

WILL NOT ENTER RACE.

Maj. Richards Makes Statement—Denies Any Conference.

John G. Richards, Jr., will not be a candidate for governor in the primary this year. A statement, which will appear in the Camden News, states his position and his reasons for not entering the race. Maj. Richards also comments on the rumor that a conference was held at his home during the summer regarding the race for governor. His statement is given below:

The editor of the News, who has stood the firm friend of Maj. John G. Richards in his aspiration to be governor of South Carolina, and who was among the number who have tried to get him to make the race again this year, had an interview with him in Columbia last week and asked him to give out some positive declaration of what he proposed to do. Maj. Richards has had the matter under advisement for quite a while, and having come to a definite conclusion, has authorized the publication of the following statement:

"I feel it is due my friends throughout the State that I should give a positive answer to their many inquiries and urgent solicitations that I become a candidate for governor again this year, and I suppose that this is just as good a time as any for me to make public my intentions.

"I will be perfectly frank in declaring my aspirations and ambition to serve my State as its chief executive. I entered the race last year with the end in view that, if I were defeated, I should try again. While last year's race proved an uneven one for me, I have much to encourage me to foster my ambition, and the issue left for me to settle is the time when I will make the race again. Many of my warmest friends, you among the number, have urged me to do so this year; but, while I have appreciated the friendly interest, I thought best to take ample time for mature reflection, and until now no one has had from me any direct or positive declaration as to my intentions. In fact, my decision was reached only very recently, notwithstanding some did assume to answer for me by weaving for themselves a very ingenious but wholly incorrect conclusion.

"Following my defeat in the campaign of last year, and without solicitation on my part, Gov. Ansel very kindly appointed me railroad commissioner to fill the unexpired term in the vacancy occasioned by the death of Mr. Sullivan. While I have endeavored by diligent study to familiarize myself with the duties of the office, the task of doing so has been difficult and I am only now getting in position to do capable and efficient work in the office along lines where it is most needed. I see many things that in my judgment should be done, and as my desire, along with my ambition, is to serve the people of the State. I have decided to make the race to succeed myself as railroad commissioner for the full term, and, if elected, to do all I can to render the faithful service that I feel is due them from one occupying the responsible position. It is practically the only source through which the public can obtain relief from the wrongs they have to suffer from railroads, express, telegraph and telephone companies; and only one who is thoroughly familiar with the duties of the office is in position to render them the efficient service to which they are entitled.

"I am not without a due sense of appreciation for the interest manifested in me; and I feel that I am largely under obligations to those who have made efforts to induce me to make the race for governor this year, and for the assurance they have given me of their support and influence. I sincerely hope, however, that they will again agree with me in the wisdom of my choice at this time, and trust that, if elected, I may be able to render such service in the office of railroad commissioner as will warrant them to give me their continued hearty support whenever I shall decide to again make the race for governor.

"With your permission I will not conclude this statement without making correction of the false publication which has already received vigorous denial from Senator Tillman, to the effect that during the summer a conference was held at my home between Senator Tillman, Judge Jones and myself regarding the race for governor. There is absolutely no truth whatever in the charge. Senator and Mrs. Tillman were the guests of myself and family, and their visit had no political significance whatever. Judge Jones was not at my house then nor had he ever been there before then. My first intimation that he would be a candidate for governor was

in a message from you through your son, who came to my home as a guest for dinner one day during the visit of Senator and Mrs. Tillman. Following the visit of Senator Tillman, however, and more than a week after, Judge Jones came to my home to inquire if I would be a candidate for governor. I gave him no definite answer then nor has he received any expression from me since, directly or indirectly, as to my intentions. These are the facts pure and simple, all statements to the contrary notwithstanding."

BALD HEADS NOT WANTED.

Baldness is too Generally Considered a Sign of Advanced Age.

A bald-headed person does not have an equal chance with one blessed with a healthy head of hair, because baldness is too generally accepted as an indication of age. Many large corporations have established an age limit, and refuse to take men over 35 years of age as new employees.

Probably 65 per cent. of bald-headed people may regain a good head of healthy hair if they will follow our advice and accept our offer. We have a remedy that we positively guarantee to grow hair on any head, unless the roots of the hair are entirely dead, their follicles closed, and the scalp has become glazed and shiny. We want people to try this remedy at our risk, with the distinct understanding that unless it does exactly what we claim it will, and gives satisfaction in every respect, we shall make no charge for the remedy used during the trial.

We know exactly what we are talking about, and with this offer back of our statements no one should scoff, doubt our word, or hesitate to put our remedy to an actual test.

We want every one in Newberry who is suffering from any scalp or hair trouble, dandruff, falling hair, or baldness to try our Rexall "93" Hair Tonic. We want them to use it regularly—say until three bottles have been used—and if it does not eradicate dandruff, cleanse and refresh the scalp, tighten the hair in its roots, and grow new hair, we will return every cent paid us for the remedy for the mere asking. There is no formality expected, and we exact no obligation from the user whatever.

We are established right here in Newberry, and make this offer with a full understanding that our business success entirely depends upon the sort of treatment we accord our customers, and we would not dare make the above offer unless we were positively certain that we could substantiate it in every particular. Remember, you can obtain Rexall Remedies in this community only at our store. The Rexall Store. Gilder & Weeks.

The Milam Medicine Co., Inc.,

Danville, Va.

Gentlemen:-

It gives me pleasure to tell you how much good your "Milam" has done me. I have had more or less uric acid trouble for ten or fifteen years, and at times I had attacks of rheumatic gout that were not only excruciatingly painful, but that laid me up in bed for a week at a time. I used everything the doctors recommended, but obtained only a little relief. Last May, I was so fortunate as to try Milam, and having procured through you a case of a half a dozen, I used it faithfully. I cannot tell you what relief it has given me. It may be too soon for me to claim a permanent cure, but I mean to keep up the treatment, feel glad to think I have found a thing to free me from my great suffering, and enable me to keep up my work in comfort. If all your patients have my experience, you will not have to refund much money.

Very respectfully yours,

W. W. Royall

Peaches take more Potash from the soil than any other fruit crop. It has been conclusively proven that flavor and shipping quality are not secured unless there is an adequate supply of

POTASH

The best growers use from 100 to 200 pounds of Muriate of Potash annually on their orchards in addition to the phosphate. The application of mineral fertilizers should begin when the trees are planted, so as to insure strong wood and early bearing, continuous fruiting and longer bearing period.

Most peach orchards starve to death at a time when they should be giving their very best returns. Feed them a balanced ration and reap the profits.

DANGER IN DELAY.

Kidney Diseases Are Too Dangerous for Newberry People to Neglect.

The great danger of kidney troubles is that they get firm hold before the sufferer recognizes them. Health is gradually undermined. Backache, headache, nervousness, lameness, soreness, lumbago, urinary troubles, droopy and Bright's disease follow as the kidneys get worse. Don't neglect

your kidneys. Help the kidneys with the reliable and safe remedy, Doan's Kidney Pills, which has cured people right here in Newberry.

F. L. Paysinger, Main and Glenn streets, Newberry, S. C., says: "I gladly confirm the public statement I gave in 1908 recommending Doan's Kidney Pills. For about a year I suffered from kidney and bladder trouble and during a bad spell, I had to consult a physician. I had too frequent desire to pass the kidney secretions, especially during the night, but the flow was scant, and distressing. I was nervous and felt all run down. Finally I heard of Doan's Kidney Pills and got a supply at Pelham & Son's Drug Store. This remedy strengthened my kidneys and when they were working right, the uric acid was removed from my system, thus causing my aches and pains to cease."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
