Trail-Stewart.

At the home of Frank Stewart 3 1/2 miles south of Lexington Saturday, March 19, Miss Georgia Frankie Stewart was united in marriage to Geo. Wm. Trail.

The Stewart home is a beautiful one and was never shown off to a better advantage than on this occasion. The decorations were carried out in pink and white.

The ring ceremony was used. Miss Earnestine Martin of Kansas City presided at the piano.

Miss Stewart is the youngest daughter of Mr. and Mrs. Frank Stewart. She is an accomplished young lady having received her education at both Central and Lexington colleges.

Mr. Trail is well known in this community having been reared near Lexington. He is a young man of fine qualities and an excellent character and will no doubt make a good provider. He attended school at the Lexington High school and Wentworth Military academy.

After the ceremony light refreshments were served. The attendants were Miss Mayme Stewart, a sister of the bride, Mr. R. S. Walker of Kansas City, Miss Sadie Triplett of Levasy and Mr. Hubert Bates of Lexington.

They will make their home at the residence of the groom's father, Geo. L. Trail, until their home is completed, directly across from the Trail home.

Miss Naomi Smith who has been visiting the family of J. R. Moorehead, returned Thursday to her home in Butler, Missouri.

Cut Down Your Enormous LIVING EXPENSES

The cost of Everything for the Home and Farm will be Greatly and permanently Reduced by the Co-Operative League.

The De France Chemical Co. of Kansas City, Mo., has organized and is building up a great League of National scope which will devote

\$100,000,000

solely and entirely to Reducing the Cost on all of Life's Necessities for each and every one who becomes a member.

With headquarters in Kansas City the Company will buy and build factories throughout the United States for the manufacture of EVERYTHING. Retail stores for the convenience of its members, will be located in the principal city or town of each county where shopping in person or by mail can be conveniently and easily done.

How Will This Lessen Prices for You

By cutting off the profits you now pay the retailers, jobbers and wholesalers you will obtain all your goods at manufacturer's prices and will save these enormous profits on all the goods you buy.

Where will the Capital come from? It is very simple. There is a small membership fee of \$2.00 required to join, this is for a life membership and no further payments will ever be required to hold it.

The Business Plan. To make a thorough working business system the De France Chemical Co. will give to each member one share of its preferred capital stock, fully paid and non-assessable, carrying absolutely no liabilities, of a par value of \$2.00.

You Own the Company. The Company Owns the League
You Become Your Own Producer
