"I congratulate the Progressives of the country," says Mr. Theodore Roosevelt. Amen, choruses nearly ninety millions of American people.

The Democratic party has survived pestilence, fire, flood and famine. Why not this overwhelming victory?

Here's hoping that the Republican and Third Term parties will keep up the fight, and poll, two and four years hence, the same vote they did this year.

"Paid in Full."

When a play not only grips the heart-strings but plays an intermezzo on the tender chords, it bears the hall mark of a great success. It is not surprising, therefore, that "Paid in Full" has made an appeal which has been hoarded.

Eugene Walter actually lived the play. He breathes his very existence into it. It is almost unnecessary to say at the very beginning that the play is not a sweetmeat. It is very strong food, and should only be taken by those who wish to harrow their very souls by a chapter from the lives of everyday people who are enacting the sordid tragedy of existence where sin is not so gilded that we are blinded by the glitter. It is the story of a sullen, vicious, resentful husband who has become so embittered in the daily grind that every spark of manhood and honor has been wiped out. He finally sacrifices his wife to smear over, if possible, with his employer his theft. The very goodness and innocence of the wife is her most effective shield.

With a powerful cast of players, "Paid in Full" will be submitted for your approval at Wright's Grand Thursday, Nov. 21st, 1912.

Pe-ru-na and Ka-tar-no

S. B. Hartman, M.D.

I have received a letter from a young lady, who asks me: "Is the old Pe-ru-na (Ka-tar-no) better than the revised Pe-ru-na?" Either medicine has its place. One is adapted for one condition, another for another. Ka-tar-no is a better remedy for some conditions than the revised Pe-ru-na. On the other hand, the revised Pe-ru-na is a better remedy for some conditions than Ka-tar-no. They are both intended as catarrh remedies. They have both done a great work in relieving catarrh, chronic and acute. Many hundreds of cases of chronic catarrh have recovered while taking Ka-tar-no and the same is true of the revised Pe-ru-na during the last six years since its revision.

There is a difference, however, in the two remedies. Whenever catarrh is associated with constipation then the revised Pe-ru-na is the best. Indeed, this is exactly why the revision was made, to meet such cases. But where no laxative is needed, where the bowels are regular or inclined to be loose, then the old Pe-ru-na (Ka-tar-no) is the better remedy. The revised Pe-ru-na is for sale at all drug stores. Those wishing to obtain Ka-tar-no, address The Ka-tar-no Co., Columbus, Ohio.

ONCE PARTS OF A METEOR

Component Parts of Diamonds Have Thus Been Traced by Investigating Scientists.

It is perhaps not generally known that the "blue stuff" in which diamonds are found in South America is the disintegrates and disorganized mass of vast meteor that once fell from the sky. A decomposed meteor of immense size is reported to have been found in Arizona. It contains iron, nickel, platinum and diamonds. It is supposed to have been, before it decomposed, 500 feet in diameter and to have weighed several hundred million tons. They may be fragments of comets and finding themselves under the influence of the attraction of gravitation of our earth they fell upon it.

The theory is that their speed may be as high as forty or fifty miles a second. If it be a strong meteor it may be crushed into a dust by the air pressure in front of it. Even if of iron it may be torn into fragments as if an explosion had occurred in front. If, however, it is a rounded piece of iron like this lump, then it would take a tremendous pressure of air to crush it, and there is no doubt whatever that most iron meteors of rounded form would escape fracture unless they were moving at the very highest speeds.

At such speeds the air pressure developed in front of them may blow them to pieces, but if they are moving, say one-third as fast, they may, and probably will, survive unless they succumb to another action, which takes place with iron—namely, combustion.

PLAIN DEALING.

Reformer (earnestly)—Let's have an honest election. Politician—That's what I say. Let's have it all fair and square, straight up and down. Let's don't expect any votes we don't pay for, and let's don't pay for any we don't get.

KEEPING UP WITH TIME.

The city chap who had hired out as extra farm hand during the harvest was not quite able to respond to the 4 o'clock pounding on his bedroom door the first morning as promptly as he had anticipated. He lingered with the pillows for a quarter of an hour past the appointed time and then dragged himself out, and by half-past 4 he was stumbling across the field where the old farmer was hard at work.

"Fine morning," said the newcomer briskly. The old fellow looked up sourly. "Yes," he grunted; "it was."—Lippincott's.

CONSIDERABLY CHEERED.

"Mr. Muggs, is your wife out of town." "No. A man just now paid me \$10 he owed me. That's why I look so happy."

SQUEEZED.

"I tell you, I was in a tight place this morning." "What was the matter?" "My wife wanted all my loose change."

AN EXPERT.

"I've given that ex-policeman a job in my orchard." "Grafting the apple trees, I suppose?"—New York World.

HIS JOB.

"He's one of our leading citizens." "That so? What does he do?" "He leads the glee club at all political mass meetings."

INEVITABLE CONCLUSION.

"There is the day breaking!" "Then I'll bet it is something in China."

PEERLESS ROOFING—A FIRE RESISTER!

Besides being the best and most durable roofing ever known, Peerless will protect your home and barn against fire.

Why continue to use old style roofings when PEERLESS is cheaper, will last for ever, and is much easier to lay. You can lay it over your decayed shingles with no trouble at all and you can use it as a siding.

Come in and see a sample. Ask for free booklet describing ARGOTILE Ornamental Roofing.

A Reader Cures His Constipation—Try It Free

Simple way for any family to retain the good health of all its members

The editors of "Health Hints" and "Questions and Answers" have one question that is put to them more often than any other, and which strangely enough, they find the most difficult to answer. That is "How can I cure my constipation?" Dr. Caldwell, an eminent specialist in diseases of the stomach, liver and bowels, has looked the whole field over, has practised the specialty for forty years and is convinced that the ingredients contained in what is called Dr. Caldwell's Syrup Pepsin has the best claim to attention from constipated people. Its success in the cure of stubborn constipation has done much to displace the use of salts, waters, strong cathartics and such things. Syrup Pepsin, by training the stomach and bowel muscles to again do their work naturally, and with its tonic ingredients strengthening the nerves, brings about a lasting cure. Among its strongest supporters are Mr. John Graveline of 98 Milwaukee Ave., Detroit, Mich., and Mr. J. A. Vernon of Oklahoma City. Thousands of others of both sexes have written to Dr. Caldwell telling of gratifying results. It can be obtained of any druggist at fifty cents and one dollar a bottle, or if you want to try it first a free sample bottle can be obtained by writing the doctor. For the free sample address Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.
