

Special Demonstration and Sale

GREAT MAJESTIC RANGES

One Week Only December 1st to 6th One Week Only

Save \$8.00

As a special inducement during our demonstration week only, with every MAJESTIC RANGE sold (prices always the same) we will give free one handsome set of ware as illustrated here.

Every piece of this ware is the best of its kind. Not a piece that is not needed in every kitchen. It cannot possibly be bought for less than \$8.00. This ware is on exhibition at our store. DON'T FAIL TO SEE IT.

Which Shall It Be?

DO YOU intend laboring, burning valuable fuel and destroying high-priced food with that old worn-out cook stove?

You KNOW that old stove eats up a lot of fuel each year.

You KNOW you have trouble in getting it to bake just right, in fact, spoil a batch of bread every once in a while—you know it costs considerable for yearly repairs.

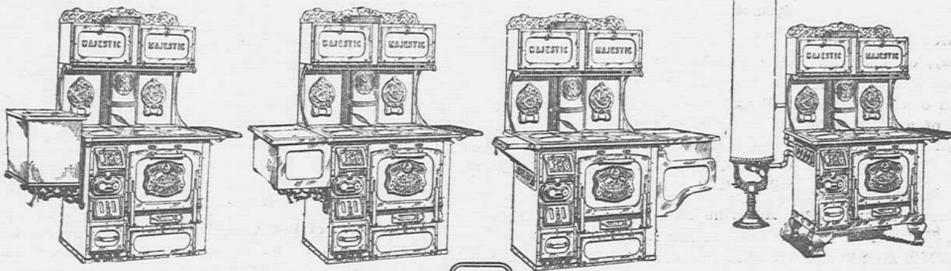

Stop and think and figure. Wouldn't it pay you to buy a good range—a range with a reputation.

The Great Majestic Malleable and Charcoal Iron Range

YOU make no mistake in buying the GREAT MAJESTIC—it's the range with THE REPUTATION—ask your neighbors. Then, too, it's made just right and of the right kind of material—MALLEABLE AND CHARCOAL IRON—riveted together practically air tight—lined with pure asbestos board—parts being malleable can't break—has a movable reservoir and an oven that don't warp—that's why the MAJESTIC uses so little fuel, bakes just right every day in the year (browns bread just right all over without turning), heats 15 gallons of water while breakfast is cooking—properly handled lasts a lifetime, and costs practically nothing for repairs.

Don't buy the range you expect to last a lifetime "unsight unseen;" you'll be sure to be disappointed. Come to our store during demonstration week, see the GREAT MAJESTIC—have its many exclusive features explained—find out why the MAJESTIC is 300 per cent stronger than other ranges where most ranges are weakest.

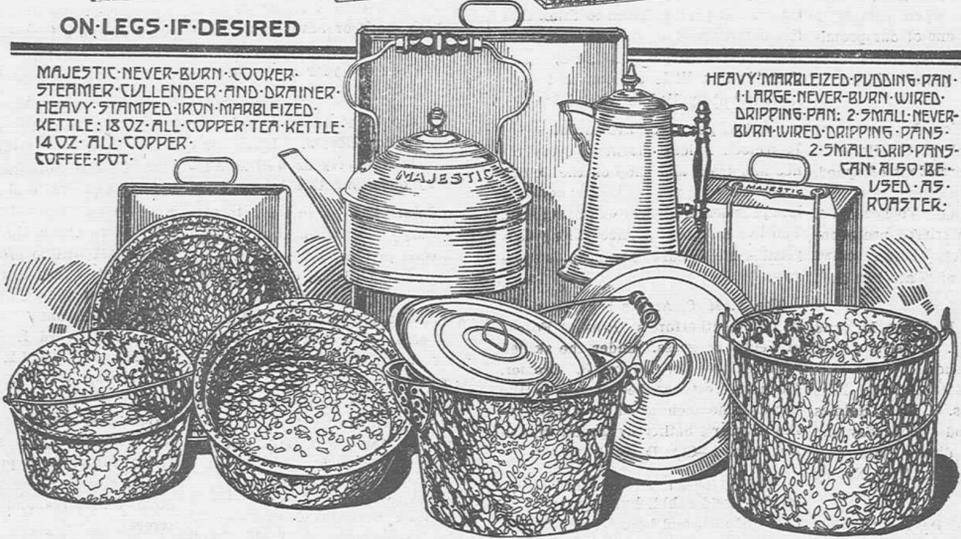

MAJESTIC RANGES ARE MADE IN ALL SIZES AND STYLES

ON-LEGS IF DESIRED

MAJESTIC NEVER-BURN-COOKER-STEAMER-CULLENDER-AND-DRAINER-HEAVY-STAMPED-IRON-MARBLEIZED-KETTLE: 18 OZ. ALL-COPPER-TEA-KETTLE-14 OZ. ALL-COPPER-COFFEE-POT.

