

Eat What

You want of the food you need
Kodol will digest it.

You need a sufficient amount of good wholesome food and more than this you need to fully digest it.

Else you can't gain strength, nor can you strengthen your stomach if it is weak.

You must eat in order to live and maintain strength.

You must not diet, because the body requires that you eat a sufficient amount of food regularly.

But this food must be digested, and it must be digested thoroughly.

When the stomach can't do it, you must take something that will help the stomach.

The proper way to do is to eat what you want, and let Kodol digest the food.

Nothing else can do this. When the stomach is weak it needs help; you must help it by giving it rest, and Kodol will do that.

Our Guarantee

Go to your druggist today, and purchase a dollar bottle, and if you can honestly say, that you did not receive any benefits from it, after using the entire bottle, the druggist will refund your money to you without question or delay.

We will pay the druggist the price of the bottle purchased by you.

This offer applies to the large bottle only and to but one in a family.

We could not afford to make such an offer, unless we positively knew what Kodol will do for you.

It would bankrupt us. The dollar bottle contains 2 1/2 times as much as the fifty cent bottle.

Kodol is made at the laboratories of E. C. DeWitt & Co., Chicago.

For Sale by all druggists.

Violated the New Game Law.

On information supplied by Deputy Game Warden John Ritter Deputy Sheriff Withers arrested Phillip Bodenger and Claude Shannon Wednesday last week for hunting without a license. They were brought before Justice Berry and both plead guilty. Each was fined \$25.00 and costs which amounted in all to \$35.60 in Shannon's case which he paid; Bodenger could not pay his and was committed to jail, the total amount is his case being \$40.70.

It will be remembered Shannon was hunting about three weeks ago and shot three small boys, inflicting slight wounds, at the Emerson school house while in pursuit of a rabbit. Bodenger was with him at the time and neither had a license.

This should be a warning to others who might attempt to hunt without procuring a license. Mr. Ritter says so far but few cases have come under his observation in his district, but when the law is violated prosecutions will follow.—Higginsville Advance.

Buys Two Newspapers.

Tol McGrew, the able young man who has for many years been chief assistant to Editor Kapp of the Journal Democrat and whose handiwork as an expert printer and a writer of readable news has often been complimented has branched out as a newspaper magnate, he having purchased the Knob Noster Gem and the Chilhowee News. We are not informed of the details of the matter and will wait for later information. There was an impression abroad that Mr. McGrew would still be identified with the Journal-Democrat force and that the popular weekly paper published in Warrensburg would be the head of a three-link newspaper chain with W. C. Kapp as editor-in-chief, but the proprietor of the Journal-Democrat informs us that he is in no way connected with the deal. We wish Mr. McGrew unbounded success.—Johnson County Star.

Gov. Hadley says he has "paid off nearly \$1,000,000 of obligations of the state, inherited from Democratic administrations, and put the finances of the state in better condition than ever before." It seems that Hadley believes when a fellow tells a "whack," he should tell a big one. The Governor did not tell how he paid that debt. During Gov. Folk's administration the legislature over appropriated money to build and for support of state institutions, and a debt was created. But the Governor did not explain this that debt was paid only by holding back similar amount of appropriations made by the last legislature. Hadley has only followed a custom practiced by Democratic Governors when the legislatures made over appropriations, but they never thought about making a "blow," about such a thing as that. There will likely be the same thing happen at the end of the next biennial period, if the legislature makes an over appropriation.—Huntsville Herald.

Senator Stone and Governor Hadley are into a gableast over the merits of the Hadley administration. Stone states that the Hadley administration is distinguished to date solely for the extravagance in its expenditures, and Hadley takes refuge behind the fact that one wing of the legislature which endorsed these expenditures was democratic. Stone has certainly put Hadley on the defensive and he will have to do

something besides discover the glories of south Missouri by jug fishing down the Current river.—Warrensburg Journal Democrat.

Married, in Fowler, Kansas Wednesday, November 24, 1909, Levin James Stanton to Mrs. Mary Emma Sullens. The bride was reared in Odessa and a daughter of W. E. Sullens. The family removed to Fowler last summer. Her husband is the editor of the Fowler Gazette and is said to be a splendid young man.—Odessa Democrat.

A birthday dinner was held at the home of H. P. Baker in this city last Friday. It was given in honor of his mother, who was 79 years old on that date. An excellent turkey dinner was served and the score or more of guests present had a most enjoyable time.—Odessa Democrat.

GROOM'S FATHER OBJECTED

But Changed His Mind and Blessed the Bride and Groom.

The fact that Daniel P. Cupid has Banquo's ghost beaten a million nautical and a billion nuptial knots when it comes to refusing to be drowned was again demonstrated in Higginsville Wednesday evening when Miss Margaret Caulfield, and G. F. Thompson of Marshall were united in marriage by the Rev. L. P. Norfleet in the M. E. church South.

