Bicycle

BONDS ALREADY ENGRAVED.

BUT THE COUNCIL MUST ACT BEFORE THEY CAN BE SIGNED.

As Soon as the Vote Has Been Canvassed and Certified the Proper Proceedings by Ordinance Will Be Taken-Committee Disbands.

Unless unforeseen accidents and delays intervene, the city will be in possession of its water plant by August i. The only thing likely, and that is regarded as shadowy in the extreme, when the vote of Thursday is considered, is that either the company or some citizen opposed to the issue of bonds may go into court and atissue of bonds may go into your and at tempt to stop the consummation of the deal by injunction. The city officers do not fear this, as they are cathoded that the end of the fight has come at last, and all that remains is compliance with the terms of the decree of the federal courts. Having done this the city will be entitled to immediate

diate possession and will take it.
The remaining details are of a forms nature. The amendment adopted by the people confers on the council the power to issue the bonds and enforce the contract entered into for their sale. This cannot be done until Recorder Arnold certifies tract entered into for their sale. This cannot be done until Recorder Arnold certifies the vote to the council. The vote must be canvassed by Recorder Arnold and two istices of the peace. This will be done link me time next week. As soon as the certificate showing that the amendments have to een adopted is filed, the council will pass her ordinance declaring the result, and also declaring the amendments part of the chalter. Then the council will pass an ordinance declaring the result, and also declaring the amendments part of the chalter. Then the council will pass an ordinance, to be submitted by the law departitent of the city, which will provide for it it issue of the bonds and all the details incerning denomination, etc., necessary to complete the business. Having done this the mayor and comprodler will sign the bonds, which will then be deposited with the clerk of the circuit court of the United States for this district, and the city's end of the business will be reached when the money is paid into court and apportioned according to the decree.

The ordinance to enforce the decree and contract will furnish all of the details of the transaction. There is really little to be done, as the bonds have been congraved, and all that is needed is the authority to sign and the signatures of the iwo efficiency designated by the charter to make them legal. This signing will be a work of some legal. This signing will be a work of some legal. This signing will be a work of some legal. This signing will be a conference of the securities. The law department has no doubt that the matter will be consummated without hitch or delay, and is ready to finish the good work made possible by the people Thursday.

Judge McDougal called a conference of the attorneys for the city vecteriary, but owing to the necessary absence of Mr. (tage, the discussion was critical, there was no need for haste. He hopes to have a conference with the counsel for the city and water works fointly in a few days, in order that all may be arranged satisfa

ion. Comptreller Shannon said that there was Comptreller Shannon said that there was

Justed amicably without additional litigation.

Comptroller Shannon said that there was considerable work to be done, but there was no cause for delay. He understood that the bonds have been engraved, and all that is needed is to pass the ordinance conferring authority on the proper officers to sign them up and make the sleposit required under the decree. He believed that the vote at the special election was so impressive that nobody would have the temerity to attack the bonds. He believed the company would accept the inevitable and yield to such an overwhelming expression of public sentiment.

The members of the Citizens' Association, the organization which waged such a vigorous and successful campaign of education, met at headquarters yesterday and eloged up their business and dissolved the association. Chairman Richards, of the finance committee, was especially gratified at the result of the election. He said that the action of the beond committee. He said that while the bond committee. He said that while the bond committee had gone with the members to the committee had gone with the members to the solow if the men who cast shurs on the committee had gone with the members to the solow of the bonds, and that the example of the found that every possible thing had been done to make it hard to sell the bonds, and that the committee, and that the committee, and the time and under the circumstances.

The only danger is that some man may attempt to stop the issue of these bonds on the ground that they exceed the deht making limit of the city, and are, consequently, illegal. This will be met with the decision of the federal circuit court of appeals, where it was held that the contract for the nurchuse of the water works was made before the constitutional limit was incorporated in the constitutional limit was incorporated in the constitution. It is not believed that any state court will make a ruling in the face of that decision and the manifested wishes of the people, as shown by Thursday's election.

Professor Hain

Professor Haines, chemist to the Chicago board of health, says he has found the Royal Baking Powder the purest and strongest, and superior to all others in every respect.

BUSINESS SESSION.

Reports Received at Yesterday's Meeting of the Kansas Classis.

