FARM BUREAU NEWS

(Continued from Page 1.)

Thursday, September 29. It will then be loaned to four women of the community who will use the cooker for a week or two and then report their success with the cooker at some later meeting. In this way the women will not depend on an outsider for information on kitchen utensils but on people whose integrity is known to them. Some other utensils the Bates City women want to try out are the dish drainer and bread mixers.

The women of the Bates City community are as progressive as their husbands who are urging all the new farm machinery to make their work give the best results for the effort put into it. They believe they can be more efficient home makers if they can spend less time at their work and still have it well done. This will give them more time for their children and home. In this way they are making the proper use of the Farm Bureau which is an arm of the State University which is reached out to them.

The First 10,000.

Membership in the U. S. Grain Growers, Inc., last week passed the 10,000 mark according to an announcement made Tuesday by the national headquarters in Chicago. Since September 1 the average number of contracts received daily at the national office has been 238, during that ten-day period that ended September 12 active solicitation was in progress in only five states. The organization department is receiving returns from nine states but no noteworthy progress has been made thus far in September in states other than Illinois, Missouri, Oklahoma, Nebraska and Indiana. Indications are that before the month closes organization work will be extended to at least two new states—Iowa and Minnesota—and that in South Dakota Kansas and Colorado solicitation will be energetically under way. From the standpoint of memberships, North Dakota is in first place with 4,129; Illinois is second with 1,625; Oklahoma is third with 1,119, and Nebraska fourth with 1,026. At the time the membership passed the 10,

000 mark exactly 350 local association contracts had been signed. North Dakota was first with 113 and Nebraska second with 107.

NEW MEN ON FOOTBALL TEAM

Prospects Are Promising And Many Are Trying Out.

From The W. M. A. Transmitter. Simultaneously with the opening of school the interest in football begins to simmer and boil. On the very first day over fifty men answered the call to practice and since then the number has been greatly increased. The goal posts are in place and it is only a short while until the battling elevens will be tearing up and down the field.

But what of the prospects? They seem to be good. There are at present only four letter men in uniform as last year's team was nearly all lost by graduation. These four are Masters, guard; Mullendore, end; Bradfield, half; and Taubman. This quartet has proved its worth and Taubman and Bradfield are considered especially fast. But some of the best of last year's reserves are back in uniform and they should be stars this year. Among these players are Patrick, Reid, Haysler, Berg, in the line and Le Flore in the backfield. Some company men are also looking promising. Corzatt, Clammer, and Nail should develop into valuable men. Besides all of these there are many new men who show much ability. More will be said of them next week. The team may be a little lighter than usual but from all appearances it will show great speed and shiftiness. Furthermore, the men have the best kind of fighting spirit and that means more than anything else.

Coaches Wikoff, Muench, and Clemens are giving the boys stiff workout. The first scrimmage was held Saturday. Every afternoon the players go through hard training and they are rapidly rounding into condition.

The schedule that faces Wentworth this year is unusually hard. The first big game comes with the Warrensburg Normals on their own ground, September 30th. The teachers always have a strong team. Last year the Red and White battled them to a 0 to 0 tie. After Warrensburg come two more of the strong colleges of the state. Kansas City University and Missouri Valley of Marshall. Then of course, there are Chillicothe, M. M. A., and finally Kemper of our own conference—all hard games. This year W. M. A. plays K. M. S. in Boonville on Thanksgiving and the team will be accompanied by the whole corps on a special train.

Thus it can be seen that the varsity has hard work ahead, but coaches and cadets are confident that old Wentworth will bring home many scalps. The material on hand is excellent and there are rumors that Wills, Dunning, and Wenner will soon return. The schedule:

- Sept. 30. Warrensburg Normal at Warrensburg.
Oct. 7. Kansas City University here
Oct. 14. Missouri Valley College here.
Oct. 21. Open.
Oct. 28. Chillicothe Business College at Chillicothe.
Nov. 4. Open.
Nov. 11. Missouri Military Academy here.
Nov. 18. Olathe Mutes here.
Nov. 26. (Thanksgiving) Kemper at Boonville.

WHY SUFFER SO?

Why suffer from a bad back, from sharp, shooting twinges, headaches, dizziness and distressing urinary ills? Lexington people recommend Doan's Kidney Pills. Ask your neighbor. Could you ask for stronger proof of merit?

Mrs. Ben Stevenson, 113 O-neida St., Lexington, says: "I am a firm believer in Doan's Kidney Pills and cannot recommend them too highly. Several years ago I was in awful condition with my kidneys. My back ached continually and if I stooped over to sweep or dust, sharp cutting pains would dart up and down my back. The irregular action of my kidneys also caused me a great deal of annoyance, especially nights. I used Doan's Kidney Pills and felt better from the start. Continued use of Doan's completely cured me of all the trouble and I am glad to recommend them again just as I did some years ago. I have had no trouble since that time."

60c. at all dealers. Foster-Milburn Co., Mfgs., Buffalo, N. Y.

C. H. Smith, former secretary of the Chamber of Commerce, spent Thursday in Lexington.

Wm. Murphy of Sedalia arrived Sunday evening for a brief visit here with relatives.

A Great Remedy.

