

DOCKET D.G.CO. DOCKET D.G.CO. DOCKET D.G.CO. DOCKET D.G.CO.

The Whole Store Aglow With Newness and Excellence.

Probably at no time in our history has this store been more complete. Our local buyers, the buyers in the East and the foreign representatives have spent themselves with a lavish hand. Every new style has come to us. The variety is extensive enough to supply every conceivable want, from the highest and most elegant to the medium and down to the lowest price in reliable qualities.

EXQUISITE NEW MILLINERY.

Miss Doerle has arrived from New York city, where she had every opportunity to observe all the newest novelties prepared for the Horse Show. Besides the Pattern Hats—originals for this fashionable occasion—Miss Doerle brings with her scores of the newest ideas for Winter Millinery.

Chrysanthemums, Sweet Peas, Forget-me-nots, Roses, Pansies, Poppies, Asters, Primroses, Violets.

Violets are more popular than ever now and are growing in demand every day. A fine line of New Ribbons, New Feathers and New Hats.

Special for Monday Only, \$1.25-\$2.50 Hats for 69c. 50 dozen Ladies' and Misses' Alpine Hats, all colors. Every Hat worth \$1.25 to \$2.50; will be sold Monday only for 69c.

Cushion-Sole Shoes For Ladies.

The introduction of the new cushion sole shoe makes a decided departure in footwear, and is attracting special attention for its health giving qualities. The foot resting on a cushion gives thorough comfort, as well as keeps the feet dry and warm.

\$5.00 Pair. The regular price is \$6.00 pair. Let us show them to you, whether you desire to purchase or not.

The glove stock is at its best. Besides the popular priced \$1.00 gloves, we are showing an extensive line of

Plaque Glass Gloves, \$2.00. Plaque Black Undressed Gloves, \$2.00. Real French Kid, 4 button or clasp, gloves, \$1.75 and \$2.00.

An excellent fall and winter shoe. WRITE for the new shoe circular, showing the cuts of about 60 of the newest style shoes being sold now.

DOCKET DRY GOODS COMPANY.

GREATER KANSAS CITY

PLANS OF A POWERFUL ALLY IN SOUTHWESTERN UPBUILDING.

OPPORTUNITY OF THE HOUR.

DUE TO RESTORATION OF UNIVERSAL CONFIDENCE.

And the Removal of All Perplexity, Uncertainty, Despondency and Stagnation—An Auspicious Occasion for Advertising Kansas City.

The Manufacturers' Record, long recognized as the leading authority on Southern industrial conditions, now that the election is over, announces that it is planning to put forth more vigorous efforts in behalf of the upbuilding of the Southwest than ever before.

It will be remembered that early in the summer, before it was realized that the country's progress could be suddenly halted by anxiety flowing from extraordinary and unprecedented issues of the presidential campaign, Mr. Arthur E. Stilwell, president of the M. E. and T. Trust Company, in casting about for some medium through which to attract worldwide attention to the resources of the great Central West, the region of which Kansas City is the natural and predestined metropolis, and the relation between those resources and the Gulfward trend of Western trade, now on the eve of an enormous impetus through the early completion of the air-line known as the "Port Arthur route," decided that the Baltimore Manufacturers' Record was the one medium which, by reason of far-reaching influence and commanding prestige, was best calculated to accomplish what he wanted.

It will also be remembered that Mr. Stilwell made a proposal to the publishers of this Eastern weekly to subscribe for and circulate in America and Europe ten thousand extra copies of a special Kansas City & Gulf issue, as a starter, and that on the strength of this proposal, coupled with their confidence in Kansas City enterprise, the publishers decided to make this the largest and most comprehensive single issue ever gotten out by any periodical in the interest of any particular section of the United States.

My hands were completely covered with redness, and between my fingers the skin was perfectly raw. I had to sit with both hands held up, and away from the fire. My husband had to dress and undress me like a baby. I tried the best of the doctors, but they could not get me any relief, and drove me almost crazy. I was advised to try CUTICURA, and did so. After the first application I was perfectly cured, and slept soundly all that night. Before I commenced using CUTICURA I could get no sleep at night or day. I could not bear to get into bed, and I would get up in a rage of itching. I always keep a box of CUTICURA in my home, and recommend them to everybody, because of their wonderful effect. Yours gratefully, Mrs. E. M. HARRIS, 1212 W. 12th St., Kansas City, Mo.

