## BIG STAKE RACES AT STATE FAIR

### For the First Time South Carolina Gets Stake Races—Big Entries.

Columbia, S. C.—(Special.)—In all the life of the State Fair—forty years there have been anything like the races that are scheduled for this year. The fair opens October 26th and closes October 30th. There will be four days of racing. Already five stake races have been arranged for trotters and pacers. Prizes will be offered for both harness and running horses.

Between \$6,000 and \$7,000 has been offered as prizes for these races. The attractive prizes, together with the fact that so many of the Northern and Eastern tracks have had trouble with the racers, will make the entries here fair week the best aggregation of fast horses ever seen anywhere in the South.

Strings of horses from the most renowned stables in the country will be here fair week. With the races nearly two months in the air, the stakes races counted up to more than three, and it is expected that more than a hundred of America's finest racers will enter for the stake races.

The purse races will be much above the average this year. More money is offered and better horses will be raced. The track has been put in apple pie order and the grandstands enlarged and reworked. This was necessary to accommodate the immense crowds that will witness all of the races during fair week, this being the first of the series in the Virginia-Carolina Circuit.

There will be other sports. Davidson College plays Clemson on Wednesday, and the University of South Carolina plays Davidson College on Thursday. Mr. R. C. Keenan will have the race in charge, and he knows his business. President Mobley expects the races this year to bring people to the fair from every part of the State and from many surrounding States.

### Wanted Them to Settle.

It won't be the fault of the editor of the Dovie Record if his subscribers fail to pay up. Here is his liberal offer: "Will we take eggs on subscription? We'll take the entire output of the henery for the next six months and pay for it in subscriptions. We'll take lye soap, clean rags, ginseng, pants, patches, old bones, wood, green hides, hound pups, old clothes, lumber, cutlery, wagon tires, peanuts, stick candy, onions, crackers, turnip greens, sausages, town lots, cabbage leaf cigars, yearlings, milch cows, sorghum, pumpkins, spring mules, well seasoned shoats, sofa pillows, foot stools, bachelor buttons, patent medicines, eightday clocks, patent churns, home-made soap, choice scrap iron, old maids and chewing gum. You can bring them by the wagon load, armful, in tow sacks, by the yard, gallon or ton; in droves, swarms or schools. Yes, we'll take 'em. We'll take anything to get you to subscribe or to pay up what you owe.

### Encourage School Gardens.

Nothing we may provide for the school children promises richer returns than the school gardens. Aside from the educational and physical advantages to be derived by the child direct, the homes are planted, park building encouraged and flower shows, plant exhibitions, etc., of the future assured. Thus far the movement has been confined to the cities, but it is really as much needed in the country and smaller towns. The school garden should find a hearty response among all people.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Regulates act gently and cure constipation. 25 cents. Ask your druggist.

Many a man who thought he was wise at 29 owns up to being a fool at 40.

"Had dyspepsia or indigestion for years. No appetite, and when I did eat distressed me terribly. Burdock Blood Bitters cured me."—J. H. Walker, Sunbury, Ohio.

The man who is always trying to get something for nothing gets mighty little satisfaction in the long run.

### The Judge Uses Forceful Language.

Judge W. B. Simmons of Fincastle, Va., told the reporter that L. & M. Paint was used on his residence in 1882, and held its color well for 21 years; he furthermore said that 5 years ago he was induced to use another paint and is sorry he did, because the other paint didn't make good. The Judge will now always use L. & M. because he knows if any defect exists in L. & M. Paint, the house will be repainted for nothing.

The L. & M. Zinc hardens the L. & M. White Lead and makes L. & M. Paint wear like iron for 10 to 15 years.

Actual cost of L. & M. about \$1.20 per gallon. Donations of L. & M. made to churches. Sold by J. G. Wannamaker Mfg. Co., Oranburg.

The man who has learned enough to attend to his own business has a pretty good education.

## One requires more than pepsin to Digest All Food

Most digesters, put up in dry form, depend almost solely on pepsin. But pepsin digests albumen only. Not starch, not fats, not phosphates. Nor can pepsin do what the bowels do toward digestion. Yet that is almost half. A perfect digester requires that many ingredients be perfectly balanced. And they must be in liquid form.

Kodol is such a digester. Eat what you need of the foods that you want, and Kodol completely digests them. It does all that the healthy stomach does—all that the bowels do. One can see it do this, under proper conditions, by applying a little Kodol to a mixture of food in a test tube.

Or you can prove it after any meal in your own stomach. We have never found another digester which does what Kodol does.

When the stomach is weak, a perfect digester is of vital importance.

The stomach, to recover, must have complete rest. There must be no undigested food to irritate the inflamed lining.

Complete rest never comes through dieting. There is always something which the stomach can't digest.

And dieting means partial starvation, just at a time when nourishment will do more than medicine.

Kodol is essential. It does what nothing else can do. It gives such instant relief—such complete relief—that the stomach very quickly recovers.

You won't need an artificial digester long if you employ this perfect help.

### Our Guarantee

On the first dollar bottle of Kodol your druggist gives a signed guarantee. If it fails to do all we claim, your druggist returns your money. You take no risk whatever. This \$1.00 bottle contains 2 1/2 times as much as the 50c bottle. Made by E. C. DeWitt & Co., Chicago.
