White Fiend Convicted. At a special term of the Superior Court for Bartow county, Georgia, held at Cartersville, Jack Worthington, a white man, was convicted on Tuesday of criminal assault upon a young white woman by the name of Mary McElrood, but the jury recommended him to mercy and he was only sentenced to twenty years in the penitentiary instead of the gallows, where all such fiends, white or black, should be sent.

A dispatch says "although there was considerable excitement in the northern part of Bartow county following the commission of the assaults on Miss Elrod and Miss Gentry, and threats of lynching were freely made, the excitement was appeased when the special term of court was ordered to try the cases. While the verdict in the Worthington case falls to meet the approval of many of the hundreds of citizens from the northern section of the county who are in attendance upon the court, it is not apprehended that there will be any attempt to do either of the Worthingtons violence."

The spectacle of three white men facing trial at the same term of court charged with criminal assault—a crime heretofore associated almost exclusively with a certain type of the negro—is unparalleled in the history of American courts. The details of the assaults upon the two young women, as recited by them were revolting. Yet, in the face of all this, one of the white fiends, when convicted, is recommended to the mercy of the court and he is saved from the gallows. Had he been a black fiend, he would probably have been lynched. Then why should a white fiend be so tenderly handled by a jury? He should have been hung the same as a negro would have been hung for a similar crime. White fiends should be treated the same as black fiends. All of them deserve death and no chicken hearted jury should have the power of saving them from the gallows.

Prohibition in Newberry. The Newberry Herald and News tells of a "big meeting" at Cedar Grove, a negro Methodist church about fifteen miles from the town of Newberry. The Herald and News says "it has a large membership and during these 'big meetings' the membership and those who attend have the advantage of tents and buildings in which to live during the meeting. According to a report from some of those who went to Cedar Grove on Sunday, and a very large number of negroes from the city went up there, the place was more one of carousal than a place at which they had assembled for worship."

The negro from Newberry who talked to The Herald and News, said that there were a number of persons drunk and pistols were shot in the air and in the ground, and that there was a white man on the grounds selling whiskey in pints and half pints and quarts. He carried his supply in a buggy and sold it openly to those who were at Cedar Grove on Sunday. There was one woman, he said, who locked herself in one of the houses in order to keep from being killed by her husband, and in the slash of knives one of Mr. Bell's mules was cut, but it seems no one of the worshippers was injured either by being shot or cut."

A worse condition than this could hardly have existed under the old bar-room system, to say nothing of the dispensary. We hope and believe that the prohibition law will be better enforced in Orangeburg county than it seems to be in Newberry. If the above is a fair sample of the enforcement of the law in that county. The white man that was selling that liquor to the negroes should be caught and locked up. This ought to be an easy matter, as he seems to have been selling it openly and above board to any who would buy, and there seems to have been several hundred there who was that way inclined. We do not need the Newberry brand of prohibition down this way. We must have something better.

Stop It, Mr. Taft. The utterances of one or two government officials ament the conservation of national resources creates a feeling of uncertainty and even anxiety. According to the statement of Mr. Pinchot the interests seem to be in the saddle again, and will be allowed to gobble up all the valuable public lands lying around loose. In fact, it is stated that Mr. Callinger, secretary of the interior, who use to be the attorney for the land grabbers trust, is praying right into the hands of his old employer and granted them the privilege to take what they wanted in the shape of public lands. It is due to the public, especially to all who live in the so-called irrigation States, that that suspense be relieved. For years it has been a constant struggle between the people and the great corporations which have grown enormously rich because of the practical monopoly they have enjoyed, and the present public mood is not tolerant of further monopolistic usurpation of public rights. The progress of the States in which irrigation is largely followed will be choked and their prosperity crippled if a few men manage to get possession of and control the water supply. Mr. Taft should stop this raid at once, and kick his secretary of the interior out of the office he now holds.

Changing social and economic conditions often demand a change of methods and a re-casting of one's views. And this is true consistency when it does not involve a sacrifice of principle. Indeed the one dominant principle is the welfare of society of the nation. In former days conditions were such that individualism was generally regarded as the best way to promote that end. Today, owing to the business and social changes that have taken place, the trend is strongly away from individualism to collectivism. The great problem is, how to conserve all which is best in individualism and at the same time wisely accept and carry out that which is best in collectivism.

A PLEASANT EVENING.

Miss Lurene Wolfe Entertains Several of Her Young Friends. Jamison, Sept. 7.—Special: On last Friday evening at the home of Mr. and Mrs. D. Boyce Wolfe, of the Advance section, their oldest daughter, Miss Lurene Ethel, celebrated her seventeenth birthday by inviting a number of her friends to be with her and enjoy the hospitalities of the evening. Immediately upon entering the home it became evident to the guests that a great deal of work had been done to have everything at its best. The house was in fine condition. Lights almost in every corner made the whole house almost a bower of light.

