Gov. Carroll Re-Elected
LATER RETURNS SHOW HIS PLURALITY TO BE 10,000.
One Democratic Congressman in Iowa and the Large Republican Majority Reduced.
Des Moines, Ia., Nov. 10.—In the election in Iowa two Democratic congressmen were grown where only one grew before. Otherwise the political complexion of the state remains unchanged, save that the big Republican majorities of other years were all but wiped out.
The governorship was in doubt at one time. Early returns indicated the election of Claude R. Porter, the Democratic candidate, but when the country vote began to arrive, Gov. Carroll showed steady gains. With returns in from 85 out of 95 counties, the governor's plurality is estimated at from 10,000 to 12,000. The counties still unreported, if anything, will augment this showing. The remainder of the Republican state ticket was elected, as previously reported.
The election of I. S. Pepper, Democrat to congress from the Second district, was expected, but the defeat of Congressman Gilbert N. Haugen, "progressive" Republican, by the Democratic candidate, D. D. Murphy, by something over 400 came as a surprise. Haugen's friends knew he had a fight on his hands, but not suspect its seriousness.
The largest plurality in the congressional election was given to Congressman Pickett, of the Third district, who received 5,000 votes more than his Democratic opponent. He is allied with the "progressive" wing of the party. Walter I. Smith, a member of the Cannon rules committee and an aspirant to the speakership, was re-elected in the Ninth district by a very small majority. Other Republican congressional pluralities range from 2,000 to 3,500.

RESULT PLEASED OTTO H. KUHN
Thinks it Ground for Genuine Satisfaction Among Business Men—Railroads Want Capital.
New York, Nov. 10.—Otto H. Kuhn of Kuhn Loeb & Co., returned from a 10,000 mile trip to the Pacific coast and back. He expressed himself as satisfied with the business outlook and said he was firmly convinced of the necessity of the railroads keeping entirely out of politics and devoting their activities solely to the improvement of their service.
"An immense amount of capital should be made available for the improvement of the service" said Mr. Kuhn, so as to increase existing facilities in territory already covered and to open up new territory. The capital needed cannot be obtained, however, unless the average investor can be made to feel that railroad securities offer safety and a reasonable return. Capital will not flow freely into any industry which is the subject of continuous attack, political experiment and interference.
"I found business very good but there is a great scarcity of labor, particularly on the Pacific coast states."
"The outcome of Tuesday's election throughout the country is ground for genuine satisfaction among business men as a promise of greater stabilities in economic conditions. I found little animosity against the railroads in the states which I traversed."

First Victory in 22 Years
The Democrats of Connecticut Are Celebrating With Red Fire—Baseball Elects Congressman.
Hartford, Conn., Nov. 10.—The first victory of the Democrats in Connecticut in 22 years was celebrated with red fire noise making devices and a monster parade.
Baldwin's majority was 3,600. He is the first Democrat governor elected since the election of Luzon B. Morris in 1893. He is, however, the only member of the Democratic state ticket to sweep into office.
The count of the votes for congressmen shows that only one Democrat is elected from this state. In the Second district Thomas L. Reilly of Meriden was elected by a plurality of 2,980. He has been manager of three Connecticut League baseball clubs and was formerly manager of the Jersey City team. He had the solid baseball vote from his district which Republicans claim was the real reason for his election.

Free Sample For Baby's Ills
Something can and must be done for the puffy, crying baby, for the child that refuses to eat and is restless in its sleep. And since the basis of all health is the proper working of the digestive organs, look first to the condition of the stomach and bowels.
A child should have two full and free movements of the bowels a day. This emptying of the bowels is very important, as with it comes a clear head, a lightness of step, good appetite and sound sleep. But it is equally important to know what to give the child in the emergency of constipation and indigestion. Cathartics are too strong and salts and other purgatives are not only too strong, but the child refuses them because of their bad taste. Have you ever tried Dr. Caldwell's Syrup Pepsin? It is a liquid tonic that families have been using for a quarter of a century. It is mild, pleasant-tasting and promptly effective. It is good for you as well as the child, but there is nothing better to be found for children. They like its taste—you will not have to force them to take it.
First of all, if you have not yet used it, Dr. Caldwell would like to send you a sample bottle free of charge. In this way you can try it before buying. Later, when convinced of its merits, you can get it of your druggist at fifty cents and one dollar a bottle, just as thousands of other families are doing. The family of Mr. D. W. Spangler of Strattonville, Pa., as well as that of Mr. A. F. Johnson of Walnut Grove, Tenn., started with it in that way and now write that it is their one family necessity next to food itself. If you are unfortunate enough to have a sickly child, one given to constipation and indigestion, you should send for a free sample of this remedy.
Dr. Caldwell personally will be pleased to give you any medical advice you may desire for yourself or family pertaining to the stomach, liver or bowels absolutely free of charge. Explain your case in a letter and he will reply to you in detail. For the free sample simply send your name and address on a postal card or otherwise. For either request the doctor's address is Dr. W. B. Caldwell, 12-600 Caldwell building, Monticello, Ill.
