager Robinson, of the Grand Island, brought a party of friends lown from St. Joe by special train Thursday night. The party attended the performance given at the Coates by Stuart Robson and returned to St. Joe after the performance.

The Pittsburg & Gulf is getting in better shape to handle traffic. Of the cars purchased from C. D. Havens, 220 have been delivered, twenty coal cars have been received from the Pullman shops, making a total of 185 coal cars received within the last ten days.

The friends of George S. McKee, who has been master mechanic of the Wabash at Moberly, Mo., will be pleased to know of his promotion to Fort Wayne, Ind., as master mechanic of the Eastern division. His jurisdiction and supervision has been extended to include the Buffalo division of the Wabash.

The death of Henry C. Parker removes

the Wabash.

The death of Henry C. Parker removes perhaps the oldest rallroad freight man in Kansas City. He has been identified with the railroad service for over twenty years and was general agent of the Merchants' Despatch Transportation Company at the time of his death. Oriental commandery, No. 35, of the Knights Templar, had charge of the funeral and the remains were taken to Kewaunee, Ill., for interment.

Rain or Snow and Colder.

There is no telling just what is coming in the weather line. It seems to be impos-sible to get a definite prediction from the prophet, who, like the Delphic oracie, the Delphic oracie, makes his prophecies in a way that will let him out casy no matter what happens, Yesterday was the tale of the last few days, just a trille warmer, and to-day well, that's an-

warmer, and to-day
well, that's another story. The
prediction says that
it will be cloudy
and colder, and "probably" light snow or
rain, Colonel Connor is not sure which, The highest temperature yesterday was 50 and the lowest 36 degrees. The hourly readings of the temperature vesterday were as follows:

Prentis Commends the Museum. The museum at the public library re-ceived yesterday the following letter and autograph: "November 20, 1828.—This mu-seum, for its age, its opportunities and its scope, is the most satisfactory I have ever seen. NOBLE L. PRENTIS."

School Notes. Mr. A. W. Bennett, of the Henry Hoit Publishing Company, of New York, visited the Central high school yesterday.

hood is "CALTHOS," the marvelous French remists discovered by Prof. Jules Laborde. It is controlled in this country by the Von Mohl Co., of Cincinnati, Ohio, a concern which occupies a high and honorable place in the world of medicine. It is one of the most poinsible houses in Cincinnati, as anyone who is acquainted in that city will testify. The Von Mohl Co., invites all men suffering from Lost Manhood,

The Von Mohl Co., invites all men suffering from Lost Manhord, Spermatorthoea, Variaccele or Weakness of any nature in the Nerves or Sexual Organs, to send their names and receive a five days' treatment. This will prove the wonderful vitalizing powers of "CALTHOS." After using it five days the sufferers will find new vigor in their organs, new force in their muscles, new blood in their veins, new ambition, and rapid progress toward the buoyant feelings and sensations of younger days.

This liberal free offer is genuine. There is no swindling C. O. D. or deposit scheme connected with it. The five days' treatment is sent by scaled mail to all on request, wrapped in a plain package, and pranted instructions accompany the medicine, so that each patient becomes his own doctor and cures himself at home.

It doesn't make any difference what caused the weakness—whether had habits in youth, or excess, or overwork, or business troubles. "CALTHOS" will effect a cure, no matter what big name the disease may be called by doctors.

The Ven Mohl Co. treats all currespondence in perfect confidence. Under no conditions will it make public the names of the thousands who have written testimonials telling of their restoration to robust manhood after other medicines proved worthless, "CALTHOS" is regularly used in the French and German armies—and the soldiers in these countries have come to be perfect models of strength and vitality. Sures are affected at all ages from 20 to 50 years. There is no case (accept where the stage of epilepsy or insaming has been reached which it will not radically, quickly and permanently cure. Service and accept where the stage of epilepsy or insaming has been reached which it will not radically, quickly and permanently cure. Service and perfect the five days that treatment. If it helps you, more of the medicine can be purchased. If it does not help, no harm is done and no money paid out. You can send your name with the full knowledge that it will be kept from all.
