

### That Wonderful Event

IF THERE is a time above all times when a woman should be in perfect physical condition it is the time previous to the coming of her babe. During this period many women suffer from headache, sleeplessness, pains of various description, poor appetite, and a host of other ailments which should be eliminated in justice to the new life about to be ushered into this world.

### DR. PIERCE'S FAVORITE PRESCRIPTION

is a scientific medicine carefully compounded by an experienced and skillful physician, and adapted to the needs and requirements of woman's delicate system. It has been recommended for over forty years as a remedy for those peculiar ailments which make their appearance during "the expectant" period. Motherhood is made easier by its use. Thousands of women have been benefited by this great medicine.

Your druggist can supply you in liquid or tablet form, or you can send 50 one-cent stamps for a trial box of Dr. Pierce's Favorite Prescription Tablets, to Dr. Pierce, at Invalids' Hotel and Surgical Institute, Buffalo.

It is your privilege to write to Dr. Pierce for advice, and it will be gladly given free of charge. Of course all communications are confidential.

#### Facts Worth Knowing.

There are three entirely different kinds of ingredients used in making the three different varieties of baking powders on the market, viz.:—(1) Mineral-Acid or Alum, (2) Bone-Acid or Phosphate, and (3) Cream of Tartar, derived from grapes. It is important, from the standpoint of health, to know something about these ingredients, and which kind is used in your baking powder.

(1) Mineral-Acid, or Alum, is made from a kind of clay. This clay is mixed with diluted oil of vitriol and from this solution a product is obtained which is alum. Alum is cheap, costs about two cents a pound, and baking powder made with this Mineral-Acid sells from 10 to 25 cents a pound.

(2) Bone-Acid, or Phosphate is the basis of phosphate baking powders and the process is fully described in the patents issued to a large manufacturer of a phosphate powder. The U. S. Patent Office Reports give a full and exact description, but the following extract is enough:

"Burned bones, after being ground, are put into freshly diluted oil of vitriol and with continual stirring and in the following proportion," etc.

From this Bone-Acid Phosphate baking powders are made; such powders sell from 20 to 30 cents a pound.

(3) Cream of Tartar exists in all ripe grapes, and flows with the juice when the grapes are pressed. The tartar is subsequently gathered from the cask, boiled with water, and refined, when crystals of Cream of Tartar, white and very pure, separate and are procured. It differs in no respect from the form in which it originally existed in the grape. Cream of Tartar, then, while the most expensive, is the only ingredient that should be used in a baking powder to act upon the soda, as its wholesomeness is beyond question. Cream of Tartar baking powders sell at about 40 to 50 cents a pound.

Such are the facts and every one, careful of the health of the family, should remember this rule:—Baking powders selling from 10 to 25 cents a pound are made of Mineral-Acids; those selling from 20 to 30 cents of Bone-Acid; and those from 40 to 50 cents of Cream of Tartar derived from grapes.

#### Memorial to Captain Joseph Alexander Wilson.

In the early morning of March 20th, 1913, our friend and much loved citizen passed from among us. As a citizen of this community his name and history shall be remembered with highest regard. Through his quiet innate worthiness we have learned the value of a kindly spirit, a wider sympathy and a more unselfish life. To Sterling Price Chapter, 213, Capt. Wilson was ever an intelligent and responsive helper. We shall ever miss him.

To his devoted companion, the efficient Treasurer of our Chapter, our hearts turn with special tenderness and sympathy in this time of loneliness.

In appreciation of our noble friend, Sterling Price Chapter unites with hosts of others in giving honor to his name; therefore it is hereby requested that this tribute be placed on a page of the Secretary's Book made sacred to the memory of Captain Joe A. Wilson, also, we hereby extend to his bereaved companion, Mrs. Mariella Wilson and other relatives, our sincere condolence, and request that a copy of these words of sympathy be sent to the family of our departed friend.

Adopted by Sterling Price Chapter.

MRS. G. W. HYDE, MRS. H. W. McNEEL, Committee.

#### VERIFY IT

#### The Proof Is In Lexington, Almost at Your Door.

The public statement of a Lexington citizen is in itself strong proof, for Lexington people, but confirmation strengthens the evidence.

Here is a Lexington citizen who testified years ago that Doan's Kidney Pills relieved weak kidneys and low states the result was permanent. Can any sufferer from kidney ills ask better proof? You can investigate. The case is right at home.

C. S. Mitchell, farmer, Lexington, Mo., says: "My kidneys troubled me and one of our best physicians didn't help me. It was hard for me to control the kidney secretions. Finally I got Doan's Kidney Pills from Crenshaw & Young's Drug Store and since I used them my kidneys have been strengthened and I do not have pains. The testimonials I have given for Doan's Kidney Pills before hold good. The benefit I got has been permanent."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

## Studebaker

"The wagon that stands up like the reputation of its makers"

When you buy a Studebaker wagon you buy a wagon that will last until you turn the farm over to your son and he turns it over to his son.

One of the first Studebaker wagons ever made saw constant service for thirty years, and we will gladly send you the names of farmers who have in their possession wagons that have been in constant use anywhere from 17 to 48 years—and there are thousands of them. We are building the same kind of wagons today.

A Studebaker wagon is an investment that will give you full return for your outlay. It is built on honor. Iron, steel, wood, paint and varnish used in its construction are tested and retested to make sure each is the best.

For work, business or pleasure—for town or country use—there is a Studebaker vehicle to fit your requirements.

Farm wagons, dump carts, trucks, buggies, surreys, runabouts, pony carriages, business vehicles of every description—with harness of the same high standard.
