New-Way Wonder for Corns, "Gets-It"

The Big Surprise for Corn Owners. It's Sure, Simple, Safe, Quick.

Listen to the wee story of "Gets-It," the world's greatest corn remedy. It's a short story,—only about two feet,—"Mary had a little 'Gets-It,' and corns on her toe; and every time she

Stop Misery and Embarrassment Like This With Simple, Easy "Gets-It."

put on 'Gets-It,' the corn was sure to go." Mary, like thousands of others, used to be a heroine, suffering martyrdom, using painful bandages, irritating salves, sticky tape, toe-harnesses, blood-bringing razors and scissors! She says now there's no sense in it. Use "Gets-It," applied in 2 seconds. Easy, simple, new way—just painless common sense! Millions are doing it. Never fails. You can wear smaller shoes now. You don't have to limp around any more, or walk on the side of your shoes to try to get away from your corns! You know for sure before you use "Gets-It" that the corn or callus is going away. For corns, calluses, warts and bunions.

"Gets-It" is sold by all druggists, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago. Sold in Newberry and recommended as the world's best corn remedy by Wm. G. Mayes, P. E. Way, Gled & Weeks.

ALL WRONG.

The Mistake Is Made by Many Newberry Citizens.

Look for the cause of backache. To be cured you must know the cause.

If it's weak kidneys you must set the kidneys working right.

A Newberry resident tells you how. H. F. Addy, blacksmith, 1308 Caldwell street, Newberry, says: "A hard case of La Grippe left my kidneys in a rightful shape about three years ago. I had severe pains across my loins and was laid up for two months. I couldn't do a stroke of work. My kidneys were weak and the kidney secretions were scanty and caused a burning sensation in passage. The secretions also contained sediment. I had dizzy spells and headaches. I finally got hold of Doan's Kidney Pills and began using them. The first box helped me and after I had taken six boxes all signs of kidney trouble had left and I was cured."

Price 50c at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Addy had. Foster-Milburn Co., props. Buffalo, N. Y.

Easy to Take No pain or Ache.

It's no longer necessary to bear the weakening sickness and terrible nausea that always follows a dose of calomel.

LIV-VER-LAX cleanses the torpid liver, and livens up the whole system by ridding it of the clogging poisons. Yet it works so gently and pleasantly that you hardly know you've taken it.

LIV-VER-LAX, being purely vegetable, is absolutely harmless, and does not tear up the system like calomel. And it's guaranteed to be satisfactory, or the druggist will return your money. For sale by Gilder & Weeks, P. E. Way and Wm. G. Mayes.

Hogwallow News

(DUNK BOTTS, Editor.)

Birdseye View of Hogwallow, Showing Postoffice. (Copyright 1915, Adams Syn.)

At a meeting of the deacons of the Hog Ford church last week behind closed doors, it was decided to hereafter give the preacher one-half of all he collected during his Sunday sermon. The remainder will be divided among the deacons.

The Postmaster has announced that he will make a speech from the front porch of the postoffice tonight. He has not decided what he will talk about, but that is of small importance.

Raz Barlow spent two days in Tickville last week. While there he put up at the ice cream parlor.

Sim Flinders walked from the Hog Ford still house Saturday evening.

One admirable thing about a dog is that when he has fleas on him he is honest enough to come right out in public and scratch.

One of the many serious faults that may be found with the Excelsior Fiddling band by a close observer is that their feet are too large. This fact was demonstrated the other night when they went to serenade a young lady in the Calf Ribs neighborhood and tramped down an acre of potatoes.

Sizemore Hocks, residing on Little Pistil creek, west of here, has sprung into high standing this week by inventing a monkey wrench which also has an attachment that will crack nuts and pull corks.

The Wild Onion school teacher has been invited to go to Tickville to deliver a talk at the teachers' institute. His subject will be "Intellect." The teacher will start off his talk by saying he has been highly honored to be called upon to address such a large and intelligent gathering. By doing this he will get the audience to liking him and then he will have easy sailing with the subject he knows nothing about.

Luke Mathewsia has been sitting in the doorway at the postoffice for the past several days, and has stopped all traffic between the interior of the of-

fice and the outside world.

Fletcher Henstep was over in the Calf Ribs neighborhood yesterday and got a good look at a man who is reported to have paid up seven years' back subscription to the Tickville Tidings.

Columbus Allsop has a good dawg to trade for something else useful. This will cut his number down to seven, but he says he has to do it, as he is afraid he could not make a good living for them all this winter, and at the same time look after his family as is required by law.

Washington Hocks has got back from a prospecting tour through the woods of the Gander Creek bottom and reports a beautiful crop of autumn leaves.

Washington Hicks, who recently took two boxes of pills sent him by a large factory in the East, has been asked for a photograph of himself. It will appear in an almanac to be issued by the company, and Cricket has ordered several extra copies.

