We did not get a chance to tell them, "I told you so."

As your paper goes to press on Friday we cannot give you all concerning the jollities of the merry makers—some one present will furnish you with a full write up. Halloween is a name properly given to the eve of the festival of all Hallows or All Saints which occurs on November 1st. October 31st is usually devoted to games and charms with the young people. Robt. Burns' poem on Halloween in which he talks of the fairy dancing, should be read by everyone who wishes to get an idea of the old fashioned way in which Halloween was observed.
