

Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a fancy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing dragon. Germs can't be avoided. They are in the air we breathe, the water we drink.

The germ can only prosper when the condition of the system gives it free scope to establish itself and develop. When there is a deficiency of vital force, languor, restlessness, a salivary check, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can fortify the body against all germs by the use of Dr. Pierce's Golden Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Medical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known composition and with a record of 49 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.

ANSWERS EVERY CALL

Lexington People Have Found That This is True.

A cold, a strain, a sudden wrench.

A little cause may hurt the kidneys.

Spells of backache often follow. Or some irregularity of the urine.

A certain remedy for such attacks.

A medicine that answers every call.

Is Doan's Kidney Pills, a true specific.

Thousands of people rely upon it.

Here is one case:

Mrs. George Ehrman, 461 Jefferson Ave., Marshall, Mo., says "For almost two years I suffered from kidney trouble and severe pains in the small of my back. When I stooped, I became very dizzy and could hardly see. The kidney secretions were also unnatural. Upon taking Doan's Kidney Pills, I was given prompt relief."

The above statement was given in June 1906 and on November 20th, 1908, Mrs. Ehrman added: "I still think highly of Doan's Kidney Pills and would not be without a supply in the house."

Another Wonderful Discovery.

Electricity, telephones, airships and all the wonderful inventions of this scientific age seemed impossible a few years ago. But it seems there is nothing so impossible but what some scientist will discover the means of accomplishment. Prof. Emerson has now discovered a preparation which will really grow hair. Iowa people are amazed and astounded by Emerson's new discovery for the hair. Emerson said that one bottle of his new discovery would grow a full head of hair to its natural color. The people did not believe him. It was too much to expect, and too good to be true. They had tried all the highly advertised hair restorers and had always been disappointed and they could not believe one bottle would really grow a full head of hair. But now comes the most startling part of all—for Emerson proved it—yes, absolutely proved it. What do you think he did? He made the bold and remarkable statement that he would give five dollars to any person who used one bottle of his new discovery and failed to secure a new and satisfactory growth of hair. The people were astounded by the unheard-of offer, but they knew that Emerson was financially responsible and would do as he agreed if it cost him his fortune. Thousands bought bottles of his new discovery, though most of them had little faith and expected to be paid five dollars for using the bottle of new discovery. Out of the first thousand bottles sold only seven claimed they were not entirely satisfied, and they immediately received the five dollars without question. The rest of them were overjoyed to find that Emerson's new Discovery had really promoted a new and healthy growth of hair. What is this remarkable new discovery? Emerson won't tell, and chemists have tried to analyze it and have failed to find out what it is. Emerson asks us to publish this same offer to the readers of this paper. He states that with every bottle of his new discovery, the price of which is \$1, he will send a written agreement to pay you five dollars if you are not entirely satisfied with the result which is invariably a new head of healthy, vigorous hair. The new discovery is not sticky, oily or greasy and is very pleasant to use. This is the most remarkable offer ever made by a responsible firm, such as the Emerson Chemical Co., which is backing Emerson in his offer. Just send a \$1 bill (money order not necessary) to the Emerson Chemical Co., Scottsbluff, Nebraska, and secure a bottle of the new Discovery and the agreement to pay you \$5 or grow a full head of hair with only one bottle of this new discovery.
