

BETTER SCHEDULE

TO BE PUT IN OPERATION BY ATLANTIC COAST LINE.

Still Further Improvement is Desired on the Creston and Pregnal Branch.

It is learned that effective, after next Sunday, the Atlantic Coast Line railroad will run its train No. 40, from Pregnal into Orangeburg in the day, to arrive at 2:40 p. m. This train will leave Orangeburg for the Pregnal branch at 4:45 p. m. This is some improvement on the present new schedule arrangement between Orangeburg and the Pregnal branch. The objection is that it only gives two hours here between trains for those who may come into this city from the stations along that branch to make purchases from stores or attend to matters of business.

The Orangeburg correspondent of the State says the committee representing the chamber of commerce of this city have stated that it would be acceptable to Orangeburg for the railroad to make a schedule to bring its train into Orangeburg from the Pregnal branch not later than 12 or 12:30 o'clock in the day. This would give about four or five hours in Orangeburg between trains. This would leave morning connections and night connections from and to Orangeburg at Creston as they now are.

This agreement was suggested by way of compromise, and it is presumed that the proposed schedule to come here at 2:40 p. m. will be only a temporary arrangement until the schedule can be arranged to get in as suggested earlier in the day. If the proposed arrangement to reach Orangeburg at 2:40 is intended to be permanent, the fight will not yet end so far as Orangeburg is concerned; but the full claims of this city and the people along the route will be demanded and all honorable means used to procure them.

Orangeburg wishes the train to make this city headquarters, and leave here for Pregnal in the morning, then return so as to reach Orangeburg about noon, go out in the afternoon for Pregnal and return to Orangeburg not later than 10 p. m. It is believed here that the railroad will recognize these claims and give the proper service without unreasonable delay.

The mail arrangements over the Creston-Pregnal branch are not satisfactory here, and the facilities for mails between this city and the stations on the branch are unsatisfactory. The idea is to get the train schedules satisfactorily arranged between Orangeburg and the Pregnal branch and then take up with the proper authorities the matter of proper mail facilities. Postmaster, A. D. Webster of this city has signified his willingness to co-operate with the business organization of this city and those interested along the branch in their endeavor to have a satisfactory mail service arranged.

Notes From Livingston.

Mrs. J. A. Hutto left Saturday morning for Rock Hill, S. C., where she will spend a couple of weeks visiting her son.

We are pleased to note the convalescent condition of Mrs. J. C. Woolsey, who has been ill for the past week.

Our young people spent a very pleasant Thanksgiving at Hebron church near here. Dinner was served in plenty and the events of the day were very much enjoyed by those who attended.

A committee has been appointed to look after the interest of a Christmas tree at the New church here, and all are cordially invited to attend an oyster supper Friday evening, the 3rd of December.

Quarterly Conference.

The fourth quarterly conference of St. Paul's Methodist church will be held Friday night at the Sunday school room at half-past seven o'clock. It is desired that all the official members be present and many of the members of the congregation as desire to attend. The business of the past year will be closed at this conference. The reports of the various departments of church work will be rendered preparatory to the final report at the annual conference which convenes on the 8th of this month at Abbeville. As usual, St. Paul pays all claims in full, and Rev. L. P. McGehee will go up to conference with a clean sheet.

Dwelling Burned.

On Saturday night between eleven and twelve o'clock the dwelling of Austin Johnson, who lives about three miles from town was destroyed by fire. The fire is supposed to have been caused by a defective chimney. Johnson barely escaped with his life, as the house was falling in when he awoke. He escaped through a window. Johnson is an industrious man and is liked by all his white neighbors. He carried a small insurance.

Basket Band Bazaar.

Everybody is invited to come and buy their Xmas presents and Christmas cakes at the Basket Band Bazaar. Plenty of home-made candy, ice cream and beautiful pot plants. The Country Store will be there, with the best and freshest vegetables for sale. Oysters served in any style at all hours. There will be a Christmas tree on Friday evening for the children. Don't forget the date, December 2nd and 3rd, Thursday and Friday, at the Armory. Open two days and nights.

ANOTHER ROUTE PROPOSED.

Mr. Thomas W. Shuler Wants it to Come by His Way.