Preparations had been made for a big church wedding. Invitations had been issued, Miss Caulfield's white silk gown had been fitted and the church had been decorated with palms and potted plants.

Then the father of the groom appeared on the scene. He had no objections to the match except that his son was not quite of legal age and had decided to prevent it.

But the groom-to-be was equal to his emergency. When his father arrived from Marshall he gave him to understand that the wedding had already taken place. As that would have made it too late to object father Thompson calmed down and gave the young couple his blessings and congratulations. All went merrily until the time came to undecieve Mr. Thompson, Sr., and proceed with the wedding, arrangements for which had been much upset. Then Mr. Thompson, Sr., was a bit chagrined at having been fooled but made no serious objections and attended the wedding. The report that two weddings were performed and that the groom's father made a scene at the church is incorrect.—Higginsville Jeffersonian.

Typhoid fever has again made its appearance at Park college. Several weeks ago thirty students were sick with typhoid symptoms and there was one death. There are eight new cases in the college but none are in a serious form. The faculty has asked the State Board of Health to come and make an investigation.—Platte City Landmark.

Now Governor Hadley comes out in a long interview with himself, and in referring to the court decision in the Standard Oil Company case, proudly raves back, and informs an ignorant world, that "He did it." And of course all this misleading rot found its way on the first page of the St. Louis Republic, "the official Democratic organ of Missouri." Even Senator Stone's great speech delivered in Jefferson City, did not receive from the Republic half as much attention as was given Hadley's column of self exploita-

Elderly People Helped Free

The last years of life are the sweetest, and yet the most difficult to prolong. It is then that the greatest care is exercised in maintaining bodily health. But the chief care should always be with regard to the food you eat and whether you are digesting it properly. You should not allow yourself to become constipated.

No doubt you have tried salts and cathartic pills, purgative tablets, etc., and have come to the conclusion that they are violent in action and do but temporary good. Listen, then, to the voice of experience which urges to a wonderful and mild laxative, Dr. Caldwell's Syrup Pepsin. It is not new, only we are trying to find new friends for it. A. A. Felix, of Johnston City, Ill., suffered from stomach trouble for six years and found his cure in Dr. Caldwell's Syrup Pepsin. His wife uses it too with success. We could name hundreds of others. Some heard of it first through neighbors or friends; others through the doctor's offer to send any sufferer from a stomach, liver or bowel complaint a free sample bottle for trial, without charge. If you will send your name and address he will send you a trial bottle direct to your home. If it proves itself as he claims then continue the treatment by buying a 50-cent or \$1 bottle of your druggist, as all of them sell it. Old people, like children, should look for purity, and it is well to mention that the purity of this remedy is vouched for with the U. S. government. Also, though a free bottle is sent to prove its merits, results are always guaranteed from the regular bottles bought of druggists, who will refund your money if it does not satisfy you. Send at least for the free test bottle today.

If there is anything about your ailment that you don't understand, or if you want any medical advice, write to the doctor, and he will answer you fully. There is no charge for this service. The address is Dr. W. B. Caldwell, 500 Caldwell bldg., Monticello, Ill.

For love of a little child, to reassure it and to save it, David A. De Armond, congressman from the Sixth Missouri district, gave up his life, crowned with many honors, but the final coronation came in the death which it so gently and so beautifully met. "Never mind, son, I'll get you out"—and how distinctive that was of David De Armond, gentleman; David De Armond who scorned demagoguery, who was modest to the point of timidity, yet whose soul was ever unafraid. There is a heroism that is garish and vaunts itself, but for that quiet, unconscious heroism that grips the human heart and even in its pain suffuses it with the inspiration to nobility of thought and act, the world must ever turn to such incidents as this. "Never mind, son, I'll get you out"—and then the crash came. Ah, the inexpressibility of these serene and gentle souls of earth. The charred bones of a man and a little boy, found amid the embers of the house at Butler have already been written into the most beautiful story on the page of Missouri history.

David De Armond, congressman, statesman thought he was, may be forgotten, but David De Armond, who loved a little child and gave his life, will enshrine him in death. The electorate of the sixteen years to a man of his type has distinguished itself beyond measure and strengthened faith in the ideal of an ultimate democracy.—Paris Mercury.

When David R. Francis gets into action as vice-president of the American exposition at Berlin in 1910 he will set a pace for the burghmaster of that city that will not soon be forgotten. The American people and especially those residing in the Mississippi Valley will not soon forget the perfect exhibition he promoted at St. Louis, which in magnificence and completeness rivaled all former efforts. When Francis was closing his successful term as Governor of Missouri, after delivering his farewell message to the law-makers and discussing problems of state, he startled a rural solon by appearing on the dancing floor and executing the maneuvers with skill and grace. Turning to a colleague the surprised law-maker exclaimed: "By Heck, Dave goes all the gaits." And he does.—Linn County Budget.
