

"BLOOD IS THICKER THAN WATER"

Without good red blood a man has a weak heart and poor nerves. Thinness of the blood, or anaemia, is common in young folks as well as old. Especially is it the case with those who work in ill-ventilated factories—or those who are shut up indoors in winter time with a coal stove burning up the oxygen or emitting carbonic (oxide) gas. This blood, or blood which lacks the red blood corpuscles, in anemic people may have been caused by lack of good fresh air breathed into lungs, or by poor digestion or dyspepsia. Sometimes people suffer intense pain over the heart which is not heart disease at all, but caused by indigestion. Whatever the cause, there's just one remedy that you can turn to—knowing that it has given satisfaction for over 40 years.

DR. PIERCE'S GOLDEN MEDICAL DISCOVERY

Is a blood cleanser and alterative that starts the liver and stomach into vigorous action. It thus assists the body to manufacture rich red blood which feeds the heart—nerves—brain and organs of the body. The organs work smoothly like machinery running in oil. You feel clean, strong and vigorous instead of tired, weak and faint. Nowadays you can obtain Dr. Pierce's Golden Medical Discovery Tablets, as well as the liquid form, from all medicine dealers, or tablets by mail, prepaid in \$1 or 50c size. Address R. V. Pierce, M. D., Buffalo, N. Y.

DR. PIERCE'S GREAT 1008 PAGE ILLUSTRATED COMMON SENSE MEDICAL ADVISER WILL BE SENT FREE, CLOTH BOUND FOR 21 ONE-CENT STAMPS.

Beaver Board.

You can put up Beaver Board in winter time.

Beaver Board makes durable artistic sanitary walls and ceilings. It is pure wood fibre wall board and is put up in panels nailed directly to studding and joists for new work, or over old lath and plaster for remodeling. It is never papered over; its beautiful pebbled surface takes artistic decoration by paint, oil or watercolor.

Beaver Board takes the place of lath and plaster; it never cracks and never needs replacing. Makes a house warmer in winter and cooler in summer.

Let us show you how you can use Beaver Board. Call, write or telephone.

WASHINGTON LETTER

(Special correspondence by Clyde H. Tavenner, Congressman elect.)

Washington, D. C., January 14.—President Taft in his New York "reorganization" speech, declared in fine sarcasm that those dissatisfied with his administration demanded "an ideal state in which the poor and oppressed are to acquire property and cease suffering."

This and similar statements of the president, indicate why his administration was unpopular. He was prejudiced against any kind of reform. His is the same view that is held by Morgan and Rockefeller and the other money kings who have made their millions as a result of federal laws which gave them monopolies of American markets with power to charge the people for trust products any price that their greed dictated.

Morgan and Rockefeller also believe that all who are not satisfied with the old conditions—the bribery of United States senators by the oil trust, the failure to send guilty trust magnates to jail as the poor are sent to jail when they violate the law, the infamous Payne-Aldrich tariff laws which permit the big industrial combinations to be ever boosting prices and increasing the cost of living—Morgan and Rockefeller and Taft believe that all who complain of these things expect and demand "an ideal state in which the poor and oppressed are to acquire property and cease suffering."

This is not true. It is ridiculous to assert that because the people demand tariff revision to reduce the cost of living, that they expect or demand "an ideal state."

In asking for an income tax which will compel the rich to bear a fair proportion of the burden of taxation, which they are not now doing.

In requesting the election of United States Senators by the direct vote of the people to prevent their election by bribery.

In demanding enforcement of the criminal provision of the Sherman anti-trust law, which is not now being enforced by an attorney general who was formerly a sugar trust lawyer.

In desiring legislation safeguarding legitimate business from the public evils of stock gambling.

In expecting effective regulation of child labor, an employer's liability law and protection of women wage-earners.

In demanding and expecting these things the public is not, as President Taft says, and as Morgan and Rockefeller pretend to believe, either demanding or expecting "an ideal state in which the poor and oppressed are to acquire property."

The people are simply asking for a square deal at the hands of those "public servants" they have sent to Washington to represent them.

Filipinos Desire Freedom.

Manuel J. Quezon, resident commissioner of the Philippine Islands to the United States, who has just returned to Washington from Manila, says that every town in the archipelago has endorsed the Jones bill, which he hopes will be passed at the extra session of congress.

The bill purposes to establish a provisional government, more liberal and autonomous than at present, for a probationary period of eight years beginning July 4, 1913, and after July 4, 1921, the United States shall relinquish all rights of sovereignty over the Philippines and grant to its inhabitants full and complete independence. The United States would retain sovereignty over necessary naval and coaling stations sites and

terminal points for cables, not including the bay and harbor of Manila.

The Jones bill would vest the legislative power of the Philippine Islands in a congress of the Philippines, a senate comprising thirty-eight members and a house of eighty-seven members, both branches to be elective. The executive power would be vested during the probationary period in a president, appointive for four years by the president of the United States, and after July 4, 1921, to be elective by the Filipinos.

MILD, GENTLE LAXATIVE FOR WOMEN GIVEN FREE

So many of the ills of women are due to habitual constipation, probably because of their false modesty on the subject, that their attention cannot be too strongly called to the importance of keeping the bowels open. It is always important to do that, regardless of the sex, but it is especially important in women.

From the time the girl begins to menstruate until menstruation ceases she has always vastly better prospects of coming through healthy if she watches her bowel movements. If you find yourself constipated, with bad breath, pimply complexion, headaches, belching gas and other symptoms of indigestion and constipation, take a small dose of Dr. Caldwell's Syrup

Pepsin. It is woman's favorite laxative. You will find that you can do away with salts, strong cathartics, etc., which are entirely unsuited to woman's requirements.

Mrs. Katherine Haberstroh of McKees Rocks, Pa., and Mrs. A. E. Herick of Wheeler, Mich., who was almost paralyzed in her stomach and bowels, are now cured by the use of this remedy. A free sample bottle can be obtained by addressing Dr. Caldwell, and after you are convinced of its merits buy it of your druggist at fifty cents and one dollar a bottle.

For the free sample address Dr. W. B. Caldwell, 402 Caldwell building, Monticello, Ill.

To My Patrons

On account of the great number of small accounts and the great burden of bookkeeping in proportion to the amounts involved, I have decided it is to my interest to do only a cash business after January 1, 1913.

In order that this change may benefit my customers as well as myself, I am marking down all goods in my store 5 per cent. It is impossible to do a credit business in our line without keeping one of the largest sets of books in the town and though the accounts are extremely numerous the amounts are too small to justify the employment of an extra man to keep them. My relations with my credit customers has been wholly pleasant but the care of the books is an expense which somebody has to bear and I believe it will be advantageous for my patrons to enjoy the closer prices for a cash store.