Preacher Entertains.

The Dog Hill preacher is becoming very popular even with those outside of his congregation, and had company for dinner Sunday. Among those present were: Washington Hocks, Ellick Hellwanger, wife and seven children; Tobe Moseley and family, Cricket Hicks, Yam Sims, Riz Barlow, Atlas Peck, the Wild Onion school teacher, Luke Mathewsia, wife and eleven children; the Deputy Constable, Sim Flinders, Jeff Potlocks and his five hounds, Slim Pickis and four relatives from Bounding Billoms, and last but not least, the Excelsior Fiddling band. The out of town guests also included the Blind Man of the Calf Ribs neighborhood, the Assistant Coroner and the Tin Peddler from Tickville. The dinner was an informal affair, none of the guests having been invited.

PLACED BOMB IN RUDDER OF U. S. WARSHIP

Brooklyn Navy Yard Sergeant of Marines Verifies Recently Denied Rumor.

New York, Nov. 5.—That an infernal machine really was attached to the rudder post of the battleship Texas some time ago was confirmed today by a sergeant of marines from the Brooklyn navy yard, who closely scrutinized Robert Fay and his brother-in-law, who with others are being held while officials are investigating alleged conspiracy to destroy vessels carrying munitions to the allies. At the time of the rumor concerning an infernal machine found on the Texas it was officially denied that the infernal machine was attached to the Texas.

Officials investigating the conspiracy declared that at least a half million dollars had been spent carrying out alleged German plots in the United States in an effort to prevent war munitions from reaching the allies. Officials don't believe Fay's story that he is a German army lieutenant, but think he is a Hungarian whose real name is H. K. Fejl.

Hon. W. A. Stuckey.

Anderson Farmers' Tribune.

The statement made in the article reporting the Columbia meeting, published in the last issue of the Tribune, that many of the Blease supporters from different parts of the State who were in Columbia that night had expressed themselves as believing Hon. W. A. Stuckey would make a splendid candidate for nomination as lieutenant governor in the next primary should be given mature consideration by that gentleman.

Mr. Stuckey is a clear-thinking and practical man who has always stood for the same things that Governor Blease has stood for. As was said in the news article, Blease and Stuckey have been personal and political friends, and even now if they are divided on any question no one knows what it is.

It is natural that adherents of the Manning administration would do anything within their power to start friction among the friends and supporters of Former Governor Blease, because they realize that the only hope or chance they have to prevent Blease's election to the governor's office next fall is to find a way to create a weakening in the ranks now so strongly welded together. To accomplish this end there are those who are high in the law and order inner circle who would unhesitatingly offer every encouragement to Mr. Stuckey or any other Blease supporter of the same prominence and caliber to oppose the man who the producing masses in every part of the state, have insisted shall be their candidate for governor to succeed Mr. Manning. When election time approached, these people will serve the man who believes them the same dose they served Bob Cooper last year, when they threw him down and flocked to the wealthy banker whose interests are inimical to the interests of those who are so afraid of Blease's election, and whose interests and principles are diametrically the opposite to those of Mr. Stuckey.

The expressions made regarding Mr. Stuckey last Wednesday night were those of honest admiration by honest men for an honest man. They believed him eminently qualified to fill one of the most honorable and important offices of the state government. That these expressions should have been entirely unsolicited by Mr. Stuckey, and apparently spontaneous with those uttering them, make them all the more complimentary, especially as they came from men upon whom the candidacy of no man in the state could in the slightest degree affect the support already pledged Col. L. Blease, the people's candidate for governor.

Give the matter serious consideration, Mr. Stuckey. You have every qualification for lieutenant governor and the office is replete with honor, and opportunity to serve your people and your state.

NOW HER FRIENDS HARDLY KNOW HER

But This Does Not Bother Mrs. Burton, Under the Circumstances.

Houston, Texas.—In an interesting letter from this city, Mrs. S. C. Burton writes as follows: "I think it is my duty to tell you what your medicine, Cardui, the woman's tonic, has done for me.

I was down sick with womanly trouble, and my mother advised several different treatments, but they didn't seem to do me any good. I lingered along for three or four months, and for three weeks, I was in bed, so sick I couldn't bear for any one to walk across the floor.

My husband advised me to try Cardui, the woman's tonic. I have taken two bottles of Cardui, am feeling fine, gained 15 pounds and do all of my housework. Friends hardly know me, I am so well."

If you suffer from any of the ailments so common to women, don't allow the trouble to become chronic. Begin taking Cardui to-day. It is purely vegetable, its ingredients acting in a gentle, natural way on the weakened womanly constitution. You run no risk in trying Cardui. It has been helping weak women back to health and strength for more than 50 years. It will help you. At all dealers.
