He is going to give the Newberry buying public the benefit of the bargains thus secured.

Watch his space in this paper from week to week and visit his store and be convinced.

A Correction.

Mr. Editor: Please allow me space in your valuable columns to correct some errors which appeared in a piece headed "Escaped Convict Captured." Ike Glenn, so the piece says, "escaped while the gang was at work near Mr. John Hipp's." That is a mistake. He escaped while at work on a hill near Bush River on O'Neill road. Now it says "Sheriff Buford was notified and sent his son, Pope Buford and Spearman Chalmers in search."

Sheriff Buford was not notified at all, nor did he send anyone in search. I went to the jail and asked the sheriff where Pope was, and about that time Pope appeared and I asked him if he would accompany me. Mr. Buford told him he could go if he wished. That is all the sheriff had to do with the matter. Pope Buford and myself went in search, and instead of capturing the negro on "Dr. R. C. Carlisle's place" as stated, we captured him on Mr. Bernard Carlisle's place.

Mr. Editor, please make these corrections in your next issue and oblige Yours respectfully,
J. S. Chalmers.

Fire at Oil Mill.

The alarm of fire was turned in from the Southern Cotton Oil Mill on Sunday afternoon about 2 o'clock.

There were about 300 bales of lint in one pile at the mill and the fire started there. Just how it originated is not known as the cotton was a good distance from the boiler room and besides there had been no fire there since Saturday and the cotton was too far from the railroad to have been set from a spark from a passing engine.

About 150 bales were damaged the total damage being about \$500, covered by insurance.

The fire department responded promptly and did efficient work.

THE TEACHERS' ASSOCIATION.

A Good Meeting Held On Saturday—Plan For Summer School At Greenwood Endorsed.

The Teachers' association met in the Boundary street school building Saturday morning. There was a very good attendance of the teachers of the county. Prof. J. S. Wheeler county superintendent of Education made a statement concerning the purpose of a district summer school embracing Newberry, Laurens, Abbeville, Saluda and Edgefield counties to take the place of the county summer schools of those counties. The attendance of the county school has been notably small in past years only five taking the final examinations in this county last year. The association by a unanimous vote endorsed the plan. It will be held this year at Greenwood sometime in June.

Prof. Dye of the Whitmire schools, continued the monthly discussions on English by discussing the verb. The talk was practical and well delivered although he was suffering with his throat causing him to close sooner than otherwise which the association greatly regretted.

Prof. Kicklighter of the Technological Department of Newberry College discussed the subject of technical training. Very entertainingly he talked of his subject in which he takes a great deal of interest. He urged the necessity of technical training of southern young men.

The learned professions are crowded hence the necessity of preparing to do the work for which we send to the North. The unprecedented prosperity of the south industrially calls for skilled workmen and the supply is notably small.

Prof. Cannon was to have continued his discussion of Arithmetic but his talk was postponed at his request the hour for adjournment having arrived.

Those who attend regularly are taking an interest in the work of the association. It is hoped that more of the teachers will attend at the subsequent meetings.

Dominick-Carter.

Mr. Sumter G. Carter and Mrs. Jeny Dominick, of this city, were married by Rev. A. H. Best at the circuit parsonage at 8 o'clock, on Sunday evening. They were the recipients of many nice presents, one of which was silver service, presented by the mayor, police force, city clerk and health officers.

New Lodge K. of P.

The new lodge of Knights of Pythias will be instituted by District Deputy Grand Chancellor E. H. Aull at Old Town on Thursday night. There are about twenty names to petition in this new lodge, composed of good and substantial citizens of that community. The petitioners have arranged to have Mr. James Dunbar to furnish a supper for themselves and visitors, and they invite all K of P's at Newberry and Prosperity to be present.

To Move To Spartanburg.

After full and free consultation with the board of missions, Rev. Dr. S. T. Hallman, who has been serving the Lutheran Mission at Greenwood and Spartanburg, has decided to move from Newberry to Spartanburg.

For the past several years Dr. Hallman has been living in this city with his family, but his work being at Spartanburg and Greenwood, has made it very inconvenient and caused him to be away from home the greater part of his time. While we regret to lose Dr. Hallman as a citizen, it is no doubt much better for him and his work that he should reside in Spartanburg. Miss Lilly Belle, his daughter, is already living in Spartanburg and has a large class in music, and one of his sons has also secured employment there.

Lecture On Temperance.

