Church of the Redeemer.

(Rev. Edward Fulenwider, pastor.) Nothing preventing, the following will be the programme of divine services at the Lutheran Church of the Redeemer next Sunday:

11 a. m. The regular morning service. The pastor will preach on the subject, "The Sin of Giving God the Frag-Ends of Life." Jesus always in everything gave to God and men the best he had. God has endowed each one with certain powers and capacities to be used for high and noble purposes. His worship, work, service, etc. call for the best there is in a man. Now it takes no very strong mind to see and understand that we are in danger today of giving to our God the frag-ends of our lives. We give to the animals in our back yards the crumbs and scraps that come from our tables because they are inferior and dependent creatures, our judgment tells us this is right. But what shall be the judgment of a man concerning himself when he seriously considers the matter of giving the crumbs and scraps of fellowship, time, money, physical and intellectual strength, etc., to his God who has given and sustains his life?

These serious and practical thoughts will be considered in the sermon Sunday morning.

8 p. m. The service will be in charge of the "Young People's Mission League." There will be songs, addresses, recitations, etc.

10:15 a. m. The Sunday school meets. The "red ship" is leading the "blue ship" by only 170 miles.

The public is cordially invited to all the services.

Minnaugh's Opening.

The millinery opening were held on Wednesday and Thursday of this week in Newberry.

Mr. J. A. Minnaugh has enough hats to supply the whole community and the young ladies in charge are ready and willing to give you the best of service. Miss Blanche Smyth, fresh from the centres of fashion is ready to serve you with the very latest head-gear. She is ably assisted by Mrs. Taylor and Miss Hayes. Among the many beautiful hats on display the following may be given special mention: Lemon colored hat effect, trimmed in tan and tango mating with fancy stick up at back.

A fetching little turban of malice with coronet of tiny pink roses finished with black velvet loops.

Another attractive model was one of white hemp with plaited crown of white ribbons, white aigrette at side.

A much admired hat was one of blue crepe chiffon with bandeaux of blue forget-me-nots and pink roses, long streamers of velvet.

It would be needless to describe the many others that were trimmed with all kinds of ostrich, fancies, vandyke lace, ribbon and chiffon.

Part of This Pen is 50,000 Years Old.

Washington, March 11.—The pen with which Speaker Champ Clark signed the Alaska railroad bill today was made of Alaska gold and was held in an ivory holder made from the tusk of a mastodon that roamed in Alaska more than 50,000 years ago.

Vice President Marshall will use it when he affixes his signature tomorrow. The penholder was carved in the form of an Alaska totem pole by an Indian living at Skagway. The pen and holder will be presented to the Territory of Alaska.

"The Merry Travelers."

The rehearsals for "The Merry Travelers" have been most satisfactory to all interested in the production of the musical comedy. The character of Mrs. Traveler has been assigned to Miss Bessie Kibler. The character is a strong one requiring splendid ability, but Miss Kibler is carrying it beautifully in the henpecking of her husband, while Dr. J. B. Setzler, as Mr. Traveler, plays the henpecked husband's part to a professional finish.

The comedy characters, Hezekiah and Samantha Seeds, characterized by Dr. Stuck and Miss Pearl West and Cousin Mose and Miss Bachelor by Mr. Thomas and Miss Eva Goggans, make so much real comedy out of their parts that it is almost impossible to suppress the spectators at rehearsals from keeping up a continuous scream of laughter.

Billy Landon, Mr. R. E. Allen; Jack Brewster, Mr. Roy Cannon; Frank Malcolm, Dr. Stokes, and Ned Walters, Mr. Wink, are all doing splendidly on their parts and there can be no doubt of every character in the performance making a splendid success of their parts.

The choruses are all progressing beautifully, two special features will be the Spanish dance by 12 high school girls and the closing chorus of electric lighted swings.

GRAND JURY PRESENTMENT.

Courty Home in Fine Condition—Steel Bridge Needs Attention—Magistrates Must Report.

To His Honor Judge I. W. Bowman, Presiding:

We, the grand jury for Newberry county for the year 1914, desire to make the following presentment:

We desire to express our hearty appreciation of the instructions given to us by the presiding judge regarding the proper conduct of our body.

We have closely examined all bills handed to us by the solicitor and have reported our findings on same to the court.

We find, on examination, that the magistrates of the county are not complying with the law in reference to making monthly reports to the treasurer and auditor and of not turning over all fines collected to the treasurer forthwith and we hereby give notice to all magistrates of the county that they must inform themselves of the law regarding their duties and comply with the same. Any failing so to do will be reported by us at the next term of the court.

