When you think of indigestion think of Kodol, for it is without doubt the only preparation that completely digests all classes of food. And that is what you need when you have indigestion or stomach trouble—something that will act promptly but thoroughly; something that will get right at the trouble and do the very work itself for the stomach by digesting the food that you eat and that is Kodol. It is pleasant to take. It is sold by Crenshaw & Young.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address:

Petition Circulated Asking Government to Establish Service.

George Taylor went out Saturday with a petition to the government asking for the establishment of free mail delivery in the city. The skies cleared immediately and it now seems that everybody wanted free delivery and all the movement needed was a starter. Not a knock so far has been registered.

The petition is one that the Post-office department can not ignore. It sets forth the progressiveness and improvements of Lexington, states that the sidewalks are good, that the streets are well lighted and named, that the houses are being numbered and the Post office doing much more than the required amount of business specified for free mail delivery in the Department rules.

Free delivery is sure to come. This will merely mark another step in advance for Lexington and help it maintain its position as one of the best cities of its size in the country.

A great many people imagine they have heart failure when the fact is that the whole trouble lies in the stomach. The pains in the side around the region of the heart are not necessarily heart trouble. We suggest that you start with the stomach and whenever you feel a depression after eating or whenever your food seems to nauseate take Kodol. It will not be very long until all these "heart pains" will disappear. Take Kodol now and until you know you are right again. There isn't any doubt about what it will do and you will find the truth of this statement verified after you have used Kodol for a few weeks. It is sold here by Crenshaw & Young.
