

**STORM KING HALTS  
FIGHT IN THE WEST**

**Military Operations in Flanders Have  
Been Completely Suspended.**

London, Nov. 21, 12 m.—The warring armies on both battle fronts seem today to have come to a pause as if an interval were necessary for them to solve the new difficulties of their positions raised by the unexpected severity of the first onslaught of winter.

In west Flanders reports from many sources indicate that all the military operations have been completely suspended, while along the rest of the western line only desultory artillery duels prevent the front from giving the impression that a truce exists.

A new crop of stories has arisen that the Germans are sending heavy guns and submarines by rail to Belgium, destined for the coast, while other reports declare that long trains, capable all told of moving 200,000 men, are being prepared to take German reinforcements to the eastern front.

Vienna and Berlin agree that nothing decisive has occurred in Poland, while Petrograd claims that the German offensive between the Warta and the Vistula has been checked so definitely that the Russians have been enabled to resume the aggressive, an attitude which they signalized by the capture of a battery of German artillery to the northwest of Lodz. This, if true, indicates the possibility that the Germans are in danger of being outflanked. Nevertheless, it is apparent that the two armies are facing each other and waiting for the next move on what may prove to be one of the most decisive battles of the eastern campaign.

A week ago the Germans were retreating from Warsaw. They turned at Bayon, reaching the territory controlled by their own strategic railroad system and brushing aside the Russian cavalry, they began to push back the army of Emperor Nicholas until a position between the Vistula and the Warta was reached. This is the point where the experts predicted that the Germans would make their stand on the retreat from Warsaw. Now the re-occupation of this line probably will mean that the second phase of the Polish campaign will proceed on the more or less expected lines.

Cold weather is having its effect in the eastern frontals, but contrary to the prevailing opinion, Gen. von Hindenburg maintains that this will favor the Germans because the Russians will not be able to dig themselves in when the ground is frozen.

**OVER HALF OF THE WORLD'S  
PEOPLE ARE NOW AT WAR**

London, Nov. 21.—With the addition of Turkey and Portugal to the ranks of the belligerents, the area of hostilities has been extended to approximately 58 per cent. of the land surface of the globe, and about 36 per cent. of the total population of the earth must be classed as technically belligerent, says the London Daily Chronicle.

In round numbers, out of a total land surface of 51,500,000 square miles (excluding the uninhabitable regions in the Arctic and Antarctic) 30,000,000 square miles is occupied by the 11 belligerent powers, and about 1,000,000,000 of the 1,800,000,000 human beings on earth are directly involved in the great war.

Ascertaining the area and population between the two opposing groups it will be found that there is a vast preponderance of both on the side of Britain and her allies, which own 27,500,000 square miles and have about 840,000,000 people under their rule, against the 2,000,000 square miles and 160,000,000 people to the credit of Germany, Austria-Hungary and Turkey.

If the affected areas are analyzed by continents, it will be found that in Europe 3,040,000 square miles out of a total area of 3,850,000 and 380,000,000 people out of 475,000,000—in nearly 80 per cent in both cases—are at war.

In Asia the belligerents area amounts to 9,200,000 square miles (leaving out of account the interior of Arabia, a political no man's land, of about a million square miles), the total area of the continent being about 16,500,000 square miles. Hence over 50 per cent is at war. Of the population of Asia 475,000,000 out of 980,000,000—say 40 1-2 per cent.—must be classed as belligerent.

Africa is, proportionately, even more affected than Europe. About 10,500,000 square miles out of 11,700,000—nearly 90 per cent—and 125,000,000 of the 137,000,000 inhabitants—over 90 per cent—are at war. The only neutral regions are the Italian and Spanish colonies, and the native States of Abyssinia and Liberia.

Curiously enough, Australasia and Oceania, although the most remote from the primary zone of hostilities,

have the highest percentage of belligerency of any of the continental divisions of the earth, over 95 per cent. in area, and 94 per cent in population. South America occupies the happiest position of all. Out of an area of over 7,500,000 square miles and a population of about 22,500,000, only 128,500 square miles of territory and 350,000 human beings are subject to any of the combatants.

The percentage of area is less than two and of population less than one. Thus the continent whose very name was formerly regarded as denoting the most favorable soil on earth for the germination of wars has, strangely enough, the distinction of being almost entirely at peace, while more than half of the world is at war.

**Roller Mills, Food Products and Stock.**

Darlington News and Press. Some three thousand dollars have been subscribed for the proposed mill at Bennettsville, to cost about five thousand dollars. Mr. Crosland, a merchant of Bennettsville, stated recently that the wholesale merchants of that place alone handled \$260,000 worth of Western flour last year. This condition obtains throughout the South. What an opportunity the Southern farmer is losing! Hon E. J. Watson states that South Carolina annually sends out of the State 80 millions of dollars for live stock and food products, every dollar's worth of which could and should be raised within her borders. It takes a mighty good price for cotton to balance this enormous expenditure.

Col. Watson also points out that we should produce something that the world wants and must have at war prices. The great wheat-producing nations are at war, and only the women and children are left to gather the crops.

**AT THE OPERA HOUSE**

**"The Prodigal Judge."**

If you enjoy clean, wholesome, American plays like "The Trail of the Lonesome Pine," and "Peg O' My Heart" don't miss Vaughn Kester's "The Prodigal Judge" to be presented at the Opera House, November 25.

It is a masterly dramatization of what has been pronounced one of the greatest American novels ever written, is presented by a large cast of uniform excellence, been given an elaborate scenic mounting, and pronounced by the captious dramatic critics of New York's most conservative dailies as a meritorious entertainment.

The play comes here direct from a run at Cohan and Harris Opera House, New York, and is en route to Chicago for an extended engagement.

**Piles Cured in 6 to 14 Days**  
Your druggist will refund money if PAZO OINTMENT fails to cure any case of Itching, Bleeding or Protruding Piles in 6 to 14 days. The first application gives Ease and Rest. 50c.

**HOW TO SUCCEED**

During the last few years, conditions in all lines of business, even professional life, have changed so completely that every man is waking up to the fact that in order to win success he must specialize and learn to do some one thing and do it well.

So it is with any article that is sold to the people. It must have genuine merit or no amount of advertising will maintain the demand for the article.

For many years druggists have watched with much interest the remarkable record maintained by Dr. Kilmer's Swamp-Root, the great Kidney, Liver and Bladder Remedy. From the very beginning the proprietors had so much confidence in it that they invited every one to test it.

It is a physician's prescription. They have on file thousands of unsolicited letters received from former sufferers who claim they are now enjoying good health as a result of its use.

However, if you wish first to try a sample bottle, Dr. Kilmer & Co., Binghamton, N. Y., enclose ten cents and mention this paper. They will promptly forward you a sample bottle by Parcel Post. Regular sizes for sale at all druggists—fifty-cents and one-dollar.

**NOTICE OF FINAL SETTLEMENT**

Notice is hereby given that the undersigned as executors of the last will and testament of Alfred Denson, deceased, will make final settlement on the estate of said deceased in the Probate Court for Newberry county on Monday, November 30, 1914, at 11 o'clock in the forenoon, and immediately thereafter apply for letters dismisory as such executors.

James Denson,  
Jno. A. Denson,  
Columbia D. Denson,  
Executors.

October 30, 1914.

**The Greatest of All 10 Days Sales  
Now Going On At Copeland Bros.**