Mrs. Helen Bullock, National Organizer of the Woman's Christian Temperance Union addressed a meeting, held under the auspices of the local union, at the Lutheran church of the Redeemer, on Sunday afternoon, Mrs. A. J. Bowers, superintendent of the Band of Hope work, presiding. Mrs. Bullock congratulated the people of Newberry on the voting out of the dispensary and related the success of the union since it was organized thirty years ago. A meeting of the ladies for conference was held in the A. R. P. church yesterday afternoon at three o'clock and at four o'clock a children's meeting at the same place was addressed by Mrs. Bullock.

ANOTHER PASSENGER TRAIN.

The Southern to Give Better Service—Morning Train Greenville To Columbia, Returning in Afternoon.

Speaking of an important conference which is to be held in Columbia this week before the railroad commissioners looking to some relief of the congested condition of the freight and passenger travel the Columbia correspondent of News and Courier has the following to say in regard to a matter which affects the people of Newberry. The morning train on the Southern from Greenville to Columbia and returning in the afternoon, in addition to two trains which we have now each way, would certainly give Newberry all the passenger trains she could reasonably ask. It would be a great convenience to have a morning train into Columbia, and an afternoon train out, which was exclusively a passenger train, and which would have a schedule and run on it. If this arrangement is made, and the C. N. & L. freight is made a mail train Newberry will have as fine railroad facilities as any city in the state. It would be well for Newberry to be represented at this conference which will be held before the railroad commissioners, and at least show that she is interested in increased passenger trains.

Population is increasing and the country is more prosperous, and the more opportunity you give the people to travel, the more they will travel.

As to the letter of Congressman Wyatt Aiken to Vice President A. B. Andrews, of the Southern, about insufficient service on the Columbia and Greenville line, the members of the commission say that this matter has been under their advisement for some time.

At the conference next week, when Assistant General Passenger Agent Brooks Morgan will be here from Atlanta, the question of putting another train on the Columbia and Greenville line, so as to have it leave Greenville early and arrive here a short time before noon and leave here about 5 o'clock in the afternoon, will be taken up and decided upon. A big petition has been sent in to the commission from patrons along this line of the road to this end. Such a service has been agitated for a number of years, and it looks now as if it will be put into effect with but little more delay. This would give people living along the line of this branch opportunity to spend practically the entire day in Greenville or Columbia and get back that night.

This conference will also deal with the question of dissolving the connection at Branchville between the train out of Charleston, due here shortly before noon for connection with the trains to Greenville and Spartanburg and Augusta. The train coming in to Branchville from Augusta, carrying a Pullman from Atlanta into Charleston, is frequently late, which throws out the up-country connections when the low-country train is turned over to Superintendent Williams at Columbia.

But before the commission takes a stand in the matter it feels that it should consult the travelling men's organization, so the question of ordering this up-train not to wait on the Georgia connection if that train is too late, will be laid before officers of the Travellers' Protective association.

In the event that a late train out of Columbia is put on the Columbia and Greenville line this will enable passengers delayed by waits at Branchville to get up the country the same day, and the matter of arranging rates so as to send these passengers either by Greenville or by Spartanburg for any of these up-country points reached by both lines, as happens to be necessary in order to make the connection, will be another important point to be considered at the coming conference.

Missionary Meeting.

The concluding service of a very interesting series of meetings held under the auspices of the Women's Home and Foreign Missionary society of the Church of the Redeemer was that of Sunday night. The audience was large and was addressed by Rev. A. J. Bowers, D. D. Dr. Bowers' address was impressive and eloquent, as he described the great gathering at Nashville of five thousand students, representatives of one hundred thousand and from one thousand colleges. He spoke of the convention as inter-state, inter-national, inter-denominational in character. He spoke of its motto, "The Evangelization of the World in this Generation," of the work of the student volunteer, and concluded his address with an earnest and impressive appeal for personal consecration.

COLLEGE LYCEUM COURSE.

Last Number By Dr. J. H. Penniman—"The Old Testament as Literature."

The last regular number in the College Lyceum course will be given on the evening of Wednesday, March 21, at half past eight o'clock. It will consist in a lecture by Dr. J. H. Penniman, Dean of the University of Pennsylvania, at Philadelphia. Dr. Penniman's subject will be, "The Old Testament as Literature." He is a master of this theme and the people of Newberry have a rich intellectual treat in store.

The Lyceum committee has decided to make an innovation in the case of this particular lecture. Realizing the benefit which the community at large would derive from a proper presentation of this important subject, the committee has sent invitations to the pastors of the different churches of the town inviting their people to attend. The Lyceum is not a money-making institution, but exists for the benefit of the community. The committee is glad to be able to extend on this occasion a hospitality to the citizens at large, that will be limited only by the seating capacity of the hall.

They ask in return that the audience be seated by the hour stated for the lecture to begin; namely, half past eight.
