Mrs. William Johnson, of Newberry, spent yesterday in Columbia with her daughter, Mrs. R. B. Wallace, at 1403 Hampton street. Mrs. Johnson accompanied Mrs. W. A. Kinard, her sister, to Sumter yesterday afternoon.—The State, 5th.

Mr. G. L. Robinson is to have a large opening next Saturday at his new place—his branch 10 cent house—first corner Crotwell hotel building. Put on your brakes and brace up, tighten the hold back strap and tie the b. band, and wait for the opening ing.

Mr. W. M. Scurry is associated with Mr. Robert Norris in the insurance business in Columbia. Mr. Scurry is the agency cashier of the Manhattan Life Insurance company for South Carolina. He is a son of Mr. and Mrs. Jno. R. Scurry, of Newberry, and is a fine young man, possessing good business qualifications as well as good traits of character.

Dr. J. H. Harms, of Newberry college, made the address at the Sunday school rally of the Baptist, Methodist and Presbyterian churches of Ninety-Six on Sunday. It was a large occasion. While in Ninety-Six Dr. Harms was presented with a large ball from the "Old Fort" battleground (June 8, 1780), which he will place in the college museum.—Lutheran Church Visitor, 4th.

Sheriff Cannon G. Blease, who has been severely ill, was in his office while Monday, for the first time since he was taken sick lately. He was hardly able to be up, but responded to the call of duty, getting out of bed to attend to urgent business.

Dr. and Mrs. Harrison Moore and little son, of Newberry, visited at the home of Mr. Moore's father, on this route recently.—Moore cor. Spartanburg Herald, 7th.

Miss Cromer, who is very talented and highly intelligent and cultivated young lady recently returned from New York where she had been studying art.

Mr. James A. Minnaugh, has returned from the northern markets, and take it from us that he is about to burst—his store, so packed with goods it is going to be when the last comes in. Now whether they catch those robbers at Parr Shoals or not, that is a just criticism about automobile owners not working a certain piece of road, or what the answer to any question is, or what is the solution of any problem, you go to Minnaugh's in acceptance of invitation.

VARIOUS AND ALL ABOUT.

That umbrella has been found.

There is a whole lot of flirting going on in the city of Newberry.

The tip of the hat to Secretary Jno. K. Aull as governor pro tem of South Carolina.

It is thought by some that cotton will bring 15 cents before this season ends.

Otto Gregory got the \$2 given away at the Airdome Saturday night in the presence of a great crowd.

"Runa Plays Cupid" tonight at the Airdome—Monday. The play features the popular little child actress.

For Tuesday at the Arcade-Airdome you will have "The Fire Bugs" for your consideration. This is the first two-reel Keystone comedy ever put out.

The handsome new graded school building at Chappells has been completed by the contractor, Mr. P. F. Baxter and is ready for the opening on the 15th.

Newberry College begins its next session the 18th instant. An unusually large attendance is expected, which promises a most prosperous year.

The ladies of the Trinity Rural School association will give an ice cream supper on Saturday afternoon, September 13, from 4 to 10 o'clock, in Mrs. Lucy E. Longshore's grove.

The Herald and News, of Newberry, has a very pertinent line of suggestions on how necessary a little road

work will help.—Charleston News and Courier.

"The Missing Witness" will turn up at the Arcade-Airdome Tuesday. It is not the missing witness in a dispensary case, or anything like that, but it will prove just as interesting, perhaps a little more so.

There will be no jury cases tried at the approaching September term of the common pleas court, beginning on the 15th instant. Judge Shipp will be present to hear cases ready for trial and not requiring a jury.

The Rev. Dr. E. Pendleton Jones opposes compulsory Bible teaching in the schools. The Rev. Dr. W. P. Jacobs, of Clinton, favors it. A controversy between these two eminent divines and authorities would be edifying and instructive.

It pays to be prompt not only in meeting financial obligations, but in everything else. It is a fine index to character.—Greenwood Journal. The Herald and News bill collector has about as good an idea along this line as any man.

The toast, "Our State Association," was responded to by Mr. T. E. Wicker, of Newberry. Mr. Wicker has served as president of the State association and his talk was instructive and interesting.—Orangeburg News' account of banquet Rural Letter Carriers association last week.

Never knew before that one pound made such a difference. One citizen returning from the summer resorts was told that he must have gained in weight as he was looking "better." "I gained one pound," said he, which caused the above remark that it was never known that one pound made so much difference.

The city schools will open the 15th. The new superintendent, Mr. Ernest Anderson, and the new principal of the high school, Mr. J. B. O'Neill Holloway are hopeful of a prosperous year. The principals of the three graded schools—Boundary street, Speers street and West End—are Misses Linda Welch, Rosalyn Summer and Bernice Martin.

