The coming attraction at the New Grand on Tuesday, November 10, will be Zeb & Zarrows' big scenic sensation, the "Midnight Express." The play deals with a keen story of love, sensation and adventure, and it is said that the audience is kept in a hair-raising state of excitement from the rise to the fall of the curtain. A train of cars crossing the stage at lightning speed is one of the marvelous scenes introduced in the play.

"The Midnight Express" will appear at the New Grand opera house next Tuesday, November 10. The play is said to be the most wonderful of all scenic productions on tour this season. A wonderful railroad scene in which a train of cars, with engine and tender, crosses the stage at lightning speed, a fight for life or death on a high cliff with a leap for life in a boiling sea are some of the marvelous scenes introduced in the play.

Colonial, 332 Dearborn St., Chicago.

It is estimated that the people of the United States carry in their pockets all the time \$400,000,000 of money. The French people hoard money in old stockings, but Americans use their pockets. Money in a man's pockets is hoarded as effectually as it would be buried in the ground, and the United States is the greatest cash using nation, and that accounts for a smaller per capita than that of Great Britain France has a larger per capita circulation and the French habit of hoarding money accounts for that.

Died at her home near Dover, Tuesday Nov. 3rd after an illness of several weeks, Edna only daughter of Mr. and Mrs. Jones Hockensmith, aged about 16 years. Funeral services were conducted at the Baptist church on Wednesday afternoon by Rev. Milford Riggs of Lexington. Edna was a good Christian girl, had been a devoted member of the Baptist church for a number of years. She was a kind loving daughter and sister and oh! how she will be missed in her home. But what a great consolation to mother, father and brothers to know she had so early learned to love and serve her Savior, and ready at his bidding. The family have the sympathy of the entire community in their sad bereavement.

Unofficial estimates put the annual cut of lumber and shingles of the three Pacific states at 3,900,000,000 feet of which California supplies 800,000,000 feet, Oregon 740,000,000 feet and Washington 2,300,000,000 feet. At this rate it is calculated that the forests of the Pacific coast will be exhausted in forty years. Shipments by water alone at Seattle were 564,472,801 feet of lumber in 1902, and 508,964,759 feet in 1901. In 1902 rail shipment to the interior amounted to 562,175,000 feet and in 1901 to 364,530,000 feet. Portland, Oregon shows a traffic toward the interior by rail ranking next to Seattle in importance, in the calendar year 1900, 11,986 cars of lumber were shipped from that port, 13,417 in 1901 and 15,876 cars in 1902.

A STRONG, VIGOROUS MAN

Is Liable to Break Down—Pe-ru-na is Sure to Restore.

Hon. Frank Dunn, Alderman Twenty-Fourth District, writes from 232 East Fifty-Eighth Street, New York City: The Peruna Medicine Co., Columbus, O.:

Gentlemen: "There is no remedy for a broken-down system that I know of which will so effectually restore health as Peruna."

"Whenever I am overworked or suffer from the consequences of a cold a few doses of Peruna builds me up again more quickly than anything I ever tried. I find it especially valuable for catarrh. Three bottles cured me three years ago of catarrh of the stomach and I have never had the least symptoms of it since."

Very truly, FRANK DUNN, Alderman 24th Dist., N. Y. City.

A TONIC is a medicine that gives tone to some part of the system. There are different kinds of tonics, but the tonic most needed in this country, where catarrh is so prevalent, is a tonic that operates on the mucous membranes.

Peruna is a tonic to the mucous membranes of the whole body. It gives tone to the capillary circulation which constitutes these delicate membranes. Peruna is a specific in its operation upon the mucous membrane. It is a tonic that strikes at the root of all catarrhal affections. It gives tone to the minute blood vessels and the terminal nerve fibres. Catarrh cannot exist long where Peruna is used intelligently. Peruna seeks out catarrh in all the hidden parts of the body.

Paul Landrum writing from Atlanta, Ga., says:

"In January last I began the use of your Peruna and Manalin for what was termed organic heart trouble. At that time I could scarcely walk to my place of business without stopping to rest and on arrival felt completely exhausted. Had severe pains in my heart and general dizziness. After using the first bottle of Peruna I began to improve and today I feel that I am a sound man and I work fourteen hours a day without any bad feeling."

A. M. Ikard, an employee of the C. B. & Q. R. R., West Burlington, Ia., writes:

"I had catarrh of the stomach and small intestines for a number of years. I went to a number of doctors and got no relief. Finally one of my doctors sent me to Chicago and I met the same fate. They said they could do nothing for me, that I had cancer of the stomach and there was no cure. I almost thought the same, for my breath was something awful. I could hardly stand it, it was so offensive. I could not eat anything without great misery, and I gradually grew worse.

"Finally I got one of your books, and concluded I would try Peruna, and thank God, I found a relief and a cure for that dreadful disease. I took five bottles of Peruna and two of Manalin, and I now feel like a new man. There is nothing better than Peruna, and I keep a bottle in my house all the time."

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

A Daisy Air Rifle For the Boy

The lad who desires some fun can get an air rifle from the Kansas City Journal as a present. The name of the gun is "The Daisy," and it is well named. The gun is thirty inches in length from the end of the barrel to the end of the stock. Here is the gun that the boy can have fun with. This air rifle is the finest on the market, as it is modeled after the latest target rifle. It has a genuine valuable stock, and is provided with improved sights, a feature everyone will appreciate. The barrel and all working points are made of steel, and the metal parts finely nickel-plated. It is simple in construction and shoots the strongest. All parts are inter-changeable; shoots B. B. shot by compressed air, with sufficient force to kill sparrows, rats, etc., at a considerable distance. The rifle is safe in the hands of a child. It weighs over two pounds.

Our proposition: Any boy who will get ten new subscriptions for The Kansas City Weekly Journal at 25c each, making a total of \$2.50, and will send us a list of the names together with the money, we will ship to his address, express charges prepaid, this handsome air rifle. Send money by post-office order or draft and advise us of the name of your express office. Boys here is a chance to get the fun of your life. Rustle a little and get this gun as our proposition only holds good until June 1, 1903. Address all communication to The Kansas City Journal, Kansas City, Mo. Send for sample copies of the Weekly for canvassing.

WHY IS IT

That we shoe more horses than all the shops in town combined? Because we are the only expert horse shoers in the city.

WHY IS IT

We had to build an addition to our shop and engage another expert horse shoer? Because the increase in our business made it necessary to have larger quarters and more help. REMEMBER we also do general blacksmithing and wood work of all kinds. All work guaranteed or money refunded.
