A Possum Party.

Thursday night a party composed of Preachers, Doctors, Dentists, Bankers, Professors, Lawyers, Lumbermen, and Bachelors went out in search of Old "Bill" Possum. They were awarded by capturing one fine, greasy specimen. The following gentlemen composed the party:
 Dr. Z. M. Williams, Rev. R. N. Allen, Dr. W. R. Eckle, Dr. B. T. Payne, Dr. C. T. Ryland, J. C. Shelton, T. P. Parker, W. B. Waddell, Wm. Aull, Jr., Jas. T. Kinkaid, W. L. Groves, F. Lee Wallace, Coleman Eckle and R. W. Campbell.

It is estimated that 1,000,000 homes in Belgium have been so ravaged by the Germans that they are uninhabitable. Thus between 6,000,000 and 7,000,000 Belgians are without homes. Now while the neutral nations including the United States are sending millions of dollars worth of supplies, German has demanded an indemnity of the city of Brussels of \$9,000,000, payable at the rate of \$500,000 a week. As far as we know, German military authorities are failing to take any steps for the relief of the Belgians, but it is reported that they are shipping food out of the country for the use of their army. Truly, there will be a day of settlement.

Miss Ruth Craig returned Friday morning from a visit in Aullville.
 Misses Jean Ardinger and Jean Brightwell went to Kansas City Friday morning for a visit.
 Mrs. T. C. Crenshaw and daughter, Miss Martha, and Mrs. T. J. Green and daughter, Miss Mary, went to Kansas City Friday for a visit.

COAST'S BIG HONEY YIELD

California Alone Will Produce Five Million Pounds This Year.
 The output of honey in California for 1914 amounts to 5,000,000 pounds, worth an average price of six cents a pound, making this season one of the largest and most prosperous for the bee men. This statement was made by C. E. Vanlandingham, the largest honey packer in the State. The crop is of fine quality.
 California is the heaviest producer of honey, with Texas second. The market for honey lies more largely in the Southern States than elsewhere in the country. Besides the immense quantity of California honey consumed in the United States a considerable portion ordinarily goes to England and Germany, which markets are now closed.
 Most of this State's honey comes from southern California and the San Joaquin Valley region. According to figures furnished by the State Bee-keepers' Association there are about 588,000 colonies of bees in the State, averaging seventy pounds of honey each per year.

Mr. and Mrs. Meng Shelby returned Wednesday evening from their honeymoon trip and took up their residence in a cottage on Taylor avenue. Their friends gave them a charivari party that was a cracker-jack.
 Algernon Smith went to Kansas City Wednesday night on business.
 Col. S. J. Huston went to Independence yesterday on business.
 John Wilmot went to Kansas City Friday morning to spend the day on business.

THE BLOW ALMOST KILLED FATHER.

Father was hypnotized into the idea that he could buy that new front door cheaper in Chicago than he could at home. So he sent away for it, but "The Blow Almost Killed Father," when a few days later he found he could have bought the identical door from us and saved \$2.00 on the deal. The catalog price was a little lower than ours, but father forgot to add freight, express and money order charges, which made his door cost him more in the end than if he had bought it at home.
 And he had to put up his money in advance, and wait almost a month for his door, at that.
 Fix this in your mind—we offer you better grades and prices in Lumber and Building Material than any mail order house can offer you, and you're not buying "a cat in a bag," but see the goods before you pay.
 And that's worth considering.
