REPUBLICANS WELL PREPARED FOR THE GREAT BATTLE.

OPPOSITION'S BAD RECORD.

SPLENDID MEETINGS PROMISED FOR THIS WEEK.

Look Rough on Rats—Petition for Owl Cars—Joseph Klinka a Ravine Maniac—An "L" Station Burned—Shot by His Companion.

As the election draws near the Republicans of Wyandotte county are becoming more vigorous and more determined to roll up a big majority for the national, state and county tickets. This week will be a week of Republican meetings and the principles of Republicanism will be expounded by able and logical orators to the voters of every precinct in the entire county. No stone will be left unturned and on the 3rd of next month, just one week from to-day, the people of Wyandotte county will show their loyalty and patriotism by rolling up an oldtime Republican majority.

The opposition has been dealt some telling blows during the past month in this city and it will be badly crippled by election time that the few supporters of the Popocratic ticket which may still be on earth then will be unable to accomplish anything at the polls. The resignation of Captain C. J. Hanks, as president of the Free Silver Republican Club, the resignation and expose of William Thomson, president of the Young Men's Bryan Club, the whiskey scandal, in which the Democratic central committee was caught fleeing the "Johnstons" for campaign money, and the condemnation of the Bryan Club by the church people for advertising political meetings as Methodist prayer meetings has left the Popocrats in a deplorable state of affairs.

The Republicans are feeling jubilant, as they now have a nicely paved road to victory. In addition to the meetings arranged by the candidates in the county precincts, the following programme has been mapped out by the central committee for the city: To-night Major E. S. W. Drought, Republican nominee for state senator, and Attorney J. O. Fife will address a big meeting at McWherters' saloon, where a white State Mine Inspector Barnett Brown and John M. Brown, of Topeka, will speak at the wigwam. To-morrow night John L. Waller and John M. Brown will address a meeting in the Second ward.

Friday night Hon. Frederick W. Halls, of New York, will appear before the voters of this city at a public meeting to be held at the wigwam. At this meeting, C. McFadden and L. B. Melville will talk at Argentine. The week will close with a grand demonstration Saturday night at the Republican tent, Dr. C. A. Swenson, the distinguished Swedish orator, will be the principal speaker. Dr. Swenson is an able and interesting talker and will be given a royal reception in this city.

A FALSE STATEMENT NAILED. How Zimmer's Supporters Are Trying to Deceive the People.

The supporters of Henry Zimmer are circulating a report to the effect that Zimmer passed the ordinance doing away with the city poll tax. The statement is absolutely false as the following certified copy of the same will show: "An ordinance to repeal an ordinance entitled 'An ordinance providing for the collection of road tax and repealing Ordinance No. 6, approved May 11, 1895,' was returned by the committee on ordinance without report, for action of the council. The ordinance was taken up and read and passed by sections, and placed on its final passage with the following roll call: Ayes—Bacon, Bines, Lillis, Phillips, Priestley, Sullivan, Talbot and Wheeler. Nays—Smith—1. A majority of the councilmen elect having voted for the passage of the ordinance, it was declared passed and the title agreed to."

"State of Kansas, County of Wyandotte, City of Kansas City, ss. "I, B. L. Short, city clerk of said city, do hereby certify that the above is a true and correct copy of a portion of the Journal of proceedings of the council, had at their adjourned session, held Tuesday, July 28, 1896, as the same appears of record on page 188 of Journal B. Witness my hand and seal of the said city, this 25th day of October, 1896.

SHOT BY A FRIEND. George Fank Accidentally Injured Sunday While Out Hunting.

George Fank met with a serious accident Sunday afternoon while hunting with a party of friends near White Church. He was leading the hunters through a patch of brush when a shot from the hands of Con Abbott, who was standing directly behind him, was accidentally exploded and sent a charge of No. 4 buckshot into the calf of his left leg, shattering both flesh and bone. The attending physicians said that the injured member will have to be amputated in order to save the man's life. Fank says he prefers death to amputation and refuses to have the leg taken off. He is a butcher in the employ of the Armour Packing Company and lives with his family on North James street.

