

Does Your Heart Beat

Yes, 100,000 times each day. Does it send out good blood or bad blood? You know, for good blood is good health; bad blood, bad health. And you know precisely what to take for bad blood—Ayer's Sarsaparilla. Doctors have endorsed it for 60 years.

One frequent cause of bad blood is a sluggish liver. This produces constipation. Purgative substances are then absorbed into the blood, instead of being removed from the body daily as nature intended. Keep the bowels open with Ayer's Pills, liver pills. All vegetables.

Dr. Steel's lecture at Murrell Hall Monday evening was enjoyed by a large audience. The lecture consisted for the most part of the speaker's personal recollections—the recollections of a young boy. It was full of amusing incident and pictures of plantation life during the war.

The story of the war between the states has been copiously written from the viewpoint of both Northern and Southern men. The story of Reconstruction days in the South has been neglected except by a few distinguished carpetbaggers like Albion W. Tourgee, until Dixon wrote *The Leopard Spots* and *The Clansman*. No other period of American history is so little known to boys and men of middle age. And no drama of recent years has been as educative as *The Clansman*. At the opera house in this city May 14. Seats now on sale.

A FATAL MISTAKE

It's a fatal mistake to neglect backache.

Backache is the first symptom of kidney ills.

Serious complications follow.

Doan's Kidney Pills cure them promptly.

Read what a Kansas citizen says:

Mrs. A. C. Orris, 414 Laramie street, Manhattan, Kan., says:

"When I first noticed pain in my back about four years ago, it was slight and the attacks came and disappeared at longer intervals than later. By and by, after a long walk or after standing in one position for any length of time, my back ached, often so severely that I could scarcely arise from a chair. The slightest cold contracted always settled in the loins, and then I suffered excruciatingly. Advertisements about Doan's Kidney Pills led me to go to R. S. Willard & Co.'s drug store for a box. The treatment cured me up to date there has not been a symptom of a recurrence."

For sale by all dealers. Price, 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agent for the United States.

Remember the name—Doan's—and take no other.

WELCOME WORDS TO WOMEN.

Women who suffer with disorders peculiar to their sex should write to Dr. Pierce and receive free the advice of a physician of over forty years' experience—a skilled and successful specialist in the diseases of women. Every letter has the most careful consideration and is regarded as strictly confidential. Many sensitively modest women write fully to Dr. Pierce what they would shrink from telling to their local physician. The local physician is pretty sure to say that he cannot do anything without "an examination." Dr. Pierce holds that these distasteful examinations are generally needless, and that no woman, except in rare cases, should submit to them.

Dr. Pierce's treatment cures in the privacy of your home. His "Favorite Prescription" has cured hundreds of thousands of bad cases. It is the only medicine of its kind that is the product of a regularly graduated physician. Some unscrupulous medicine dealers may offer you a substitute. Don't take it. Don't trifle with your health.

Write to Dr. R. V. Pierce, Buffalo, N. Y.—take his advice and be well.

Mrs. R. D. Monfort, of Lebanon, Warren Co., O., writes: "I have received the 'Medical Adviser.' A crisp, new five dollar bill could not tempt me to part with it."

On receipt of 21 one-cent stamps, to pay cost of mailing only, we will send to any address a paper-bound copy of Dr. Pierce's great 1000-page book, "The Common Sense Medical Adviser." Or, for 31 stamps the same in cloth binding. Address Dr. R. V. Pierce, Buffalo, N. Y.

The Original LITTLE LIVER PILLS, first put up by old Dr. R. V. Pierce over 40 years ago. Much imitated, but never equalled. Little pill, little dose, but give great results in a curative way in all derangements of Stomach, Liver and Bowels.
