## Vital Washington News

By Taverner.

Protection makes politics a business proposition.

In the last congressional election for instance, the tariff trusts spent large sums of money to bring about the election of candidates who had secretly or otherwise pledged themselves to revision upward.

These contributions to the Republican campaign fund were investments in every sense of the word. The trusts figured that if Republicans were elected the tariff on the particular commodities in which they dealt would be kept sufficiently high to bar out competition and assure them monopolies on American markets.

With this end in view the tariff trusts and combinations of manufacturers contributed liberally to Republican campaign funds.

The expenditure of this tainted money enabled the Republicans to dominate Congress! The tariff was revised upward! The manufacturers were given their monopolies! Prices were boosted!

The result is that the people are now repaying to the tariff trusts, in increased prices, not only the amounts invested as contributions to the Republican campaign fund, but they are also paying a profit varying from 100 to 1,000 per cent beside.

And in the meantime the big corporate interests have taken the reigns of government out of the hands of the people, into their own, for safe keeping. Such is the milk in the protection cocoon.

**GOVERNMENT BY MONEY**  
It cost Joseph C. Sibley \$40,698.83 to win the Republican nomination for Congress in the Twenty-eighth District of Pennsylvania. Mr. Sibley received 10,446 votes at the primaries and each vote represented an expenditure of nearly \$4. As his plurality was only 689 it is fair to say that his nomination was brought about by the sheer power of money.

At the primaries in the Thirtieth District of Pennsylvania, John Dalzell spent \$9,200, most of which was contributed by protected manufacturers. The combined expenditures of Sibley and Dalzell in these two districts were nearly \$50,000. Their combined salaries as Representatives in Congress for two years will be only \$30,000. Their nominations therefore, cost almost \$20,000 more than the emoluments of their office, exclusive of mileage and stationary allowances.

Contributions to the party of revision upward is a paying business investment, particularly to the tariff trusts.

Men will always pay thousands to politicians or to party funds in the hope of getting back millions. Make the tariff one for revenue only, and you cut off a leading cause of political dishonesty and corruption.

## THE DEMOCRATIC CAMPAIGN

The democrats need gain but twenty-two seats in the next house of representatives to obtain a numerical majority.

The present republican major-

ity is forty-three. At least eighty-two republicans hold their seats by a margin less than 1,000 votes. Twenty-nine republican seats in the present house of representatives are held by less than 2,000 votes.

Every local democratic committee has a heavy responsibility. The character of the nominee in every district is supremely important. Democracy can not challenge the enemy with weak or colorless candidates. The people want absolute assurance that the men they vote for will stand four square when the first real test comes in organizing the next congress.

Democratic candidates must stand on an unequivocal platform of real tariff revision.

The democratic party, through both national and local organizations, must be prepared to shoulder full responsibility for removing tariff burdens from the people.

The democrats have a real issue to carry them to victory, and can lose only by failure to grasp its significance.

## TAFT WON'T INTERFERE.

The new railroad rate law will not be used to keep down railroad rates.

Correspondents at the summer capital at Beverly, Mass., recently got this news. It means that the strongest feature of the new railroad law is to be a dead letter under the Taft administration.

The section of law referred to is that giving power to the interstate commerce commission, on complaint against an increase, to suspend any freight rate for eleven months pending decision as to the justice of the rate. This section was forced into the law by the democrats and insurgents and was strongly opposed by President Taft and the Aldrich-Cannon regulars.

Being hostile to this feature of the new law, President Taft will not use it to prevent the railroads from increasing their rates.

## HOW IT LOOKED.

The next day after Representative Havens (democrat) changed a 10,000 Republican majority into a 5,000 Democratic majority, in the Rochester, N. Y. Congressional district, a newspaper man asked a prominent Republican standpatter if he did not think the Democrats would carry the next House, whereupon the disgusted and crestfallen Republican replied: "Carry the next House? Hell! If the Republican members keep on dying, they'll carry the present House."

## A Legal Wonder.

There was a prosecuting attorney in Texas whose methods were so dramatic and uniformly successful that he not only became the terror of evildoers, but an object of admiration, especially among the negroes.

Upon retirement from office he was at once much sought after by those charged with crime. The first two cases which he defended resulted in conviction, much to his chagrin.

An old negro who had watched his prosecution in admiring wonder and looked on with equal interest when he conducted the defence accosted him just after his defeat, and said: "Mars Earle, you sho' is a wonder. No matter which side you's on they go to the pen just the same."—From Case and Comment.

## Free Remedy For Weak Bowels

There are two forms of bodily cleanliness, the external and the internal. The one is for your pride in yourself; the other for your life and health. Both are important, but of vastly more importance in the long run is the internal cleanliness.

This is one point that all should watch about their body—the cleanliness of the bowels. Keep them clean and free from obstructions. To do this you must have one or two movements of the bowels each twenty-four hours. If your system does not do this naturally, in the process of eating and drinking, then you must obtain aid of some kind. After finding out that cathartics, salts and pills do not relieve you for a day, but bind you up worse than ever the next day, then get the simpler and more natural remedy, Dr. Caldwell's Syrup Pepsin.

For the skeptical the best way to begin is to send your name and address to Dr. Caldwell for a free sample bottle. Use it as directed and if it convinces you that a brief continuance of its use will relieve you permanently—that it will train the stomach and bowel muscles to again work naturally at certain hours—then buy it of your druggist at three cents and one dollar a bottle, just as so many others are doing. They began with a sample bottle, then bought a fifty cent bottle, and now, fully convinced of its merits, they buy the one-dollar family size. All the members of the family can use it down to the very youngest.

A brief use of this grand laxative tonic will cure constipation in its worst form, indigestion, liver trouble, sick headache, sour stomach and such ailments and keep you in continuous good health at a very small cost. Such is the experience of many families like that of Mrs. Oscar Fleener, Unionville, Ind., J. F. Daniel, Saron, Tex., and hundreds of others that could be named.

Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, R. 699 Caldwell Building, Monticello, Ill.

## Life of Gov. Johnson

The life-story of the "Great Governor of Minnesota" is the most inspiring story of the life of a real man that has been published in this generation.

The late governor was characterized as the most lovable man in public life since the days of Abraham Lincoln, and his biography is instructive, inspirational and thrilling.

The "Life" was published by authority of the widow, and in her behalf. The authors and publishers were intimate friends of the late governor, one of them, Mr. Day, being his private secretary.

The book contains 430 type pages and 22 pages of illustrations, or 452 pages all told, and is a perfect specimen of the best printing and binding.
