Give Your County Credit For Enlistment And Have Your Name Placed on the Honor Roll.

The United States Army, on the 15th of June was still short 70,000 soldiers. The War Department is desirous of filling the regular army with the above number by June 30th, 1917, by volunteer enlistments.

Each county in the State has been allotted the duty of furnishing two men per thousand population, and up to June 15th, the total of volunteer enlistments procured in this county since April 1st, has been Nineteen men with a shortage of forty men to complete their full quota.

It is important that the full quota for the regular army be obtained by June 30th, 1917, so that the 51 new regiments, organized since the declaration of war, will be at full strength. It cannot be impressed too strongly upon the minds of the public in this county for the urgent need of obtaining the full quota allotted to them, at the earliest practicable date. Unless this is done, valuable time in training will be lost.

Come to the colors men and give your county credit for your enlistment and have your name placed on the honor roll.

The officials of the Army are inclined to believe that the men who have registered are under the impression that they cannot enlist voluntarily.

Registration is no bar to voluntary enlistment.

Apply at once to the nearest Recruiting Station, or to your local postmaster.

Pershing's Forebears Came From Alsace.

When "Black Jack" Pershing fights with the French to help regain the province of Alsace, he will strike to free the home of his ancestors. Gen. Pershing's forefathers came from Alsace.

Frederick and John Pershing came to America from Alsace in 1749. They landed at Baltimore on Oct. 2.

Records show that these two brothers lived near where Greensburg now stands. John Pershing was also one of the ninety-four patriots who took the "oath of fidelity and allegiance" to form a regiment, which was the nucleus of Col. Proctor's Westmoreland Provincials, whose standard was the rattlesnake flag.

Gen. Pershing is a decendant of Frederick Pershing and is the fifth in line. Both his father and grandfather were born where Bradenville, Westmoreland County, is now located, twelve miles east of Greensburg.

In 1855 the General's father went West and settled in Laclede, Mo., where the General was born.

A public road in Alsace leading from the little town Beuroman is called the Pershing road.—New York World.