According to the Columbia State the whole of Canada must be superficial. That paper says the superficial people sympathize with Harry Thaw. We bet anything that after reading The State two or three minds in Newberry went against Thaw. They didn't want to be regarded as among the superficial, you know. Human nature is so peculiar. There is nothing like being strong minded, you know.

Mr. J. F. Schumpert told The Herald and News Saturday that the Deadfall and New Chapel farmers had placed 1050 loads of sand and gravel on the hills from Deadfall to his place, and that the automobile owners did the least work of all. Mr. Schumpert wants this part stressed, that the automobile owners, who are or ought to be greatly interested in good roads did the least in the good work done by the farmers of Deadfall and New Chapel.

Here is how one time a man went to meet his wife and met an officer of the law instead. Joe Davis, a three-year negro wanted in Newberry, was caught at Denmark Saturday by Rural Deputy Jno. H. Turner. Davis was to go from Jacksonville, to Denmark for his wife. When he got there instead of meeting his wife and returning with her to Jacksonville, he met Deputy Turner and came with him to Newberry, where he was jailed. Our sheriff and his aides are experts at finding out such things. That is good work catching on to the movements of people.

The United States government takes no foolishness. Uncle Sam means business every time. If roads are not kept up after sufficient notification the rural route benefits are withdrawn. A portion of Newberry, R. F. D. No. 7, is to be cut off from the benefits of this system after the 16th instant. "In order to avoid roads which will not be repaired," their language, "the service will be discontinued on that section of rural route from Evans corner to Ebenezer." Moral, work the roads. Let the meaning sink into your mind: "In order to avoid roads which will not be repaired."

Regrets Mr. Peterson's Illness.

Mr. W. G. Peterson was not well enough last week to attend the meeting of the State Letter Carriers' association at Orangeburg and is still sick. Regarding his illness and absence the Orangeburg News last week said:

"A touching incident was the reading of a letter from W. G. Peterson, of Newberry, expressing his regrets at not being able to attend this meeting. 'Uncle Pete,' as he is familiarly known among the members of the association, is held in high esteem by the 'boys' who look upon him as their 'standby,' and has always been a member of the association and

NEWBERRY COLLEGE OPENS THIS MONTH

Arrangements Being Made for Session Which Will Begin September 18.

The buildings and grounds at Newberry college are being put in shape preparatory to the opening on Thursday, September 18. Smeltzer Hall dormitory has been in the hands of the renovators for several weeks, and the students will find these quarters more than usually comfortable for the season. Practically all the rooms are engaged, and the college authorities have rented a large residence in College street to accommodate students who will not be able to get rooms in the dormitories. Holland Hall, the library, the gymnasium and the technical building have undergone some changes. "The Annex," which many of the students of other years will remember as the "Old Mess Hall," has been removed from the campus.

Many friends of the college are planning to visit the institution on the opening day. Exercises will be held at which prominent alumni of the college will make addresses. The faculty will hold examinations on Tuesday, September 16, and Wednesday, September 17, at the college.

All but three of last year's faculty will return. Prof. Roy Z. Thomas, who for several years has been the popular head of the natural sciences department, will not resume his work, he having resigned in June. He is to be succeeded by Prof. Wade Hampton Stemple, a graduate of Roanoke college and Princeton university; and for 11 years professor of chemistry and physics at Irving college.

Prof. Virgil B. Sease will leave the position of principal of the preparatory department to pursue a post-graduate course in Johns Hopkins university. Prof. Sease has given the college 10 years of most substantial service. Prof. Baxter C. Monroe will succeed him. Prof. Monroe is a graduate of Newberry college, a Greek medalist, and while at college was pitcher on the varsity team.

C. C. Holloway, physical director during last year, will be succeeded by Raymond L. Thomas, who was assistant director of athletics at the University of West Virginia last year. The athletic grounds and gymnasium are being put in good condition for the coming session by Mr. Thomas, who has been at the college for several days.

McNeill-Hunter.

The following announcement has been received in Newberry and will be read with interest by the many friends of the contracting parties. Mr. Hunter, the fortunate young man, is a son of Mr. R. T. C. Hunter of the St. Lukes section of this county and the bride is a charming young lady from Conway, in Horry county. Mr. Hunter taught school at Conway for several years. The past year he decided to return to the farm and he also taught the St. Lukes school. Mr. and Mrs. Donald Tynish McNeill announce the marriage of their daughter

Margaret McRee

to

Mr. Robert Carmichael Hunter on Tuesday the second of September, nineteen hundred and thirteen Singleton Swain Conway, South Carolina. At home after the fifteenth of September Prosperity, South Carolina.

PLEASANT TRIP HOME.

Misses Bess and Julia Kibler After Successful Course in Columbia University Return Home.

