GOVERNOR STONE'S KANSAS CITY APPOINTMENTS NEAR AT HAND.

He Desires to Have a Police Board That is in Harmony With the Administration—The Election Fraud Cases.

Governor Stone arrived in Kansas City yesterday morning for the purpose of attending the banquet of the Jackson County Bar Association and consulting with leading members of his party in regard to the appointment of a police commissioner to fill the vacancy occasioned by the resignation of Mr. Corrigan. He also came to consult with Prosecuting Attorney Marcy K. Brown and Special Prosecutor R. E. Ball in regard to the proposed prosecution of persons guilty of election frauds.

Governor Stone expected to meet Police Commissioner Wiley O. Cox, whose name has not yet been sent to the senate for confirmation, and who, it is rumored, may be relegated to private life between the governor and the senate, but Mr. Cox had gone to Washington with Harvey Salmon, of Clinton county. Like Mr. Cox, Mr. Salmon is a banker as well as a politician. Together they handle all the money paid by the government to the Chickasaw and Choctaw Indians. Their mission to Washington is connected with their dealings with these Indians, and they will probably remain there a week or ten days.

After ascertaining that Mr. Cox was out of the city, Governor Stone went to the drug store of H. Clay Arnold, his appointee for recorder of voters. He conversed with Mr. Arnold a few moments and then sought Prosecuting Attorney Brown in his office in the criminal court building. As Mr. Brown was not there, the governor left word that he would return to Mr. Arnold's store and remain there half an hour, and should Mr. Brown return to his office he would be pleased to see him at the store or at the Coates House later.

Shortly after returning to Mr. Arnold's store, Mr. Brown arrived there and he and the governor went to the office of Special Prosecutor Ball. There he was shown the list of the special grand jurors appointed to investigate election frauds, and was told by both Mr. Brown and Mr. Ball that they were intelligent, conscientious men and that they could be relied upon to see that no guilty person escapes. Governor Stone expressed himself as pleased with the prospect of indicting and convicting the guilty.

When he had finished his talk with Messrs. Brown and Ball, Governor Stone called upon Mr. E. K. Fyke, who is generally understood to be the successor of Bernard Corrigan upon the police board. They left the Keith & Perry building in which Mr. Fyke's office is located, and went to dinner together. Subsequently the governor saw and conversed with a number of other well known gentlemen who belong to what the Francisites call the "Stone crowd." He returned to the Coates House at 5 o'clock, where he was met by a representative of the Journal.

In response to the question: "When will you appoint a successor to Mr. Corrigan?" Governor Stone replied: "All my appointments will have to be made soon, as the time in which I can make them will expire. I shall probably name in the names of the two police commissioners for Kansas City within the next week or two. My main object in coming here to-day is to get acquainted with a number of gentlemen in regard to the qualifications of certain other gentlemen whose names I have been considering, and to see the latter gentlemen themselves, with some of whom I am not acquainted, or at least not well acquainted. I am moving slowly because I am anxious to avoid making mistakes. I am anxious that the affairs of this city, so far as my appointments are concerned, shall be wisely and honestly administered. A great deal of responsibility rests upon me as governor of the state of Missouri. I cannot spend weeks and months here. I might get a thorough understanding of the situation and of the qualifications of persons whom I am to appoint, but I cannot get during a hasty visit like the present one. Of course I haven't time to remain here. I must leave in the morning for Columbia.

"The general impression is that M. A. Fyke will be appointed as Mr. Corrigan's successor and that Wiley O. Cox may not remain a member of the police board after the appointments are made and confirmed. Do you desire to say anything in regard to these gentlemen?"

"I haven't announced who my appointees will be. In fact, I have not fully made up my mind as yet. I am making Mr. Fyke I have known for many years. He is a good lawyer and an estimable gentleman. I have also known Mr. Cox for a number of years, and our relations have been pleasant. I have never said to anyone that I would not send Mr. Cox's name to the senate for confirmation. All I care to say about the police commissioner's matter is that it will soon be settled. I am anxious to get the police force in condition to make it as efficient and admirable as possible. While I do not insist and never have insisted that any appointee of mine shall put on my political badge or wear a collar labeled with my name, I feel that my appointees should be in entire sympathy and in complete harmony with my administration. They should consult with me whenever it is necessary to do so, for I am, as governor of the state, held responsible to a great extent for their acts. I have no desire to build up a political faction here in Kansas City, nor do I desire to make of the police force a political machine to subvert whatever ambitions I may have.