The session of the Kansas classis of the Reformed church opened at 8:30 yesterday morning for business in St. Paul's Reformed church, 1626 Central street. President Dechant called the meeting to order. Dr. D. S. Pouse, general missionary order. Dr. D. S. Fouse, general missionary superintendent, was present and made a few remarks. Most of the day was occupied listening to and discussing perochial reports, which appeared quite satisfactory. Nearly all reports show an advance along all lines of church work. A motion was adopted recommending the disposal of the Denver church property, and after satisfying all incumbrances against that property, to place the remainder at the disposal of the church to increase the conveniences of worship.

The Women's Chassical Missionary Society held a meeting yesterday afternoon in the lecture room of the St. raul's Reformed church. The home missions and church extension work were the important features brought before the important features brought before the meeting for discussion. A large number of delegates are present.

TOUCHED OFF POWDER.

Three Little Boys Have Their Faces and Arms Blown Full of Glass,

Three small children of Morris Berkowitz, a second hand dealer at 208 Independence avenue, were seriously injured by the explosion of a small bottl f gunpowder yesterday afternoon at H o'clock. William, Benjamin and Noah Herkowitz, aged 6, 4 and 3 years, found a bottle of powder in their father's store. The boys carried it to the pavement and dropped a lighted match down the fleck of the bottle. Instantly there was a loud explosion. People in the vicinity of Missouri avenue and Oak street thought that some one had attempted to wreck the Jall. Windows on both sides of the street where the accident hap-pened were blown out. A large crowd soon gathered and the police were forcest to take charge of the store, into which the children had been carried. The

police ambulance was summened and the children were taken to the police station, where Police Surgeon Hyde found their Injuries trivial. It required several hours' work, however, to pick out all the broken bits of glass from their faces, legs and arms. Noah, the youngest boy, was slightly out on the left foot. After their wounds were dressed the children were taken to their

home. The persons who heard the explosion are at a loss to understand why the

A Letter of Inquiry.

Postmaster Homer Reed yesterday received a letter from Mrs. Annie Mortison, of 2162 North Twenty-fourth street, Omaha, inquiring as to the whereashouts of one Rasmis Mortison, her husband, who is thought to be working on a farm near Kansas City. The letter stated that she was out of work, her child was ill and they very much desired to find Mr. Mortison, as both were in nessi of his care and support. No such person is known at the postoffice.

The Royal Baking Powder is recom-mended by the best chefs and authorities on cuisine in every land.

Opportunity for Fishing.

The Westport & Waldo raliway will run a special train to filme fliver park Sanday and Tuesday evenings, the 9th and lith leaving Westport at 720 p. m. and re-turning, leaving the park at 10 o'clock. The river will be lighted. Fishing at the park is very good this season.

The Missouri-Kansas Canners' Association met yesterday afternoon in the Blossom house and formed a permanent organization for the mutual benefit of the owners of canning factories located in the Missouri valley. About seventeen factories were represented and the meeting was were adopted, but no place chosen to hold the next annual meeting. It will probably come to Kansas City. The following officers were elected yesterday; S. Crum, Garnet, Kas., president; July Silver, Lexington, Mo., vice president; July Silve

FOUR OLD MEN.

Turned Out of the City Hospital and Re-fused Aid From the County, They Go Forth to Wander the Streets.

There is a growing misunderstanding be ween the city physician and the county fourt as to the responsibility for the care of certain people dependent upon charity or support. The four persons in question were, until yesterday, inmates of the city hospital, when, upon order of Dr. Coffin, hey were taken to the county court for he purpose of having them sent to the

hospital, when, upon order of Pr. Coulin, they were taken to the county court for the purpose of having them sent to the county farm.

Immediately upon the appearance of the four unfortunates Judge Stone declared the court adjourned and left them to the tender merces of the unsympathetic by standards about the court room, and three they remained until evening, when they left the court house.

With the exception of one, who manners to find his way back to the city hospital, no one seems to know the where abouts of the remaining three. The county court professed ignorance, the police were not taking any notice of them, the Humana Society disclaimed any knowledge of their whereabouts and to all intents and purposes they are temporarily removed from the key of either city or county of ficials. Their names are the Young, Redman Walsh, George Capp and William Hack. The last named was the one who relutined to the hospital.