NO REST NO SLEEP DAY OR NIGHT

Rich Kansas or Blind Kansas? From Electrical Engineering, Chicago, for Kansas, 10c. So much has been written about "poor old Kansas" and the sufferings of her people, that it is almost impossible to believe that there was no money to throw away in that section of our country. But, contrary to the opinion of the daily paper, the contrary must be true, and Kansas have money to burn. The item recorded in the above advertisement, is a book, written by a resident of Topeka, Kas., was sold at sheriff's sale for \$3.00 on September 15. This exchange has been in operation for three years, and has netted a loss of about \$5,000 for its various owners. It is the third telephone exchange started in opposition to the Bell exchanges that has been sold at sheriff's sale in Kansas within fifteen days. Is the Emporia Gazette to blame for asking "What's the matter with Kansas? Is all right?" She started in the raise hell, and she seems to have an ever-production.

Patents. Messrs. Higdon & Higdon, patent lawyers, report the following list of patents granted the week ending November 10, 1936. Their law and drafting offices are in the interior distributing, financial trade and industrial centers—this vast Southwestern region is now beginning to attract world-wide attention. In this immense territory, Missouri, Arkansas, Louisiana, Texas and adjoining states, are possibilities for the creation of wealth almost beyond description. The tide of population moving from the Northwest to this region, and the arrangements for the migration of the German and Scandinavian immigration business from New York to Galveston, the heart of the Gulf, are all pointing to link about a very marked acceleration of the population exchange. Manufacturers' Record, covering in its scope the great Southwest as well as the Central South, is planning for more vigorous efforts in behalf of the upbuilding of all this territory than it has ever put forth in the past.

On a broad and comprehensive scale it proposes to keep constant before the manufacturers, the capitalists and the general business men of this country and Europe, the one great fact, that this is the most promising field in the world for the investment of money, and for the development of unlimited possibilities.

A Letter From A. E. Stilwell. A day or two ago Mr. A. E. Stilwell, in giving to General J. W. Avery a letter of introduction to the business men of Kansas City, took occasion to say: "General Avery is not only a gentleman of high character and position, but one whose journalistic work has entitled him to be recognized as the father of the movement which has resulted in such enormous and natural outlets, the further facilitation of which is one of the main objects of the show line from Kansas City to the Gulf, now rapidly approaching completion, known as the Port Arthur Route." In connection with this, General Avery is engaged in preparing a special edition of the Manufacturers' Record, which was undertaken at my request, some time ago, but which, with my concurrence, was postponed until the country should record its verdict in favor of American honor and honesty.

Therefore, desire to reiterate my previously published statement of this special publication—10,000 extra copies of which have been subscribed for and will be carefully mailed by the Missouri, Kansas and Texas Trust Company to leading business houses, bankers, manufacturers and ex-

porters and other desirable classes, both in this country and in Europe. I also desire to say that in my opinion there has never been a time when judgment and the growth of the resources and enterprises was better calculated to command the close attention of substantial investors. The Missouri Telephone exchange has been in operation for three years, and has netted a loss of about \$5,000 for its various owners. It is the third telephone exchange started in opposition to the Bell exchanges that has been sold at sheriff's sale in Kansas within fifteen days. Is the Emporia Gazette to blame for asking "What's the matter with Kansas? Is all right?" She started in the raise hell, and she seems to have an ever-production.

open to debate to a club of over 150 business men. The series of subjects are chosen for their applicability to Christianity and social questions. Among them soon to follow are: "Child Labor," "Christianity in Business," "Sunday Labor," "International Arbitration," "Social Purity" and others. Special artists, both instrumental and vocal, are engaged for these services. The musical programme for Sunday night is as follows: "Romanza for Viola" (J. Hummel), violin and organ. "Cari Bunch" (Buck), Quartette—"I Have Called Upon Thee" (Dudley Buck), Mrs. W. C. Goffe, Mrs. J. Otis Huff, Mr. W. J. Murray, Mr. James Hingston. "The Lord Is My Light" (Buck), Mrs. Huff and Mr. Murray. Professor Frank P. Fiske will preside at the organ.

A Much Afflicted Woman. Mexico, Mo., Nov. 14—(Special). Some time since, Mrs. Charles Pittner, of this county, lost four children within one week of diphtheria. It is reported that she also had a daughter killed by lightning. Her father slipped and fell on a pipestem, receiving injuries which caused his death, and this week she was called upon to bury her husband.

Marriage Licenses Issued Yesterday. Name Spenser Spencer, Lone Jack, 4c. Margaret S. Lackey, Lone Jack, 4c. Henry Holland, Kansas City, 4c. The bride by the First Congregational church of Detroit, Mich., where the services have proven so interesting that the various questions are subsequently thrown