The merits of Chamberlain's Colic and Diarrhoe Remedy are well known and appreciated, but there is occasionally a man who had no acquaintance with them and should read the following by F. H. Dear, a hotel man at Dupuy, Mont: "Four years ago I used Chamberlain's Colic and Diarrhoea Remedy with such wonderful results that I have since recommended it to my friends." Adv.

S. W. Williams returned Saturday evening from a two weeks visit with relatives in Clinton, Mo.

Geo. K. Wallace of Kansas City spent Sunday here with relatives.

An Old Fault Finder.

An irritable and fault finding disposition is often caused by indigestion. A man with good digestion and bowels that act regularly is usually good natured. When troubled with indigestion or constipation take Chamberlain's Tablets. They strengthen the stomach and enable it to perform its functions naturally. They also cause a gentle movement of the bowels. Adv.

A marriage license has been issued to the following: Frederick H. Gilhaus, Concordia Ida GilhausConcordia

A Traveling Man's Experience. You may learn something from the following by W. H. Ireland, a traveling salesman of Louisville, Ky. "In the summer of 1888 I had a severe attack of cholera morbus. I gave the hotel porter fifty cents and told him to buy me a bottle of Chamberlain's Colic and Diarrhoea Remedy and to take no substitute. I took a double dose of it according to the directions and went to sleep. At five o'clock the next morning I was called by my order and took a train for my next stopping place, a well man." Adv.

Mrs. P. V. Barnett and sister, Miss Louise Shull, went to Kansas City Sunday for a few days' visit.

The Best Physic.

When you want a pleasant physic try Chamberlain's Tablets. They are easy to take and mild and gentle in effect. They are highly prized by people who have become acquainted with their good qualities. They only cost a quarter. Adv.

TOO MUCH FORSCHLER

Higginsville's Southpaw Gave The Athletics a Beating.

The Higginsville team defeated the Lexington Athletics Sunday on the Higginsville grounds by the score of 4 to 0 in the last game of the league season. This gives the pennant for the last half of the Higginsville team, who will play a post series with the Concordia team, winners of the pennant in the first half.

Quiet a number of fans from here made the trip to Higginsville, all of whom thought to the last minute that "Jack" Wheeler, a local boy, who is in the army but now home on a furlough, was going to take part in the game. He had been passed on by the "Big Three" two weeks ago, making him eligible for the last two games. A number of the local rooters let a few "sheekles" get away from them by thinking that way. The Athletics took their fielding practice just before the game started, Wheeler going to his position in left field, and working out there during the entire fielding practice. He was taken out just as the team was coming off the field.

Forschler, Higginsville's big left hander, held the local aggregation off all through the game, and also hit two into the race track himself, one for three bases and the other for two. Shahan, the Lexington pitcher, was taken out and put into center field in the seventh inning, Leirman going to the box for the Athletics in the last two innings.

The first game of the series between Higginsville and Concordia will be played at Higginsville next Sunday.

HOME TOWN PAPER WEEK

Nation-Wide Movement Set For November 7-12

Every Four Corners has its Home Town week now-a-days, but all the boys and girls who have wandered from the Township center cannot get back to enjoy the loved surroundings. But all can subscribe to the old home town paper and thus keep well in touch with the little spot they once called home.

What joy to run over the school promotions and find that the tots of a few years ago are moving higher and higher in scholastic circles and eventually blossom forth as the "sweet girl graduates," or the clean strong boys discarding knickers.

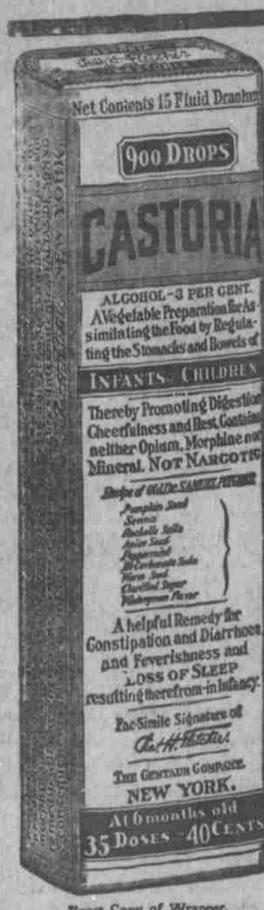

Just watch that hardened old city coddler open up his home paper—it is the first thing he picks up out of his bunch of mail—and what can he find there to interest him? Angus McGugan's horse died yesterday; Peter McGregor will run for the county clerkship; Jim Jell hopes to win the secretaryship of the Hilltown agricultural society; Lydia Munger has opened a millinery store in one side of the postoffice; Mrs. Brown lost her pocket book in the butchery; Mrs. Plater broke her ankle and is in the hospital.

Yet though he smiles at the old-time styles and expressions he enjoys it all over and over again, for it takes his mind back home where his wonderful, boyhood days—happy days—were spent.

Judge Powell's Wife Dead.

The wife of David J. Powell, presiding judge of the county court, died very suddenly Tuesday evening at her home in Odessa. The funeral was held at the home Thursday morning at 10 o'clock.

It can be arranged for those entering any time next week or the Monday following to join the new classes which were organized at the big Fall Opening of the Chillicothe Business College last Tuesday. Adv.