TOOK ROUGH ON RATS. Henry Hickenburg Found Dead in an Outhouse Near Chelsea.

Henry Hickenburg, a tailor, was found dead in an outbuilding belonging to the Midland Park Improvement Company, near Chelsea, yesterday morning. His death was due to poison, probably self-administered, as a package of "Rough on Rats" was found on his person. It is thought that he was in the outbuilding, as the last seen of him was on Friday night, when he slept in Henschel's tailor shop, on James street.

Hickenburg was a hard drinker, and his wife had left him on this account. He has five children, all grown. Coroner Todd held a post mortem examination of the body yesterday afternoon, and it was decided to have the stomach analyzed to definitely determine if death was caused by poison.

THE NEWS AT LEAVENWORTH.

"Government Lane" Soon to Pass Into History—Election Clerks and Judges—Miscellaneous.

Warden French, of the federal penitentiary, at Fort Leavenworth, yesterday began work that will wipe out of existence "Government Lane," one of the oldest landmarks in this vicinity. The warden began grading, north of the city, for the continuation of Metropolitan avenue, which is the boundary between this city and the Fort Leavenworth government reservation. The continuation of the avenue to be made to lead up to the site of the new federal prison, which is to be constructed at an early date. This continuation of the avenue is to be 100 feet wide, sixty of which is to be a roadway with twenty-foot pavements on either side, along which will be planted trees. This will make one of the prettiest drives around Leavenworth.

Upon the forty-ninth day of the old government lane, the former dividing line between Leavenworth and the government reservation, will be abandoned and a new one will be placed between the farm house on this line that United States Senator James Lane committed suicide in 1866.

Judges and Clerks Appointed. The city council met in special session last night and appointed the judges and clerks for the city election. Mayor Hook appointed two Republicans and one Democrat to act as judges in each of the voting precincts, ignoring the Populist party in the ground that by "fusion" they had, in the eyes of the law, lost their party standing, and were not entitled to be represented by judges at the election. For clerks, one Republican and one Democrat were appointed for each precinct.

Almost Dead When Found. Yesterday afternoon Private Louis Cowan of the Twentieth Infantry at Fort Leavenworth was found in a lost west of the Lincoln Hotel, in an adjoining Wheat's pasture, in a very critical condition. The man was found lying in some weeds wholly unconscious. His face and limbs had turned black and he was all but dead. The patrol wagon was summoned, but before its arrival the sufferer was removed to the hospital at the Fort in an ambulance. An examination there disclosed the fact that Cowan was suffering from the effects of internal poisoning, but whether self-administered or not yet remains a mystery.

It is the intention of the party managers to have meetings here every night this week if speakers can be secured for them. The next meeting will be held at Metropolitan hall, will meet at the African Methodist Episcopal church, and good speakers have been secured for the occasion. ALICE PLATT ACCUSED

WARRANT SWORN OUT LAST NIGHT

BY CHARLES F. MUSSEY. SHE IS CHARGED WITH MURDER.

NIX VOMICA PILLS FOUND IN THE WOMAN'S TRUNK. Physicians Claim These Could Not Have Caused Death—Although Closely Questioned, Miss Platt Declares Her Innocence.

Notwithstanding the fact that she was made aware yesterday that strychnine in small quantities had been found in small pills contained in a bottle taken from her trunk, Alice Platt, the accused murderess of the Mussey children, still remains adamant to the threats and pleadings of detectives and reporters and sticks to her first statement that she is innocent.

She is no longer suspected of being a murderess. Her case has taken on a more serious form and she is now accused of a crime which, if proven against her, will cost her her life.

She was arrested last night on a warrant sworn out before Justice of the Peace Walls, by Charles F. Mussey, father of the little girls, charging her with the murder of Elizabeth Mussey, the 4-year-old daughter who died Friday evening. The warrant was read to her in her cell at the police holdover, and she will be arraigned to-day before the justice and committed to jail to await the result of the analysis of the stomach of the dead girl in sufficient quantities to have caused death. Miss Platt will be held without bail for a preliminary hearing on a charge of murder in the first degree.