The following letter from Mr. Thomas W. Shuler to Col. Jas. Cosgrove, of Charleston, explains itself: Dear Sir: After reading letters from the supervisors of Berkeley, Dorchester, Orangeburg and Calhoun counties in today's News and Courier about their roads as to the best route to Columbia, if you will allow me to do so I will suggest a route that I hope you will investigate, as I know it will be the nearest and best route from Charleston to Columbia, from Charleston to Summerville, then across the country six or seven miles to the State road, then up the State road to Columbia, which is the nearest and best route; then let all the little towns along the Southern come into the State road and on to Columbia there will be about ten miles of road that will need work on the State road from Washmassaw Swamp up about ten miles, which is a flat, level country, but not very hard to make a good road, as there is no swamp to cross, then the rest of the road to Columbia is in fair shape and with a little encouragement to the supervisors of Berkeley, Orangeburg and Calhoun they will put the road in fair shape. I live four miles north of Holly Hill, at the 52-mile post on the State road, and if you ever go over the State road if you will stop at my place I will try and explain why I think this the best route. Respectfully,

(Signed) Thos. W. Shuler, Holly Hill, S. C.

Death of Dr. Junius Mann.

A dispatch from Walhalla says, "Dr. Junius Mann, of Anderson, died at the home of his parents, the Rev. and Mrs. Coke D. Mann, in West Union this morning. His death was sudden and unexpected, though for some months he had been in poor health. Dr. Mann came up from Anderson Sunday evening feeling bad, but no thought of serious trouble was entertained. He retired feeling some better and announced his intention of returning to Anderson this morning as he had a number of urgent professional calls to make. When a servant tried to wake him, however, persistent knocking on his door failed to secure a response and his mother was informed of this fact. She immediately went to his room and found him lying in his bed unconscious. Dr. J. W. Wickliffe was summoned, the patient was carefully raised in bed, and he was seized with a violent spell of vomiting of blood. He never regained consciousness and death ensued within about an hour." Dr. Mann practiced his profession at Branchville several years, and was very popular. He had many friends there and elsewhere in this county who esteemed him highly and who will regret to hear of his death.

MORE ABOUT AUTO ROUTE.

Five Machines Will Make the Trip to Orangeburg.

The News and Courier says the details of the inspection trip of the good roads committee of the Charleston Automobile Club to Orangeburg are being rapidly completed. The start will be made from the Commercial Club on Wednesday morning, December 8, at 8 o'clock sharp. The party will consist of five touring cars with the members of the committee, and President Wilson G. Harvey and other officers of the club, and Supervisor W. H. Dennis, of Berkeley county.

Each car will have but two passengers, so that in case of any one becoming disabled, room will be had in the other cars for its passengers. It is found necessary to limit the number of cars for the reason that this is a business trip solely, and not large a crowd would likely detract attention from the main object of the tour, that is the improvement of the roads from Charleston to Columbia.

The Hon. Samuel Dibble and Supervisor Felder have been requested to take charge of the details of the good roads mass meeting at Orangeburg on the afternoon of next Wednesday, and these gentlemen will arrange a very interesting program for that event. Several cars will also come from Columbia to attend the meeting here next Wednesday night.

"A Knight for a Day" at the operat house this evening. The Basket Band Bazaar opens this evening at the armory. Go around if you want oysters in any style.

Mr. Tillman Stevenson and Miss Fannie Blitch were recently married at the home of the bride near Cope.

One bunch of keys was found Saturday gone a week on Russell street. Owner can have same by calling at Sims' Book Store.

It is given up on all sides that the fire department did a handsome piece of work in stopping the fire Monday morning where they did.

A peddler's horse and buggy were burned up in Albrecht's stable. He left it there to be stabled and was caught in the fire of Monday morning.

Messrs. Bryant Brothers will have a carload of fine horses and mules here the latter part of the week. Give them a call before placing your order.

The continued dry weather is becoming monotonous. All farm work is retarded very much by it. But we will have to grin and bear it until the rains come.

The fiend or fiends who set Albrecht's stable on fire Monday morning should be made short work of if caught. There is no room in Orangeburg for such characters.

Mrs. L. H. Wannamaker, Mrs. Mary McMichael, Mrs. John Cart and Miss Marion Salley went to Newberry Tuesday morning to attend the State convention of the U. D. C.

Rev. J. D. Moore, Sunday school field secretary, conducted a very interesting and profitable institute at the Norway Baptist church Thursday evening, Friday and Friday evening.

Owing to the fact that all regular reserved seats have been sold for "A Knight for a Day," the management of the opera house has decided to reserve two additional rows.

