This is your home Company. It is composed of home capital and home people, (mostly farmers) and has been financed by home banks. Hence, if we make anything, much or little, it will be divided here at home. We believe we have sense enough to mix raw plant food to suit the different grades of Orangeburg County land. We

We believe in the stuff that we are handing out and in its ability to get results.

We believe that honest raw material can be mixed and passed out over this county to honest men by honest methods, by home people, at competitive prices.

We believe in making home capital work for the advancement of the farming interests of this county.

We believe that the farmer who uses our Home Brands of fertilizers will make money, and in turn we will all

believe for instance that our

HOME SPECIAL COTTON MIXTURE

will produce a good growth of the cotton weed on land that has heretofore failed to give enough weed; and that prosper.

We believe in honest competition and in working, not weeping, together.

Our factory is located on North Railroad Avenue near the freight depot of the Southern Railway Co., and we want every farmer of this and adjoining counties to come and see us mix the raw material for him.

We have an immense stock of Imported Fish Guano,

Officers:

our

HOME LOW LAND MIXTURE

will hit the mark on lands that tend to make too much weed and not enough fruit.

Dried Blood, Tankage, 16 per cent Acid, Potash Salts and other raw materials on hand, all of which is dry and in beautiful mechanical condition.

Our machinery is the latest and best that money and expert experience could get and will mix the raw material together sixty times before it is put into bags.

Get our prices, and see our factory, and try some of our goods, and gets results.

The following are some of our Brands: Edisto Home Mixture; Home Special Cotton Mixture; Home Corn Club Mixture; Home Boll Mixture; Home Low Land Mixture; Home Sure Crop Dresser; Home Slag-Blight Mixture.

Our up-town office is at the store of M. O. Dantzer, 'phone 16. Our factory office is 'phone 407. Hoping that we will all have a prosperous year together, we are,

Respectfully,

The Home Fertilizer Company,
