**Appeal of South Carolina Cotton Association Has Met With Prompt Responses.**

The appeal of the South Carolina Cotton association, says the Columbia State, has met with prompt responses, and checks are now coming into the office of the treasurer, Mr. F. H. Hyatt. "You can't run an organization on wind," said Mr. Hyatt yesterday. So after a consultation with Mr. E. D. Smith and Mr. F. H. Weston he wired a great many of the cotton seed oil mills and textile mills in the state. It was 6 o'clock in the afternoon before the telegraph office had concluded sending off the messages and even before the last had been sent the responses began to arrive. Following are some of the answers from representative people:

"Am pleased to be able to assist you."—Lewis W. Parker.

"Draw on me personally for amount asked for. Press the good work."—G. F. Parrott, manager of the Lee county Manufacturing company.

"Will contribute \$25 towards the organization as requested."—Leroy Springs.

"You may draw on me for \$100 as contribution to the Southern Cotton association."—Frank E. Taylor, Ashepoos Fertilizer company of Charleston.

"We take great pleasure in contributing \$100 to Southern Cotton association work."—Etiwan Fertilizer company.

"We gladly contribute \$100 for your cause."—Reed fertilizer company.

"The Independent Cotton Oil company (of Darlington) will cheerfully make contribution desired."—R. Keith Dargan, president.

"We will contribute \$150 to help the Southern Cotton association."—Anderson Phosphate and Oil company.

"We will contribute with pleasure to the Southern Cotton association. Check mailed today for amount requested."—Fort Motte Oil mill.

"We are mailing you our check for \$10."—Hartsville Oil mill.

"We will send you check for \$10."—Clinton Oil and Manufacturing company.

"Draw on us for \$100."—The W. G. MacMurphy company, Charleston.

"Make draft on us for \$10."—Kershaw Oil mills.

"Draw on us for \$10."—Farmers' Cotton Oil company of Brunson.

In addition to these were several telegrams saying that certain mill managers were not at their offices when the messages were received, but that the appeal of the Cotton Growers' association would receive favorable consideration upon the return of the respective parties in charge of the respective properties.

Mr. W. S. Royster, in the absence of the resident manager of the F. S. Royster plant, gave a check for \$50 which may be increased at a later day.

The Taylor manufacturing company of Columbia subscribed \$25, and the South Carolina Cotton Oil company, through Mr. H. E. Wells, gave \$100. Mr. Wells gave additional assistance to the officers of the South Carolina Cotton association as did Mr. Christopher Fitz Simons, vice president of the Southern Cotton Oil company, which has been asked to contribute from its New York offices \$400 as the quota from its mills in this State. Mr. Sam'l. T. Morgan is the president of the company.

**The Chamber of Commerce.**

The Columbia Chamber of Commerce pledged itself to try to secure subscriptions amounting to \$1,000. This may appear impossible at first, but when it is considered that so many other towns are falling in line, Columbia cannot afford to lag behind, especially as it is contemplated to establish here the headquarters of the State organization, which will be a part of the greater organization that will bring to the south millions of dollars as the increased selling price of cotton in addition to keeping out of the south millions of dollars worth of meat and grain which are to be raised here at home.

**FROM EVERY COTTON STATE.**

**Have Come Enthusiastic Reports of Conventions Held Last Tuesday.**

Atlanta, Ga., February 27.—From every cotton growing state in the south have come the most enthusiastic reports of the conventions which were held in the state capitals last Tuesday.

Every convention was attended by hundreds of farmers, bankers, lawyers, merchants and other business men, and it was agreed everywhere that the salvation of the south depended largely upon the reduction of the cotton acreage 25 per cent. from last year and the holding of the cotton now on hand as far as practicable.

Conventions were held in Austin, Tex.; Atlanta, Ga.; Raleigh, N. C.; Columbia, S. C.; Memphis, Tenn.; Baton Rouge, La.; Jackson, Miss.; Little Rock, Ark.; Guthrie, Okla.; South McAlester, I. T.; and Montgomery, Ala.

Representative men in each state and territory were chosen to head the state divisions of the Southern Cotton association. Politics played no part in the selection of these officers, as the constitution of the Southern Cotton association is very strict on this subject, providing expressly that no officeholder in any state can hold a position in any state organization or in the southern organization.

**Ringed Resolutions Adopted.**

Ringed resolutions were adopted in each state and territory in which the Southern Cotton association, which was formed at New Orleans in January, was heartily endorsed, and the plans formulated by that convention were adopted.