The committee appointed to inspect the county home report that they find everything neat and clean, the inmates well provided for and contented, live stock in good condition and progress on farm as good as possible. They found all supplies to have been properly used and lumber for county use, with wood from fallen timber, well stacked and sheltered. We wish to commend Mr. Epps, the keeper, for his faithful and efficient services.

We have visited the jail and examined same and recommend that the supervisor be instructed to erect a porch across the front of the building, and to cut a door where a window now is, on the right hand side of the building for the purpose of ingress and egress of prisoners. Also to build a cement walk from the front of the jail building to the street. This work to be done under the advice of a committee appointed by our body to assist with such recommendations as may be found expedient.

We recommend that all commutation tax collected for the working of roads be expended during the year in which such tax is collected upon the roads for which said tax is paid.

We find that the steel bridge on the Wyse's Ferry road across the Saluda river is in unsafe condition as to the wooden approach on the Newberry side and desire that the supervisor be instructed to repair same, as soon as possible.

We find all recommendations made by us at the last term have been complied with as far as circumstances have permitted.

We recommend that our clerk be paid the usual fee.

J. C. Adams, Foreman.

NEWS FROM EXCELSIOR.

Farmers Busy—Box Party—Need to Work the Roads—Endores Suggestion of Editor.

Special to The Herald and News.

Excelsior, March 19.—We have some fine weather now and the farmers are plowing right along.

Mr. and Mrs. Eugene Hawkins spent Monday in Newberry.

A good many of the fruit trees are out in full bloom.

Mr. Elan Stone is spending a while in Saluda county with his sister, Mrs. Addy.

Small grain looks nice after the hard cold weather. Cold weather is good for the grain and especially the snow.

Mr. J. Cal Long is building a nice large new barn.

The box party at Mt. Pilgrim school house last Friday night was well attended and much enjoyed.

Dr. R. C. Kible, who has been spending some time here returned to his home in Atlanta on Tuesday. We shall all miss the doctor for a while.

Misses Ada and Tula Hunt have been on a visit to relatives in Prosperity.

The usual amount of fertilizers will be used in this section again this season.

Mr. Editor, I am glad you made mention of the bad mud hole in the public road near Prosperity. This mud hole needs a good ditch on either side with piping to drain water from the road.

This mud hole has been in bad condition for some time and I have often thought how foolish to see people pulling their stock with loaded wagons of fertilizers when one hour's work would fill the mud hole. I passed the mud hole on Monday and found Mr. Enos Counts there with his shovel filling the mud hole and I congratulate him on his good work. We hope Mr. Chappell will fix this piece of road soon. The writer has at different times filled mud holes on the road further down the road making travel much easier for all. We hope the roads will get in better condition soon. Prosperity has used the drag on their road and see how nice it looks and easy it rides. If the drag was used on the roads it would be a pleasure to drive over them and haul fertilizers. Drag the roads if possible.

The Thornwell Orphanage.

This institution located in Clinton, S. C., is for the education of deserving orphan children and for none other, and only for those who are unable to pay their own expenses. It costs the institution \$100 a year, to meet the expenses of a child, which sum is provided by the generous Christian public. The young people not legally bound to the institution and are received as into any other school, the orphanage not having any right to distribute to families. They live in cottages of about 20 to the cottage being at present 15 such cottages. The training is literary, domestic and moral. No child is received under six years of age and as soon as received is at once entered into school, in which they continue for 14 grades, graduating at about 20 years of age. The course is a thorough one. In the mechanical departments, the training includes printing, carpentering, farming, machine work, steam laundry work and all the domestic arts. There are now 300 pupils, requiring \$32,000 a year to meet expenses. It is wonderful how, by the goodness of God and good men and women, all this is provided. Over a 1000 young people have been educated in this school and cared for in every particular. Rev. Dr. Wm. P. Jacobs is the president, and has been for 40 year. The raising of funds for the support of the home is in his hands. The school is always crowded, and vacancies occurring are quickly filled. Only deserving applicants are received.

Miss Carolyn Etta Shelley and Mr. Ernest H. Rhame, Jr.

Sumter, March 18.—A marriage of interest here was that of this evening, at the residence of Mr. and Mrs. W. H. Shelley, on east Calhoun street, when Miss Carolyn Etta Shelley became the bride of Mr. Ernest H. Rhame, Jr. The wedding was a quiet affair, only a few close relatives and friends of the bride and groom being present. The ceremony was performed by the Rev. Dr. C. B. Brown, the pastor of the First Baptist church, to which the bride belongs.

Mrs. Rhame came here from Newberry about a year ago and has made many friends since that time. Mr. Rhame is connected with the Bank of Sumter and is well known in the city. After a short bridal trip they will be at home in their new residence on west Calhoun street.—News and Courier.
