Mrs. J. H. Hall Entertains.

Mrs. J. H. Hall entertained a number of her lady friends Saturday afternoon at her pleasant home in College Place. The house was prettily decorated with palms and cut flowers and presented an inviting appearance.

The amusement feature of the afternoon was a picture guessing contest. The pictures were cut from advertisements of various articles without the names of the things advertised, and the test was to guess what the pictures were used to advertise.

Misses Bettie Mountjoy, Mary Blackwell and Stella Ryland guessed the same number of pictures and on drawing it was won by Miss Bettie Mountjoy. The prize was a pretty piece of statuary on a pedestal. Miss Mary Blackwell served delicious strawberry punch in the hall to the guests when they arrived.

Ice cream, orange ice and a variety of cakes were served to the guests. Mrs. Hall entertained her guests in the most pleasing manner and all enjoyed the afternoon with her very much.

Misses Chew and Hays.

Misses Leah Chew and Katie Hays entertained a number of their young friends Monday night at Mrs. Chew's home on south street. There were fifteen or twenty couples of our young society circle present.

The amusement of the evening was a wax modeling contest. Each guest was given a supply of gum to chew and work into some animal form. Miss May Sharp won the prize, a pretty picture, by making a model of a cow which was decided to be the best of the models.

Ice cream, lemon ice and a variety of cakes were served to the guests. After the contests and the refreshments the guests amused themselves in social converes about the rooms and on the pretty lawn.

Misses Chew and Hays were most pleasant hostesses and their guests all pronounced the evening a most delightful one.

Teachers, Attention!

In order that the teachers of Lafayette county may be better prepared for the regular examination to be given at Lexington June 21 and 22, I send you this for publication.

In these examinations the following order will be observed, with maximum time allowed set opposite.

June 21st, a. m., Arithmetic, 60 minutes; Language Lessons, 40 minutes; Grammar, 60 minutes; Geography, 40 minutes; Spelling 40 minutes.

June 21st, p. m., Reading, 40 minutes; U. S. History, 50 minutes; Civil Government, 40 minutes; Physiology, 40 minutes; Pedagogy, 60 minutes.

June 22nd, a. m., Algebra, 120 minutes; Literature, 120 minutes.

June 22nd, p. m., History, (one branch), 120 minutes; Science, (one branch) 120 minutes.

Examinations will begin promptly at 8 a. m. and close at 12 m., and open at 2 p. m. and close at 6 p. m.

This will take the two days required by law, and will complete the examinations for third grade in one day, thus leaving the higher branches for the second day.

There will be five questions for each 40 minute subject; eight for each 60 minute subject, and ten, for each of the higher branches. Teachers who know the subjects will not need all the allotted time.

Many teachers have written me in regard to certificates issued under the old law. In response to these inquiries I wish to state that all certificates are good until they expire by limitation.

JOS. KUEHLS,
County Commissioner of schools.
