KANSAS' FIRST ARBOR DAY.

Was Celebrated Twenty Years Ago in Topeka With Elaborate Ceremonies

-Celebrations Yesterday. Topeka, Kas., April 11.-(Special.) This Twenty years ago on the 2d of this month, Governor Thomas

A. Osborn inaugurated the first "Arbor
day" ever celebrated in Kansas. It was
a great day in Topeka, Major Tom Andersen was mayor of the city and he declared it a holiday. The people turned out
en masse with brase bands and processions
and processions bands and processions
where more than 1,000 trees were planted,
everybody taking part in the work. The
fire department was turned out to furnish water for the planting and specchmaking and music were part of the programme. The fine growth of shade trees
now surrounding the capitol is he result
of that day's work. During the winter
which followed the state house authorities
employed an old colored man to care for
the young trees. His bill amounted to
\$250, but it was never paid until the recent
session of the legislature was brought to
a realization of the injustice and passed
an appropriation paying the old man for n the 22d of this month, Governor Thomas

SECRETARY MORTON BEGINS INQUIRY INTO HIGH PRICES OF MEATS.

IS LOOKING FOR A COMBINE.

ORDERS ISSUED FOR A THOROUGH IN-VESTIGATION OF THE MATTER.

Statistics From Kansas City and Other Large Cattle Markets Asked For, and Other Information Requested Bearing Upon the Subject-Mr. Morton Interviewed.

Washington, April 11.-Secretary of Agri Washington, April II.—Secretary of Agri-dillure Morton to-day began an hopiry into the recent increase in the price of meats for the purpose of ascertaining I any combination in violation of law exist for the purpose of putting up prices. The cecretary's letter of instructions for the

statement of the number of cattle re-dived at the stock yards in Omaha, Kansas City, in East St. Louis and in Chicago during the months of January, February and March, for the years 1884 and 166. It is important just at this time to ascer tain as nearly as may be from those sources, what falling off there is in cattle supply of the United States, as compared

with previous years. In January, 1885, cattle sold for \$5.76; in February, the same year, for \$5.66, and in March, the same year, for \$5.776, per hundred weight at the Kansas City stock yards. And in 1892 they sold, in the same market, in January, at \$5; in February, at yards. And in 1822 they sold, in the same market, in January, at \$5,90, and in March, at \$4,70 per hundred weight. While in 1833 they sold, in January, at \$5,50 in February, at \$5,50 in March, \$5,70, and in January, 1894, at the Kansas City stock yards they sold at \$5,25, in February, at \$4,50, and in March, at \$4,50, in February, at \$4,50, and in March, at \$4,50, in February, at \$4,50, and in March, at \$4,50, in February, at \$4,50, and in March, at \$4,50, in February, at \$4,50, and in March, at \$4,50, in February, at \$4,50, and in Chicago during January, February and March, of 1885, and also the numbersof cattle received at those points during that time.

The largest cattle receipts at Chicago in a single week were \$6,28 head, received; and the largest cattle receipts at Chicago in a single week were \$6,28 head, received during the seven slays ending September 19, 1891, and the largest receipts of cattle for a single month at Chicago were in September, 182, when 385,466 head were received.

Be kind enough to instruct the agents of the bureau of animal halustry of the United States, department of agriculture, wherever they may be stationed, to collect and send in as rapidly as possible all reliable data at their command, which may tend to truthfully show what diminution if any, there is in the cattle supply of the United States for the year 1836, as compared with previous years.

Judge David Martin, who has been appointed to the chief Justiceship, has been a resident of Atchison for about twenty years. He came to Kansas from Ohland received both a college and a law education in that state. He has long been recognized as one of the foremost lawyers of the state, and Judge Horton speaks of him as a man of sterling integrity. He is used about 50 years, and served honorably in the war of the re-Kansas as a candidate. In 1880 he was elected judge of the Second judicial distriet, composed of Nemaha, Brown, Atchand Doniphan counties, by a total of 13,360 votes, without one vote against him. Four years later he was re-elected by a total vote of 14,392, with but one vote against him. A parallel to this has Before his second term expired he re-Atchtson. The resignation and appointthe comptroner in a decision of the comptroller and that he need give the matter no further attention, as he intended to appoint a Kansas City man. Colonis Robert L. Owen, of Muscogee, also called on the comptroller and put in a word for Wiley O. Cox. of Kansas City. Mr. Owen assured the comptroller that if Mr. Cox was appointed he would never have cause to regret it. Mr. Cox left this morang for New Haven, but expects to return to morrow evening.

The appointment of Mr. Petry will likely result in the law firm of Fyke, Vates & Fyke, of Kansas City, securing some of the legal business of the bank. The father of Aftorney Vates is a partner of Representative Bookery, which may be the reason Mr. Dockery indorsed Mr. Petry for the appointment of receiver, it is also certain that the comptroller will suggest to Mr. Forty that some of the legal business be given to Mr. Thomas George of Kansas City, owing to the fact that Mr. Logar Carlisle, while living in Kansas City, be came a triend of Mr. George, who at the time lived in Weilington. Mr. George is also an old time friend of Mr. W. C.