HEAVY-MARBLEIZED-PUDDING-PAN-1-LARGE-NEVER-BURN-WIRED-DIPPING-PAN-2-SMALL-NEVER-BURN-WIRED-DIPPING-PANS-2-SMALL-DIP-PANS-CAN ALSO BE USED AS ROASTER.

Set of Ware Free

CHILDREN

SOUVENIR DAY

150 Majestic Birds Free

Monday between 3 and 5 p. m.

The first 150 boys and girls who present to THE MAJESTIC RANGE SALESMAN at our store, between 3 and 5 p. m. MONDAY, written answers to the following questions, will receive a "Canary Bird Souvenir" FREE.

- 1—What range is your mother now using?
- 2—Do you know anyone needing a new range? Who?
- 3—Why is the GREAT MAJESTIC the most durable range made?

50 CENT ARTICLE FREE!

The one giving neatest and best answer to the last question may select any 50-cent article from our stock, in addition to the SOUVENIR.

Don't be discouraged if you are not one of the 150 to get a Canary Bird Souvenir. You will get a MAJESTIC PUZZLE CARD. Something for all the boys and girls.

You can have words of fun with the MAJESTIC BIRD—it imitates the canary to perfection.

Be sure to have your answer ready to hand in at our store MONDAY AFTERNOON, between, 3 and 5.

Special All during this week a special demonstration direct from the MAJESTIC FACTORY will be glad to show you "ALL ABOUT RANGES"—show you why the MAJESTIC is the best range on earth at any price.

Come, If You Intend to Buy or Not.

EDUCATION lies in KNOWING THINGS—KNOW why the oven of a range is heated—KNOW how the water is heated—HOW the top is heated—WHY the MAJESTIC uses so little fuel—KNOW how a range is made inside and outside. This education may serve you in the future. DON'T OVERLOOK a chance to KNOW THINGS shown by one who knows. COME.

DON'T OVERLOOK THE DATE. THIS IS A SPECIAL INVITATION TO YOU AND YOUR FRIENDS AND NEIGHBORS

MAIL CARRIER VICTIM OF TRAGEDY AT ULMER

Edgar F. Phillips Killed by Grover Harter, Who is Lodged in Jail.

Barnwell, November 24.—Edgar F. Phillips, of Ulmer, the rural mail carrier of parcel post fame, was shot and killed in the store of Willie Brant, at Ulmer, Thursday night of last week by Grover Harter, a son of Dr. A. J. Harter. The weapon was an automatic pistol. Two shots were fired, it is said, only one of which took effect. The ball entered Phillips's body in the region of the heart, causing almost instant death. Harter has been arrested and is now in the county jail.

From what can be learned here Phillips and Harter had been involved in some previous difficulty, as a result of which, it is alleged, the latter made threats against the life of Phillips. There was a clash between the two men, several days ago, and a warrant was sworn out by Phillips charging Harter with assault and battery. The case was to have been tried before Magistrate Williams, at Ulmer, on Friday morning.

Phillips was in the store of Willie Brant Thursday night between 7 and 8 o'clock making some purchases. As he turned to leave, his arms full of bundles, according to eye-witnesses, two shots were fired from the doorway. Phillips cried, "Boys, he's got me," and staggering a few feet, fell behind the counter, where he died in a few minutes.

Two Have Given Bond.

Spartanburg, November 24.—Following the example of Jesse Wolfe, Robert Ward, another of the four men accused by the grand jury of participation in the attack on the jail on August 18 by a mob bent on lynching

the negro, Will Fair, has surrendered. He and Wolfe were released in \$1,000 bond each. Sheriff W. J. White has warrants for the two other men, W. R. Belcher and Robert Wilson.

Wilson, a painter, living near Greer, is in a precarious condition, the result, it is believed, of his having been struck by a train on the Southern Railway on November 15. With his skull fractured, he was found, on that date lying beside the railroad track. He has been unconscious since except at fitful intervals, when he muttered a few unintelligible words.

Sensational developments in connection with the prosecution of the alleged members of the lynching party are expected in the near future.

INVESTIGATION OF NAVY'S BEEF DEAL

Congressman Britten Wants to Know If Public Can Do Same—Aims to Lower Meat Price.

Washington, November 24.—Another federal investigation into the high cost of living, promising criminal prosecutions if Attorney General McReynolds can find an alleged cold storage conspiracy, got under way today and a congressional investigation of a different phase of the cost of living problem was threatened. While special agents of the department of justice are sifting charges that eggs, poultry and dairy products are being piled up in cold storage to maintain high prices and even force them higher, Representative Britten, of Illinois, is preparing to ask for a congressional investigation into prices of meat.