The county court courns that the city ought to take care of them, while the city physician says that there is no room for them at the city hospital. The four men whom nobody seems to want to care for are old and sick and hardly fit to be about.

GREATER KANSAS CITY.

Kansas City's greatest excursion tourt. The Burlington Route will, on June 27, start from Kansas City a personally conducted tour, which will be first-class in every detail, touching Denver, Colorado Springs, where stop will be made for one hight's rest, Manilom, Garden of the Gods, Royal Gorge Canon of the Arkansas, Mount Ouray, Marshalf Pass, Glenwood Springs, Salt Lake City, Ogden, Melrose, Butto City, Mont, Lavingstone, the Great National Yellowstone Park, Mammorth Hot Springs, Billings, Mont, the great Hot Springs of South Dakota, the "Carlabad of America," making a four of twenty-me days. The fourlists on this occasion will have first-class dining cars, will be taken care of at the very best hotels in the places through which they plass, all expenses paid, including drives through the National park and all expenses requisite for the trip.

Already a number of prominent people from Kansas City have engaged space, from which point Chicago and St. Louis parties will foin the excursion.

Parties contemplating this trip should arrange to deposit 25 per ticket at once and the remainder ten days before they start, that all arrangements may be definitely completed in ample time.

This is an opportunity of a life time to

start, that all arrangements may be used nitely completed in ample time. This is an opportunity of a life time to enjoy a first-class pleasure trip. For full information or printed and descriptive pamphlets of this excursion address.

SIDEWALK MATERIAL.

Petitions.

The board of public works was flooded yesterday with petitions asking for certain kinds of artificial stone as the sidewalk materials on the East side. The board hav. ing declared that only three kinds of material can be used, either natural stone flagging, artificial atone or vitrified brick flagging, artificial atone or vitrified brick, the property owners where first-class side-walks have been ordered are coming to the front with petitions in layer of one of the three materials. Yesterday's batch was for artificial stone in hexagonal blocks.

The loand passed the entire batch over to the city engineer for investigation and report, the same action having been taken with all such petitions. There was considerable public business of a minor nature before the board, but the only big contract certified to was for the grading of Penn street, from Villa to Thirty-first. The engineer certified that Contractor Timothy Brosnahan has completed the work and that the job is ready for acceptance. The amount due was certified to be \$11.512.9. The board apportioned the cost and ordered tax bills to pay for it.

Deaths and Funerals.

Bicycle Exhibition.

Ricycle Exhibition.

The blevele exhibition that is to be held at the Y. M. C. A. June 19, 29 and 21 is developing into an elaborate affair. All the dealers in the city are preparing to take part in the exhibition will take place while the exhibition will take place while the state Y. M. C. A. athletic meet is in annual session in this city. The parfors, reading room, ilbrary and gymnasium room will be given over to the bicycle exhibitors and all the available space will be filled with bleveles of all kinds. Much interest is being taken in the exhibit by manufacturers and wheels men all over the country. Many manufacturers will have new wheels on exhibition that have new wheels on exhibition that have not a yet been on the markets. A test of speed dirability and adaptability will be made of many of the wheels on exhibition. The tests will be made at the Y. M. C. A athletic park, Twelfth and Porter road.

The cook should have the fixest things o work with, and the Royal Baking Pow-ler is not only the fixest, but the most conomical to use, because it goes so much urther.

Sudden Death of W. H. Ridgely.

Mr. W. H. Ridgely, of 707 Locust street, was found dead in his bed yesterday morning. He retired early the evening before, sleeping as usual, with his U-year-old son. At 6 o'clock yesterday morning the little boy tried to arouse his father, and, after failing to do so, called for his mother and sister in an adjoining room. When they entered the room, they found Mr. Ridgely dead. Dr. E. L. Hutton was called in, and he gave it as his opinion that death occurred about midnight.

The deceased was 39 years old and leaves a wife, a son and a daughter. Mr. Ridgely was embloyed by the Metropolitan Life insurance Company. A brother arrived from Pittsburg, Kas, yesterday evening. A post mortem examination was held yesterialy morning at J. W. Wagner's morgine. The cause of death was found to be heart disease. The remains will me taken this morning to Girard, Kas., for burial. Sudden Beath of W. H. Ridgely.

Mrs. Hyde Was Acquitted.

