

SAVINGS SYSTEM

POSTOFFICE DEPARTMENT WILL SOON BEGIN.

Orangeburg Postoffice Will be Open to Postal Saving Deposits About June 26th.

The Postal Savings System (or bank as it is more properly called) is controlled and operated by the United States government through the postoffice department.

When a person deposits a sum of money postal certificates are given him. These certificates each have a fixed value, such as \$1, \$2, \$5, \$10, \$20, \$50 and \$100, and are made out to the depositor.

Interest is paid at the rate of 2 per cent per annum upon all sums that remain in the bank for one year, but not upon sums which remain for only fractions of a year.

A depositor can withdraw his whole amount or any part of it at any time by simply giving up his savings certificates properly endorsed.

No one person can deposit more than \$100 per month, or have to his credit more than \$500 at any one time.

The Orangeburg postoffice has been named as one of the depository offices for South Carolina, along with Laurens, Rock Hill, Georgetown, Sumter, etc.

Train to Be Sent Out by Clemson and Winthrop College, Will Commence Its Journey June 6th.

Owing to circumstances over which we had no control the date of the starting of our train has been somewhat delayed and it is now planned to get it under way about the 6th of June.

The people of this state should understand that while this train is planned and equipped by Winthrop and Clemson colleges yet had it not been for the hearty and liberal cooperation of the railroads of this state its operation would not have been possible.

Since the last notice of this train was given to the public another car has been added thereto by Winthrop college. This car will be filled with an exhibit of household conveniences and should prove quite an attraction and of the educational value.

The visit of this train should be of particular interest to the boys of the various corn clubs of the state and it is expected that they will turn out in force, therefore, special work along the lines of corn judging and cultivation will be given by Prof. Napier and the train will also be accompanied by Prof. C. B. Hadden, who is now in charge of the Boys' Corn Club work in this state, working under the joint direction of Clemson college and the United States Farm Demonstration work.

Miss Hyde, in charge of the Winthrop cars, will have a complete corps of assistants and has outlined an extremely interesting program, for ladies who visit the train.

It is hoped that everyone will realize that it will take the full day to get the maximum of benefit from this train and that they will make it a point to reach it early. One day is all the time that can be allowed at a single point and we want to urge all who can to be on hand promptly so as to get the greatest benefit out of the train possible.

D. N. Barrow, Supt. Clemson College, S. C. Agricultural lectures and demonstrations will be given at the following points on the dates named: Parksville—June 6th. Allendale—June 7th. Happy Married.

The marriage of two popular young people was solemnized last Wednesday morning at 7 o'clock, at the home of LaFayette Carroll, at St. Matthews. Miss Grace Bull and John King were the contracting parties. The Rev. John Brunson performed the ceremony, at which only the members of the bride's and groom's families were present.

Going for the Blind Tigers.

St. Matthews does not propose to let the blind tigers rest. Another series of blind tiger cases is now before the municipal courts. About a dozen of the dispensers of happy juice have been caught in the net of the officers. A number of convictions have been had and two acquittals. The usual fine of \$100 or 30 days is being imposed, and appeals are being taken in each case to the higher court.

Hunting Blind Tigers.

The dispensary constable for Orangeburg county and a special constable, who has been detailed to work in this county, are working hard in and around the city of Orangeburg, exerting every effort to locate blind tigers. A few raids have been made, and several parties have been bound over for trial at the September criminal court.

Report Ocean Monster.

The passengers and crew of the White Star Liner Celtic brought with them to New York Sunday a revival of the sea serpent tales of other years. They reported having passed a formidable looking creature, which was going at high speed in pursuit of a school of young whales. The monster, they say, had wings, although it appeared to be an aquatic animal, and rose frequently ten feet from the water.