The proposal for a meat investigation was promised by an announcement that the navy had bought nearly 300,000 pounds of Australian fresh beef at a half a cent a pound lower

than the best prices of American packers, and 120,000 pounds of canned corned beef from the Australian packers at eight cents a pound cheaper than the lowest prices in the United States. The price paid was 11.90 cents a pound for the fresh beef and 15.37 cents for the corned product.

Wants Public to Profit.

Announcing his intention to ask for a congressional investigation of the navy's beef contract, Congressman Britten declared he wanted to develop why the public could not benefit by the advantage of buying from Australia if the navy could do so.

Representative McKellar, of Tennessee, had pending in the house a bill to prohibit interstate transportation of any food products kept in cold storage more than 90 days. He contends its enactment into law would go far toward solving the cold storage question.

Agents of the department of justice took up their work today in all the principal cities. They will report particularly on eggs and dairy products and will attempt to make an estimate of the quantities in cold storage and how long they have been there.

Soaring Twenty Years.

Statistics systematically gathered by agents of the department of labor and made public here from month to month show that in all the principal industrial centers of the United States the prices of foods needed by the average working man's family have steadily been soaring for the last twenty-three years and in a great many instances have passed the high price marks of 1907, which were then unprecedented. Sugar, according to these statistics, is the only commodity showing a reduction.

Any congressional investigation will be separate from that of the department of justice. Attorney General McReynolds's agents will make their re-

ports direct to Washington and what evidence is gathered will be weighed to determine whether there are any grounds for prosecution.

THE TOWN OF POMARIA.

New Churches, and a Good School—Men and Women All Interested. Good Teachers.

Dear Mr. Editor: Once or twice before three years ago I saw Pomaria. Having been brought up in Edgefield county, and having no business in this part of the land in those golden days of hallowed youth, I was not well acquainted with Pomaria. Three years ago, when I came to live near this little town, although in the land of my fathers, among kindred, many said, "Who is that?" Maybe I said the same.

One thing about the town struck me forcibly. Some might jokingly say the policeman's baton or "billie". No, not that. There was no high school, and really not much of any kind. I am interested in education, next to religion; for schools are next to the church.

I told some of the Pomaria people that I wanted to talk schools to them, and I did talk it a little. I was told that the town wanted a church first and next a school. The Lutheran church was soon built; and then the Methodist church. When the churches had lifted up on high their sacred spires we looked around for a modern school house—and there it was! It had not sprung up in a night; but there it was. It may be hard for the traveler along the "King's Highway" to find some parts of the town, lying so low and so near the little creek; but the churches are on higher ground, and the school-house on higher ground still.

The location of the school is superb. The building is stately, well-built, commodious. The auditorium is upstairs. Downstairs are two large recitation rooms, two cloak rooms and a principal's room. The material is of brick. Nearby is a deep well full of pure water, used only by the school. The play grounds are ample. "All work and no play makes Jack a dull boy."

There are three teachers. A principal, an assistant and a music teacher. The principal used to be a little boy—but he is not little any more—in my Sunday school class and church in Georgia. I talked college to him a good deal in those days, and tried to help him to be a good boy. Somehow success came to crown those efforts. Walter Reiser is his name—a name almost like mine. He will do well.

The assistant teacher has had some experience; but how much I would not say, for she is a young lady. Her work is all well done. Her name is Miss Lucy Ligon.

The music teacher is Miss Annie Mae Bedenbaugh, who is a graduate of Elizabeth college conservatory. She gives two days a week to the music work of the school. Her work is also well done.

The last thing I want to tell, but not the least, is what the ladies are doing for their school. They have organized themselves—every lady in the town joining—into a Civic association, with the idea, and for the sole purpose of improving the school. They have bought a Stieff piano—though some is to be paid on it yet; shades for the twenty-eight windows; set out or planted flowers in season and shade trees of silver poplar. There are other things they have done, and more they will do—and they are thankful for some outside help they have received. They

are getting ready to have an entertainment, "The Deestrick Skule" they say, along about Christmas, for the benefit of the school. These Pomaria ladies are workers. The men work a little too—they had the house built—they had the well punched—they put in the individual desks; but the ladies might have been about there helping with that insofar as I know. Any way, Mr. Editor, they have a good school. Sincerely, Y. von A. Riser.

NOTICE TO LOT OWNERS IN ROSE-MONT CEMETERY.

All persons who own lots in Rosemont cemetery can have them kept clean of grass and weeds, and shrubbery and hedges kept properly trimmed, for one year by paying R. Y. Leavelle, treasurer, the sum of two dollars. Upon a payment of two dollars the association will have lots worked and properly cleaned for one year from date of payment.

Owners who prefer to clean their own lots are earnestly requested to keep them clean of grass and weeds, and keep all shrubbery and hedges trimmed. All lot owners are requested and urged not to pay the laborer at the cemetery for "cleaning" lots or for extra work, as he is paid a regular salary and his time belongs to the association.

I. H. Hunt,
W. F. Ewart,
Committee on Grounds.