On June 3 a harm located in the rear of No. 534 dillies street was burned. The barn was the property of Mrs. Sarah Hyde and was rented to George Ray. The origin of the fire created much talk in that neighborhood, and finally led to the arrest of Mrs. Hyde.

She was charged with slander by Ray. It heing alleged that she had publicly stated that he had set fire to the stable. Yesterday Mrs. Hyde was tried by a jury in Justice Walls' court and acquitted of the charge. Mrs. Hyde Was Acquitted.

Not Before August I.

Receiver John Perry has a large force of clerks preparing the checks and schedules for the 25 per cent dividend to be paid by the National Bank of Kansas City the last of next month. It was announced a short time ago that the dividend would be paid August 1. Receiver Perry thought to shorten the time, but as fast as able men can do the week it will not be possible to be ready before August.

After a Kunaway Wife.

After a Bunaway Wife.

Browning Starr, alias A. B. Browning of Springfield, Mo., is in Kansas City in search of his wife, who disappeared from Springfield on May 9. He claims that she left Springfield with a traveling man and came to this city, where they are now supposed to be in hiding. Mrs. Starr is 2 years of age. Detectives Shelby and Nichols ols have been working on the case for several days, but have so far failed to locate the fugitives.

NORTH END LAND DEALS.

T. C. BATES CLOSES A CONTRACT FOR GROUND NEAR THE RIVER.

When the Jone Rise Disappears Work on the Unfinished Bridge Will Begin-New Gas Company Makes a Hig Purchase.

President Theodore C. Bates, of the Kansas City & Atlantic road, who has been in this city for several days past has closed the contract for the purchase of a tract of ground near the Missouri river between Cherry and Locust streets, Winner bridge. The property is now in contract and the sale is to close within fteen days. The sellers, it is said, are he Woods Brus, of the Union Ice and Coal Company, They own large tracts was has not been learned. It is considered well nigh a certainty that the work of completing the bridge will be begun about the middle of this month or the first of July. President Bates left this ity for St. Louis yesterday morning, it being his intention to return here June 17, It is thought that then the work on the pier will be begun. For several days past President Bates

his attorneys, Colonel Withers, of Galeston, Tex., and several engineers have sen inspecting the properties in the North end with a view to beginning the work on the bridge. However, it has been deemed advisable by them not to take any steps until the June rise, which has already begun, has come and gone. Hence the present delay. It is said that McGee & Kahman, the contractors who built the piers now standing, have contracted for the remainder of the rises and the trestle work. When once the work has been begun it will proceed with great rapidity, for it is understood that the company has arranged for all of the iron work so that the botting and riveting may go on without delay.

But this is not all the news relative to the North end. The Dollar Gas Company, of which R. M. Sayder is presi-North end with a view to beginning the to the North end. The Donar Gas Com-pany, of which R. M. Snyder is presi-dent, has purchased almost all of the tract of property bounded on the north by First street, on the east by Treest avenue, on the south by Third street and on the west by Gilliss street. The tract is to be used as the site for the new gas works. The size of the property is about five and three-quarters acres. A few of the lois embraced in the tract have not been secured as yet, it is said, though the new company is now negotiating for their purchase. The considera-tion, it is understood, was \$73,000. It is reported that the mill of the Zenith Milling Company, situated on the north-east corner of the tract, was bought by the company for some \$18,000, and will be used as the power house of the gas works. The tracks of the Chicago & Alton road run across the property, though this will not interfere with the ating for their purchase. The considera-

Deaf and Dumb Pupils Hold a Picnic. Deaf and Dumb Pupils Hold a Pienic. Probably the quietest plenis held in or about Kansas City for some time was the one at Merriam park yesterday, where 280 pupils of the state school for deaf and diumb, at Olathe, Kas, tomped and played in the woods, talking in their wonderful sign language of the beauties of nature, of which they were in all probability more observant than the average crowd. The scholars were chapetoned by Superintendent Stewart and various members of the faculty of teachers. A few of the parents were present. They came from Olathe in a special train over the Memphis railroad and returned at 6 o clock last evening.

Who use SOZODONT have only to open their lips to prove its excellence. Their white, gleaming, spotless teeth and fragrant breath will tell the story. There is more demand for this wholesome and unexceptionable preparation than for any other dentifrice in the market.