We are glad to know that a purse was made up for Mr. Albrecht, who lost very heavily by the burning of his stable. Mr. Albrecht has certainly been hard hit by the fire fiend.

Mr. Fred Dibble entertained a large crowd of children at the Rowesville parsonage Friday night with his magic lantern, illustrating temperance work, interspersed with humorous scenes.

The friends of Presiding Elder Smith feel assured that he will be sent back to his present district. Mr. Smith has done a good work on this district, and it would not do to move him now.

There will be a box party and oyster supper at Parler on Friday evening for the benefit of the school. The public is invited. Girls will bring boxes and the boys must go prepared to pay a good price for them.

We are indebted to Mr. W. S. Tyler, efficient manager of Rev. J. L. McLees' large planting interest, for two quarts of most excellent syrup. It was just right, and shows that Mr. Tyler knows how to make good syrup.

Miss Carrie Tharin, who has been living North with her sister, Mrs. Johnson, is on a visit to her sister, Mrs. Ed. S. Bruner, in this city. Her many friends will be glad to know that she will spend some little time here.

Our friend Reeves, just across the street from The Times and Democrat office, is offering special bargains to Christmas buyers. Why not call now and secure what you want before the stock is picked over and the rush is on.

Rev. L. B. Wiggins preached his last sermon before conference at the Norway Methodist church on last Sunday night. He will not return to his present work, as he expects to enter the theological department of Vanderbilt University.

Austin Johnson, colored, who lives a short distance from this city on the Caw Caw Swamp road, came near getting burned up with his house on Saturday night. He was awakened from a deep sleep to find his house all ablaze, and had to jump out of a window to save himself.

The people along the line of the Atlantic Coast Line Railway between here and Denmark are kicking about the poor mail and passenger conveniences given their section by the trains as now run. People who are served by the rural carriers have to wait a whole day and night for their mail. They ought to kick long and loud.

A pleasant event took place at Rowesville during the Thanksgiving period. On Thanksgiving night a box social was held at the Methodist parsonage. Lunches, fruits and candy were sold to the large and merry crowd. The proceeds were turned over to the pastor to buy furniture for the parsonage. A good sum was realized.

Rev. G. W. Dukes, of the South Carolina Conference, has been compelled by bad health to give up preaching until he recuperates. He is now having his residence at Rowesville enlarged and overhauled preparatory to his occupying it again. We hope that Mr. Dukes will soon regain his health so as he can take up his work again.

A Sudden Death.

Mrs. J. Y. Martin died suddenly Monday night at the home of her daughter, Mrs. B. M. Foreman, with whom she had been making her home for several years. She was in the 82d year of her age and had apparently been in good health until the end came. She was kneeling in prayer, just before retiring for the night, and on rising to her feet fell backward and expired in a few minutes. She had been so bright as to disguise any alarming infirmity and the news of her death was shocking to her relatives and a large number of admiring friends. Her husband preceded her to the better land about one month ago and she then predicted that their separation would be very short, and it was her expressed desire that it should be so.

Mrs. Martin embodied the highest type of Christian womanhood. Her cultivated mind, her exceptional conversational powers, her cheerful and genial disposition, the grace of her bearing, and the sweetness of her personality, all combined to make her the beautiful and lovable character she was. Her life was one long, sweet Psalm, her death a triumph over the grave.

Her remains were taken to Naulakia, Va., to be placed by the side of her husband. Besides Mrs. Foreman, two daughters and a son are left to mourn her departure. They are Mrs. Ruth Harris, H. Gesville, W. Va.; Mrs. Olive Wiltshire, Charleston, W. Va., and Dr. A. L. Martin, Naulakia, Va.

C., consisting of household and kitchen furniture, gool organ, fool stuffs, 2 horses, buggy and wagon, farm implements—harrow, reaper, cane mill, evaporator and portable furnace, steel galvanized wind mill and tower, incubator and brooder, 10-horse steam engine and boiler, blacksmith forge and bellows, lot of 3-4 galvanized piping, etc. Terms, cash, local p-2-7-11-18-19 T. S. Lee.

Much Boze Being Sold.

A dispatch from Aiken says the Little town of Salley, just inside Aiken county, is fair to be a rival of North Augusta in the sales of the dispensary. The sales have been gradually growing each week since the thirsty friends of the dispensary system