A few innocent games were played but guessing contests seemed to take the lead. The feature of the evening was what was called the "Kitchen Shower," which was represented by twenty-six definitions of kitchen utensils being written on sheets of paper and upon being distributed to as many couples they were asked to write the name of each utensil described on the sheet. This contest put the boys at a decided disadvantage for very few boys know anything about a kitchen, once the fire has been made and the water has been drawn. Twenty minutes were permitted to complete the list, after which it was found, upon examination, that Miss Mae Staley and Mr. Daniel Wolfe had won first prize, for they had correctly guessed twenty-five definitions. The prize was in keeping with the contest and had to do only with kitchen utensils, was a large spoon with a very long handle. Miss Pauline Zeigler and Mr. Lewis Myers received the consolation, which was a water cup.

As the evening rapidly passed and refreshments were served, if there was a single one among the many who had not had his share of the evening's pleasure, it was all his fault. Tables for two couples were placed on the long piazza and in a large room nearby and in the bright light, showering upon the many couples, presented a splendid view. Here cream with three flavors and cake was served.

Among the guests present were: Misses Essie Livingston, Ruth Redmond, Lula and Minnie Murph, Juriah Dash, Maggie, Belle, Essie, Marie and Lurene Wolfe, Pauline and Louise Zeigler, Emmie Olver, Florence Baton, Carrie Hunter and Mae Staley; Messrs. John Murph, Clifton Redmond, Tom Zeigler, Earle Inabinet, Eldon Staley, Lewis Dash, David and Daniel Wolfe, Lewis and David Myers and Mr. Haigler. At 11:30 all wended their way to their respective homes, having spent a very pleasant evening.

A Guest. VARN'S REMEDY CURES Cures Backache, Lumbago, Bladder and Kidney Trouble, and Rheumatism.

Branchville, S. C., Aug. 17, 1909. Charleston Drug Manufacturing Co., Charleston, S. C. Dear Sirs: For a number of years I have been a great sufferer of Rheumatism and Backache. About two months ago I heard of Varn's Rheumatic Remedy being fine, and a sure cure for Rheumatism and Backache, and I went to the Wimberly Drug Co. at once and got a bottle. I have taken two bottles, and I am proud to say that I am just as clear of Rheumatism and Backache as I ever was. I am 62 years old, and I consider this medicine wonderful to cure a man at my age. You, nor any one else, can recommend it too highly. I consider it a great blessing to humanity that this remedy has been discovered. I gained six pounds while I was taking two bottles. Yours respectfully, A. H. Bruce. For sale by all druggists.

Bulletin Bubbles Does patch work—the gardener. Life preservers—our cheerful thoughts. Terms of court—"I love you!" and "Will you be mine?" The border drama often is not the only one that borders on the ridiculous.

The aristocratic old maid's family tree seems to be a sort of lone pine. A friend in need is not the kind some people like to see when they are in need themselves. A long tramp in the woods is much better than a short hobo in the woodshed. The seaside resort with some women seems to be to almost anything to catch a man. You are not eligible to a band just because you have brass and can blow your own horn. Some disagreeable persons keep as busy as a bee dealing out stinging rebukes. It takes four years to train a lion thoroughly. Woolen cloth was first made in England in 1330. Chloroform was discovered by Samuel Guthrie in 1831. Four hundred gallons is the average yearly milk yield of a cow. Incandescent gas-mantle ash is worth 12s a pound. "Oh, will you go through life with me?" He cried, with love's appeal. She answered yes, for she knew his means. Would warrant an automobile.

Patience is a virtue when it leads one to bear uncomplainingly the ills and misfortunes of life from which there is no escape. But it is the reverse of a virtue when it makes people tolerate without protest evils for which a remedy may be found.

Mrs. E. C. Everly.

"I FEEL well, never felt better; thanks for your attention and Peruna."

"I will be glad to do all I can in the way of advancing the sale of your valuable medicine."

"I do think Peruna the best medicine I have tried at any time."

"Since I began taking Peruna we have never been without it."

"I really believe that every woman in the world ought to have Peruna on hand all the time; for if she gets tired, Peruna refreshes her; if she gets nervous, it soothes her; if despondent, it cheers and invigorates."

"It is a constant friend to the nursing mother, both for herself and for her child, and finally when old age comes on, no medicine on earth is of greater efficacy to the woman."

"Surely, Peruna is the woman's friend."—Mrs. E. C. EVERLY, 2103 Franklin St., Philadelphia, Pa.

Stronger Than for Years.

Mrs. Caroline Sundheimer, Clarke, Louisiana, writes:

"I am feeling quite well now. I can work again and am stronger than I have been for years, and I do believe that Peruna saved my life. I will advise all I can to take your medicine."

Man-a-lin an Ideal Laxative.

Notice.

Please take notice that on or about the first day of October, 1907, the following certificates of stock in the Bank of Norway, S. C., were lost, to-wit:

Name, J. G. Williams; No. 29; shares, 10; amount, \$250; date of issuance, Dec. 19, 1905.

Name, B. B. Williams; No. 60; shares, 10; amount, \$250; date of issuance, May 18, 1907.

Name, J. H. Bonnet; No. 27; shares, 14; amount \$350; date of issuance, Dec. 21, 1905.

And that on the eighth day of October, 1909, application will be made to said Bank to issue renewal certificates therefor.

J. G. Williams. B. B. Williams. J. H. Bonnet.