The accused woman never flinched during the time the warrant was read to her and stated afterward to a Journal reporter that she was glad the matter had taken a definite form at last. A drunken negro woman in the cell adjoining Miss Platt's kept up a great noise last night by shouting and singing. This seemed to worry Alice Platt, and she expressed a strange light in them and a queer expression that they have not before had since her arrest. She held her fingers to her ears to keep out the noise, but was very nervous while talking to the reporter.

The stomach of the dead Elizabeth Mussey was given to Dr. J. W. Carter, an analytical chemist, yesterday for examination for traces of strychnine or other poison and it is not thought by Deputy Coroner Wheeler, who removed the stomach and gave it into the care of Dr. Carter, that the analysis can be completed before to-morrow. It may, however, be finished to-day.

Dr. Carter has, besides the stomach of Elizabeth Mussey, a number of the cookies which Alice Platt baked on last Friday morning, and of which the Mussey children ate freely Friday evening, for analysis for the presence of strychnine. It is not thought that an analysis of these cookies will reveal anything. Minnie Brendel, a neighbor's child, ate some of the cookies at the time the Mussey children ate them, and suffered no inconvenience therefrom. It is thought, however, to have them analyzed.

A search of Miss Platt's trunk and other belongings at the home of her sister, Mrs. J. E. Lewis, 1300 Euclid street, resulted in finding a bottle containing sixteen small white pills. These were given yesterday to Dr. C. A. Wilson, a pharmacist at the following address, who has been called by Wilson reported that his tests showed that the pills were 1/4 grain nux vomica, containing 1/2 to 3/4 grain strychnine, its action being very violent. Nux vomica pills are sold by all druggists and are used like other cathartics in their original preparation without adulteration. Nux vomica is a very powerful purgative, and a small amount of it is sufficient to cause death. It is not thought that a child could have been killed by eating these pills or a half dozen of them to cause death to an adult. One-fourth grain nux vomica is not an overdose for a child.

An evening paper states on the authority of Dr. Wilson that enough strychnine is contained in one of these pills to have killed a child. It is not thought that a child could have been killed by eating these pills or a half dozen of them to cause death to an adult. One-fourth grain nux vomica is not an overdose for a child.

The east bound Sedalia passenger train over the Lexington branch of the Missouri Pacific struck G. L. Niven, near Napoleon. The wagon was tossed into the air and Niven, in attempting to jump, fell under the wheels. It is believed that such a fatality is expected he cannot recover.

Divorcees Wanted. Arnold Stringer filed suit for divorce yesterday from his wife, Mary Stringer. Their marriage life was of eighteen months' duration and was followed, so Stringer alleges, by desertion on the part of the wife. Mary Crewe applied for a divorce from George V. Crowe. Drunkenness covering a period of several years was alleged.

Miscellaneous. The Independence Athletic Club has opened rooms on East Lexington street again.

Services will be held in the Cumberland Presbyterian church each evening of this week.

Bishop Hendrix will lecture on Corea, this evening at the Maple Avenue M. E. church. The lecture will be given in the evening at the Mount Carmel Coal Company yesterday. The capital stock is \$25,000.

Marriage licenses were issued yesterday to T. F. Ryan and Willie C. Nidy, Frank Brockman and Caroline Stone, Mrs. Henry Ott and Mrs. C. E. Fenn will leave to-morrow for Clinton, Mo. to attend the marriage of their brother, James Shelton.

Services will be held every evening this week at the First Baptist church. Rev. J. L. Lawless will have charge of the service.

