RINGLING BROS. CIRCUS

Will Be in Lexington Thursday, September 18, But The Fredendall & Wilson Store is here all the time.

Whenever you come in town make our store your headquarters and have your friends meet you here. We have plenty of room for all.

If you are coming in to the circus why not combine a little business with pleasure and do some fall shopping before going to the show.

Our fall stock is about all in and every department in the store is crowded with new and desirable merchandise and as to prices everyone knows that the Racket Store sets the pace in low prices.

Come in and take a look through the building, visit the Basement and see the house furnishing articles and notice the blankets and comforts while down there.

The Millinery Department on the balcony will be ready to furnish you with your new fall hat and in the cloak room you will find all kinds of new wraps as well as dress skirts and wrappers.

The shoe men have a better selected stock than ever this fall and will take pleasure in showing you the new styles. On the Dry Goods side you will see the shelves loaded with the best values to be found anywhere in all kinds of dry goods, from a new silk dress pattern to jeans for a pair of trousers.

The Underwear and Notion Department in the center of the store needs no introduction, you can't miss it, and a glance through the stock will show you something you want.

Now just a word to the men folks. You will need some new underwear or gloves this fall or perhaps a new pair of trousers. We want to see you in the Men's Furnishing Department. Take time to look through and see what we carry in that line. From in front of our store is the best place to view the parade. The side walk is wide and there is lots of room.

The evening fall festivities in Kansas City, September 29 to October 11, will in scope and variety of entertainment outclass anything this city has heretofore attempted. It will be an exposition of industrial advancement as related to Kansas City and the southwest, and a feast of high class entertainment which all will appreciate.

The railroad, in recognition of the extent and merit of this enterprise, has reduced rates at all points in this territory, and Kansas City expects to entertain the whole southwest in royal Kansas City fashion.

CIRCUS DAY COMING.

Long-Heralded Engagement of Ringling Bros.' Big Show at Hand.

The universal comment these days is, that "nothing really happens till the circus comes to town." As a matter of fact the near approach of circus day next Thursday, September 18 has aroused extraordinary local interest, and indications point to a record-breaking engagement for Ringling Bros.' popular big show.

There are thousands of people who attend the performances of this show who never go to any other circus. This year the interest is greater than ever. This is readily explained. Great as the show has been in former years, this season's display is grander and more comprehensive than ever before, there are more horses, more clever people, more massive and gorgeous displays and more unique features than ever before.

Circus day will be inaugurated with a magnificent free street parade. Nothing like this brilliant display has ever been seen in this city. The parade is two miles in length, and is a revelation of professional wealth and splendor. This stupendous display engages the services of over a thousand men, women and children and fully five hundred thoroughbred horses.

There are over a hundred magnificently carved and gold illuminated cages, dens and tableau floats. The procession will leave the show grounds at 10 o'clock, and the route will be the usual one over the principal downtown streets. There will be two complete performances. The initial one will take place at 2 o'clock and the final one at 8 p. m. The doors, however, will be open one hour prior to the beginning of the exhibition, and the menagerie will be open for inspection both before and after the show.

There are three rings, double stages, great aerial spaces and a quarter-mile hippodrome track, and these are utilized by over 300 performers, in a series of absolutely unequalled acrobatic acts. In addition to the acrobatic, gymnastic and starting mid-air numbers, there is presented, for the first time, O'Brien's marvellously beautiful equine ballet military, a great company of 30-jumping stowms, an entire circus of trained wild animals, including bears, seals, sea-lions, dogs, ponies and elephants, a magnificent zoological display, including the last of the gladiators, and the most thrilling and exhilarating hippodrome races since the days of ancient Rome. Reserved numbered seats and admissions show day at Cronshaw & Young's drug store at exactly the same price as charged at regular ticket wagon on show grounds.
