Are You Going To School?

The Fall Term at the Warrensburg State Normal School will begin Tuesday, September 9th. The catalog will be sent on request.

The State has invested \$475,000.00 in this Normal School Plant. The School prepares teachers for all the needs of all the schools.

Every Department is well organized and well equipped. Of the Library Dr. Sazzallo, Columbia University, New York City, said, "This is the best Normal School Library I have ever seen."

The standards of work in this school are high, and the cost to students less than in any other school of same rank. Last year was the best in the existence of the school, but not as good as the next will be. Laws enacted by the last Legislature give the people of Missouri new opportunities in education. Schools will mean more. Teaching as a profession will mean more to Missouri's young men and young women. Crops may fail, and business may fail, but the demand for well prepared school teachers will never fail. Through scholarship and a preparation to do some one thing well is always a sound proposition. That is our proposition.

VALUABLE ADVICE

Lexington Citizens Should Profit By the Following Statement.

Doan's Kidney Pills were used by this Lexington resident.

Their merit was shown—the story told.

Now comes further evidence.

The testimony is confirmed.

The remedy was tested—the results lasted.

Could Lexington residents demand stronger proof?

It's Lexington testimony. It can be investigated.

Mrs. J. Neet, 119 S. Ninth St., Lexington, Mo., says: "I had rheumatic pains off and on for seven years. I never found much relief until I used Doan's Kidney Pills in the winter of 1911. They went at once to the root of my trouble. I am glad to recommend them. I got my supply at Crenshaw and Young's Drug Store."

NO TROUBLE SINCE.

Mrs. Neet gave the above testimonial in December 1911, and when interviewed on October 16, 1912, she said: "I am willing to confirm my former endorsement of Doan's Kidney Pills for they brought me prompt relief. I haven't needed a kidney medicine since."
