

INDICTED MR. OWSLEY

GRAND JURY RETURNS TWO BILLS AGAINST THE EX-RECORDER. PERMITTED FRAUD IN OFFICE.

WILL PROBABLY APPEAR AND ENTER A PLEA THIS FORENOON.

Judge Wofford Compliments the Jury on Its Good Work and Excuses It Until Next Monday—No Arrests Made.

At 4 o'clock yesterday afternoon the grand jury came into court and made another report. Forty-three true bills were found, and ten of these were against election offenders, according to the statement of Assistant Prosecuting Attorney Neal.

While not made public, according to the best evidence obtainable the most sensational of these ten were two against Charles S. Owsley, ex-recorder of voters.

For permitting and abetting fraudulent registration of voters in the interests of the gang in the years 1893 and 1894, a separate indictment being returned for each year. It also reported, on the authority of those who have ready access to the ear of Prosecuting Attorney Jamison, that an indictment was found against H. G. Hiltow, a deputy in the office of Recorder Owsley at the time of the election last fall, in connection with the forgeries by which it was sought to count in Bremerman and Keshlar.

One of the election indictments was another against O. W. Krueger to take the place of a defective one, of which there seems to be too many altogether, and the others are said to be against minor tools of the gang. It was late when the grand jury reported, so no arrests were made last night.

When the grand jury submitted its report to Judge Wofford, he examined it carefully, and when he had concluded he said that he wished to say to the members that the work had come in in better shape than ever before from a grand jury, and that the members were entitled to the thanks of the citizens of Jackson county. Judge Wofford further told the members to be taken into the office of the recorder of voters to be registered every Saturday night during the campaign, and that in this way the registration lists in the second ward were swelled to the proportions needed by the gang to enable them to do their dirty work of stuffing the ballot boxes.

An effort was made to see Mr. Owsley of remarkable efficacy as a resistant to the advances of old age; in nervous prostration or neurasthenia; Hysteria; Nervous Dyspepsia; Hypochondria and mild forms of Mental Derangement; Functional Brain Disturbance due to defective nutrition of the organ; temporary or long continued Brain Exhaustion resulting from intellectual or emotional strain. A single dose will, in cases of this character frequently act as a complete restorative of the nervous system. In Insomnia resulting from over mental work the effects are most happy. This is CEREBRINE from the brain of the Ox, one of the famous Animal Extracts recently discovered by Dr. Wm. A. Hammond.

Other Extracts are Medulline, from the spinal cord, for Epilepsy, Locomotor Ataxia, etc. Cardine, from the heart, for diseases of the heart. Testine, from the testes, for the testes. Ovarine, from the ovaries, for diseases of women.

The dose is 5 drops. Price per phial One Dollar. Send stamp for the book. It tells all about these wonderful remedies.

WATER WORKS BONDS.

Form of the Proposed Amendment Submitted to the Committee on Charter Revision.

By the unanimous vote of the members of the charter revision committee presented at yesterday's meeting, the proposed amendment establishing a board of park commissioners was approved.

Certain minor changes were made, but the text of the amendment was not materially altered. The document was returned to Attorney Hoff, who will consult eminent legal authority and report any suggested changes to the committee.

The committee will now proceed to amend the charter to provide for the purchase of water works by the city.

The proposed amendment was submitted by City Counselor Rozelle and was considered by the committee. It will be reported to the board of public works.

For the purpose of paying off and satisfying the judgment and decree of the United States court in the case of the Western district of Missouri, in the case of the National Water Works Commission, it is proposed to issue bonds.

Such bonds shall be in denominations of \$1000 and shall be payable to bearer from time to time, not more than twenty years from date, in lawfully earned interest on said bonds.

When the grand jury submitted its report to Judge Wofford, he examined it carefully, and when he had concluded he said that he wished to say to the members that the work had come in in better shape than ever before from a grand jury, and that the members were entitled to the thanks of the citizens of Jackson county.

JOHN NEWTON WILLIAMS. Eminent Inventor of the Williams Typewriter Owes Strength and Health to Paine's Celery Compound.

born in 1815, in Brooklyn, N. Y. He spent his early manhood on the Western frontier. Subsequently he settled in Kentucky, where he became known as one of the most successful stock breeders in the state.

But it is as an inventor that he has won his national reputation. Several most useful and important inventions were made by him before he produced the Williams typewriter, a machine that probably exceeds all others in the most important features.

Some four years ago when engaged in editorial work on the "Williams," I was putting in about sixteen hours per day of hard work and worry, and came near breaking down. Although very particular and regular in my habits and careful about my diet, my stomach troubled me. It was difficult to eat, and more difficult to digest and assimilate my food, my stomach acting in sympathy with an overworked brain.

CARRIER AND PHYSICIAN.

POSTOFFICE EMPLOYEES WHO ARE SAID TO SERVE IN DUAL CAPACITY. By Employing Substitutes They Have Managed to Graduate as Physicians—Democratic Politicians Threaten a Row in the Matter.

It was rumored on the streets yesterday that certain exalted Democratic politicians of the city were making a fight on Postmaster Homer Reed for certain practices in the management of the office. The exact charges said to have been made were that certain clerks and carriers were being retained in the office when they were actually practicing medicine in the city, having graduated in their studies during the spare time from their office work.

Postmaster Reed was seen concerning the matter last evening and said that he did have at the present time in the office some clerks and carriers who were graduates, and in one instance a carrier was doing some practicing medicine in the city. He was canvassed pretty closely, some days after the graduation of the men, and they were told that if they did not give up their position as a carrier they would be discharged.

It appeared to be quite creditable to the man who had been a carrier, and who had managed to pursue a course of study and graduate during their employment, and, inasmuch as their work was quite up to the standard in the office, we had nothing of which to complain. But when the clerks were graduated and began to open offices and bid for public patronage and favor, it was different.

Assistant Postmaster Sedgwick said that it was done in many other places. Even in Washington there are physicians holding places as clerks who keep their offices open after business hours, and in many instances they have been known to be called "sundown doctors" for the reason that their practice begins at sundown.

MODERN MIRACLES.

Cures Performed by the Boy Phenomenon That Rival Those of 1,800 Years Ago.

THE AUDITORIUM AGAIN THE SCENE OF THE MOST ASTONISHING AND UNPARALLELED ACCOMPLISHMENTS.

Kansas City in a Whirlwind of Excitement Over the Many Phenomenal Cures Performed Upon the Public Stage.

Hundreds of Hitherto Supposed Incurable Chronic Cases Are Now Walking Maimments to the Unlimited Efficacy of Animal Magnetism.

"Wonderful!" "Astonishing!" "Marvelous!" "The work of God!" "Miraculous!" "How can he do it?" and many like expressions were heard as the vast throng surged out of the Auditorium last night, after witnessing the last and most interesting exhibition of the Boy Phenomenon in healing the sick ever performed in this part of the country.

As on the two previous nights, the large Auditorium was packed to suffocation, many thousands being turned away, unable to gain admission. There has been no medical practitioner, or any other man in this city, who has attracted so much attention since his arrival here. He is the talk of the town. One hears an anecdote here but "Boy Phenomenon" is the chief topic of conversation on the streets, in the stores, in the saloons, in the public places, everywhere. His name, coupled with the marvelous cures he has accomplished through the aid of animal magnetism, has been every family in this country.

Those who desire private treatment and are able and willing to pay for same may call any day except Sunday, from 10 a. m. to 4 p. m. at his private parlors in the Midland hotel, where consultation, examination and advice will be given.