Prominent men attended each convention. They came from all sections of their respective states, showing clearly how the people are interested in the fight the farmers of the south are making for the proper price for the world's greatest staple.

Texas agreed to reduce the acreage 25 per cent.; so did Arkansas, Georgia, Alabama, Tennessee, North and South Carolina, Louisiana, Mississippi, Arkansas, Oklahoma and Indian Territory.

It looks now as if the movement has succeeded and as President Harvie Jordan announced some time ago, "victory is in sight." It is the first time in the history of the south that the cotton producers, the bankers, the merchants, lawyers, doctors, and every other interest combined to help get the proper price for cotton, and such a combination will be hard to defeat.

Organizations are being perfected in every militia district in the southern states. Organizations are already perfected in the counties, parishes and the states. And from all reports these organizations have come to stay.

**Thousands Sign Pledges.**

Thousands of pledges have been sent in to President Jordan, and he is now returning them to the secretaries of the various state organizations. They came to President Jordan before the state divisions were organized. It is very gratifying to Mr. Jordan and his associates to know how the people are rallying to the support of the great movement, and with the reduction in acreage which is now bound to be an actual fact, for not only the pledges assure it but weather conditions too, the price next fall is sure to be ten cents.

Mr. Jordan states that all county and parish organizations should now communicate direct with the state secretaries elected at the meeting in the various states last Tuesday. These secretaries will report to the general headquarters of the Southern Cotton association at Monticello.

R. G. Trefzer, the jeweler of Union, who has been missing since last Tuesday week, was found on Thursday afternoon by a searching party in Fair Forest Creek near the West Springs road. The left breast has been pierced by a bullet and the body submerged in the waters of the creek. The deceased leaves a wife and six children. He was a quiet man, about forty years old, and highly respected by all.

A man is compelled to lie to a woman occasionally if he would retain her friendship.

**THE LADIES** favor painting their churches, and therefore we urge every minister to remember we give a liberal quantity of Longman and Martinez Paint toward the painting.

Wears and covers like gold. Don't pay \$1.50 a gallon for Linseed Oil (worth 60 cents) which you do when you buy other paints in a can with a paint label on it.

8 & 6 make 14, therefore when you want fourteen gallons of paint, buy only eight of L. & M., and mix six gallons of pure Linseed Oil with it, and thus get paint less than \$1.20 per gallon.

Many houses are well painted with four gallons of L. & M. and three gallons of Linseed Oil mixed therewith.

These celebrated paints are sold by the Newberry Hardware Company.

**NOTICE.**

Notice is hereby given that the time for payment of City License for the year 1905 has been extended until the 28th day of February 1905; which is positively the last day without the penalty.

By order of the council,  
Geo. B. Cromer,  
Mayor.

Thos. O. Stewart,  
C. & T. T. C. N.

**NOTICE TO CREDITORS.**

All persons holding claims against the estate of James Y. Culbreath, deceased, will present the same, duly attested, to either of the undersigned on or before the 15th day of March 1905.

James McIntosh,  
Jno. M. Kinard,  
Executors.

**BRIDGE TO LET.**

Notice is hereby given that I will be at Mudlick Bridge near the residence of M. J. Longshore in Number 7 Township on Thursday, March 2, 1905, at 11 o'clock, A. M. for the purpose of letting out the contract for the building of a bridge at said place to the lowest bidder. Suitable plans and specifications will be exhibited at said time and the successful bidder will be required to give a good and sufficient bond for the faithful performance of his contract.

J. Munroe Wicker  
Supervisor.

**DISORDERED STOMACHS**

**CAN BE MADE STRONG AND ACTIVE QUICKLY AND WHEN**

**NO CURE—NO PAY**

We take all the chances, but as the chances of failure are so small, we do not hesitate for a moment in guaranteeing that "Seven Barks" will cure any case of disordered stomach, indigestion or liver complaint. Don't take our word for it. If you are ailing from any form of trouble, emanating from the stomach, bowels, liver or kidneys, call at our store and we will give you a full size bottle of "Seven Barks." Deposit 50 cents as an evidence of good faith—then take the remedy as directed. If it does not do all that is claimed or you are for any reason dissatisfied, bring the empty or partly used bottle back and get the 50 cents you deposited. This is certainly fair and is an excellent opportunity for our customers to get acquainted with one of the best remedies in the world.