When will Mr. Arnold receive his commission as recorder of voters?"

AGAINST SUNDAY SCHOOLS.

Rev. S. M. Brown Surprises Some of His Fellow Ministers in a Convention.

The Blue River Baptist Missionary and Sunday School Association began its meetings yesterday afternoon at Bales Chapel Baptist church, corner of Bales avenue and Twelfth street. The association comprises all the Baptist churches of Jackson and Cass counties. The meetings will continue till to-night, when they will be closed with a mass meeting at 8 o'clock.

DENOUNCES CLEVELAND.

Judge Lincoln, of Liberty, an Old Time Democrat, Denounces the Gold Bug Administration.

The plan suggested by President Cleveland in his message to congress of issuing gold bonds for the redemption of the gold coins is not very pleasing to the mind of Judge James E. Lincoln, the old time Democrat of Liberty. Like Senator Vest, Judge Lincoln has found a point at which their political paths diverge, and it was on the national question. Judge Lincoln is very much opposed to the gold bond idea and does not hesitate to state how he feels on the subject, despite the fact of political considerations.

NO MORE PENSIONS.

The Police Relief Association, in View of Possible Changes, Has Amended Its Charter.

At yesterday's meeting of the Police Relief Association, the charter of the association was so amended that pensions will not be allowed in the future. Other changes of minor importance were made. Prior to yesterday's change in the charter a policeman who had served ten years continuously on the police force could receive with a pension of \$35 a month. The pension was paid out of the police relief fund. There are now between twenty and twenty-five policemen on the force who have served for ten years and more, and it is believed that some great change in the force by which these men might be dropped would involve the association in a heavy outlay of money. The only beneficiary of the old provision of the charter is Michael Collins, a policeman who will continue to draw \$5 a month from the association.

MAJOR DAVIS RETURNS.

He Had a Good Time and Brought Back a Stuffed Alligator.

Major Davis returned yesterday from a week's trip to Jacksonville, Fla., and other southern cities. He was accompanied on the trip by Mr. John A. Davis, of Memphis road. They stopped one day at Memphis, going thence to Birmingham, Ala., and from there to Atlanta, Ga. They then proceeded to Jacksonville. Major Davis called upon the mayors of these cities and was most hospitably received by all, being shown every courtesy possible. He attended the reception of the state veterans at Mrs. U. S. Grant in Atlanta.

MR. SLATER AND THE MAYOR.

Letters in Regard to the Benefit to Be Given Sunday Night at the Auditorium.

On his return from the South yesterday Mayor Davis found awaiting him the following letter from John Slater, who will give a benefit at the Auditorium Sunday night for the benefit of the mayor's charity fund:

"So much relief was rendered by the expenditure of the \$27 received at the Monday hall benefit to the mayor's charity fund that I determined to offer you a benefit for the Bank of Commerce, the Theatre and the printing of a number of large placards and Lawton & Burhop have donated the printing of a large number of handbills. It is confidently expected that the entire amount of \$27 will net \$150 for the benefit of the poor of the city.

NAVARRO.

This day, February 1, 1895, the Baltimore and Ohio Building, at the corner of Twelfth and Broadway streets, and the Twelfth street. Every modern improvement is to be seen here, including steam heat, hot and cold water, electric light, elevator and gas connections. The most rigid rules will be enforced to protect guests in the building against fire, theft and other dangers. Guests will find this a safe, quiet and pleasant home almost in the very center of the city at moderate prices. Call on 818 Herndon, agent, at "Navarro."

Under the auspices of the School of Fine Arts of the University of Kansas, Professor S. C. Barry, of Yale college, will illustrate the "Tendencies of Modern Art" with 100 stereoscopic views of modern pictures selected from the salons of 1894, accompanied by an explanatory and critical lecture, at the Hopkins church at 8 o'clock on Friday evening, February 1. Tickets, 50 cents each; for sale at Jaccard's.

Why will you suffer? Why will you die? with Rheumatism, when relief and a cure is within your reach?

THE GREAT TURKISH RHEUMATIC CURE. A SURE AND POSITIVE CURE FOR RHEUMATISM.

Ordinary rheumatism is caused by exposure to drafts of cold air when the body is overworked and wet with sweat, especially when there is a derangement of the kidneys and other organs—they fail to do their duty—and the result is a poison is left in the blood, which becomes the cause of the disease. It is not the rheumatism itself that is the trouble, but the fact that it is not removed. The cure is to be found in the blood. It is not a cure for any disease, but it is a cure for the blood.