Dr. C. A. Wilson, who analyzed the nux vomica pills, has analyzed the pills taken from the trunk of the accused woman. He was in no way authorized to make the analysis of the pills, and his testimony could not be admitted in a trial where Miss Platt was being tried for her life. He saw the ridiculousness of the statement in the evening paper that the Mussey children were poisoned by nux vomica pills being given them in water, when seen by a Journal reporter last night, and said he would like to be placed in the right light. He said that frequently 1/20 grain of strychnine was given for adult doses, and where the strychnine was given in water it was not the drug, much larger doses were resorted to. Dr. C. E. Wilson and Deputy Coroner Wheeler said that frequently 1/12 grain strychnine was given in water in water by the accused woman. He was laughing at the idea that the Mussey children were killed by two or three nux vomica pills being placed in a glass of water.

A Journal reporter was the first to see the Platt woman after it was known that Dr. C. A. Wilson had discovered strychnine in the pills in her trunk. He was calmly reading a book by the meager light that came through the bars of her cell.

"Do you know, Miss Platt," he asked, "that your trunk has been searched and pills found that under the chemist's analysis have proved to contain enough strychnine each to kill a dozen people?"

"Why, there must be some mistake about

MELANCHOLY WOMEN.

Always Afraid Something Dreadful is Going to Happen.

Now a Little Baby Girl Rolled the Clouds Away.

Of course a woman will naturally see the dark side of everything when tortured by some form of female disease, which her doctor can not or does not relieve. No wonder she is melancholy when head and back ache, pains run through the whole body and loins, nerves are weak, stomach out of order, digestion poor, sense of fogginess and bearing-down, poor sleep and appetite, always weak and tired, irregular menstruation, whites, etc.

She probably is not so fortunate as to know that all female ailments are indicated by these never failing symptoms, and are controlled by Lydia E. Pinkham's Vegetable Compound; all female weaknesses quickly disappear by its use. It has been the thinking woman's safeguard for twenty years, and all druggists sell large quantities of it because it can be relied upon.

Still another woman speaks: "I wish you would publish my name with your testimonials. I want every one to know that your Vegetable Compound has made me well and strong. I sing its praises all the time. When I was first married I was very weak and had many troubles badly; Oh, I was so weary, sick and melancholy, but the Vegetable Compound built me up and now I have a dear baby girl, and I am so happy. No home is complete without a dear little baby and Lydia E. Pinkham's Vegetable Compound to roll the clouds away."—Mrs. Geo. CLAUG, 26 Danforth St., Buffalo, N. Y.

A GREAT INJUSTICE DONE. Inspector Waterbury's Stupid Blunder Caused the Arrest of G. D. Berry, an Innocent Man.

When Postoffice Inspector George H. Waterbury, of Denver, made the arrest of G. D. Berry, chief clerk in an office of General Manager Robinson, of the St. Joseph & Grand Island railway at St. Joseph, ten days ago, he made an inexcusably stupid blunder, as he readily acknowledged last evening when the case was called before United States Commissioner John W. Barry and Judge of District Attorney Walker dismissed, not because of lack of evidence, but for the better reason that all parties were thoroughly convinced that Mr. Berry was not in any way guilty of the offense charged against him. In making the arrest Inspector Waterbury jumped at a conclusion and in doing so did a great injustice to Mr. Berry.

Last evening Inspector Waterbury stated that after careful investigation he was convinced that he had arrested the wrong man and joined with Attorney Walker in making the case against Mr. Berry. The charge against Mr. Berry was that of working a fraud on the railroad by securing transportation in the name of E. Walter Smythe, of the Pacific Coast Steamship Company, and disposing of it to brokers. The federal objection was that in doing this he had used the mails. Mr. Waterbury worked in the name of E. Walter Smythe for several weeks and jumped a long distance to imagine any connection between mythical party and Mr. Berry, as the facts showed. He was evidently very ignorant of the unfortunate notoriety he had given Mr. Berry and said he was convinced that he was free from guilt in the matter.

Waterbury made the arrest under unusual circumstances and after Mr. Berry was brought to this city and released under bond Mr. Waterbury gave to a newspaper reporter a statement that the innocent capture he had made. According to the story which he personally gave out the arrest was a piece of marvellously clever detective work.