Misses Bess and Julia Kibler will reach home today. On returning from New York they stopped a few days at Westminster, Md., visiting in Mr. W. L. Seabrook's home. They were entertained delightfully at several places in Virginia, also by former R. M. U. C. girls.

Their work in Columbia university embracing six weeks was successfully completed in the examination at the close.

Miss Bess will do teaching at home this winter, and will have charge of the music in the high school.

Miss Julia will fill a special chair in the Darlington high school. This is one of the finest schools, being classified A with a classical curriculum.

Let Annie O. Ruff & Co. do your Laundry work. We can please you. Phone 84.—Adv. 8-29-tf.

heretofore has attended all of the State conventions and is very enthusiastic, but owing to ill health he was unable to get here. This letter was received with much regret and to evidence the love of the association for him, a telegram was sent to him saying and wishing for him an early recovery from his illness."

CALLED TO HELP AT PARR SHOALS

Sheriff Blease, Although in Bed From a Sick Spell, Gets Up to Respond to Call.

Sheriff Cannon G. Blease got a phone message Monday morning to send help to Parr Shoals. He was still unwell from a serious illness, but got out of bed and went to his office. In response to the call he sent four men in an automobile immediately to Parr Shoals. The men were Deputy Sheriff Wm. M. Dorroh, City Policeman Sam Johnson, Mr. Richard Burton and Mr. Julius Elson. Sheriff Blease had Deputy Turner to come to the office and attend to the work of the same as he is physically unable to stand much of the hard strain.

COUNTY COLLECTS DAMAGES.

From Parr Shoals Power Company—Water Backs Over Road—Bridge to Be Built.

County Supervisor Chappell has completed negotiations with the Parr Shoals company by which he obtained a check for \$14,840 because of prospective damage to the road crossing Hellers creek, near where it empties into the Broad river. The engineer's plat shows that the Parr Shoals dam will raise the back water several feet at that point, necessitating a long fill on either side of the creek and a high bridge across it. The supervisor has contracted with J. J. Langford & Co., to make the fills and put in the steel bridge for \$10,400, this having a net gain to the county of \$4,000 by the transaction.

Death of Mrs. Harriett Lindsay.

Mrs. Harriett Frances Lindsay, wife of Coroner Francis Marion Lindsay, died at her home in the city on Sunday morning at 6:30 o'clock after a lingering illness, at the age of 70 years. She had been an invalid for about 27 years and during all that long and weary time she was comforted and consoled by the tender care and solicitude of her truly devoted and faithful husband. Mrs. Lindsay was the niece of the late James Gaunt, a former well known citizen of Newberry.

The funeral procession left the house Monday afternoon at four o'clock, service at the grave by the Rev. J. E. Carlisle. The following were the pall bearers: M. M. Buford, W. A. Hill, T. N. Parks, G. L. Robinson, T. B. Wicker, O. H. Peterson.

PICNIC AT LITTLE MOUNTAIN.

Woodmen, Masons and Red Men Hold Annual Celebration.

Little Mountain, September 5.—The annual fraternal picnic, representing three secret orders, the Woodmen, the Masons and the Improved Order of Red Men, was held at the school house here today, and was attended by from eight hundred to a thousand people. A bounteous dinner was served. The meeting was opened in the school auditorium with prayer by J. H. Chappell. The Hon. J. H. Wharton, who represented the Woodmen, made an able address. In the absence of Solicitor R. A. Cooper, Dr. J. Wm. Folk was asked to take his place, and responded with a very appropriate talk.

On account of the increased crowd, it was necessary to hold the meeting in the grove in the afternoon. Chairman J. B. Addy called the meeting to order at 2 o'clock and introduced Governor Blease, who presented a very convincing argument in behalf of the Red Men. Col. E. H. Aull, great sachem of the Improved Order of Red Men of South Carolina, presented some very interesting points in behalf of his Order.

Governor Blease was recalled to the stand and asked to speak on some of the issues of the State, which he did in a very telling way. He spoke along educational lines and was warmly cheered by the audience. All the speakers were well received, and it was said by all present that this was the most enjoyable gathering of this kind ever held here. Governor Blease and Col. E. H. Aull returned to Columbia on the 4 o'clock train.

Over 200,000 pounds of tobacco have been handled at Timmonsville.

Don't let Baby Suffer With Eczema and Skin Eruptions.

Babies need a perfect skin-covering. Skin eruptions cause them not only intense suffering, but hinder their growth. DR. HOBSON'S ECZEMA OINTMENT can be relied on for relief and permanent cure of suffering babies whose skin eruptions have made their life miserable. "Our baby was afflicted with breaking out of the skin all over the face and scalp. Doctors and skin specialists failed to help. We tried Dr. Hobson's Eczema Ointment and were overjoyed to see baby completely cured before one box was used" writes Mrs. Strubler, Dubuque, Iowa. All druggists, or by mail.
