

Prince Albert gives smokers such delight, because

—its flavor is so different and so delightfully good;
 —it can't bite your tongue;
 —it can't parch your throat;
 —you can smoke it as long and as hard as you like without any comeback but real tobacco happiness!

On the reverse side of every Prince Albert package you will read:

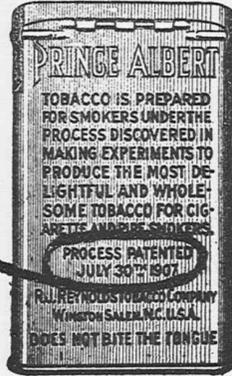

"PROCESS PATENTED
 JULY 30TH, 1907"

That means to you a lot of tobacco enjoyment. Prince Albert has always been sold without coupons or premiums. We prefer to give quality!

PRINCE ALBERT

the national joy smoke

YOU'LL find a cheery howdy-do on top no matter how much of a stranger you are in the neck of the woods you drop into. For, Prince Albert is right there—at the first place you pass that sells tobacco! The tippy red bag sells for a nickel and the tidy red tin for a dime; then there's the handsome pound and half-pound tin humidor and the pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such bang-up trim all-the-time!

This is the reverse side of the Prince Albert tidy tin. Read this "Patented Process" message to you and realize what it means in making Prince Albert so much to your liking.

in goodness and in pipe satisfaction is all we or its enthusiastic friends ever claimed for it!

It answers every smoke desire you or any other man ever had! It is so cool and fragrant and appealing to your smokeappetite that you will get chummy with it in a mighty short time!

Will you invest 5c or 10c to prove out our say-so on the national joy smoke?

GOSSETT HEADS MACHINE UNIT

Members of Troop Reach Camp Styx—Technical Knowledge is Required.

The machine gun company, which is being organized at Anderson by Capt. B. B. Gossett, has been practically completed, according to dispatches from that city, the requisite number being 53. Many Clemson and Citadel men are enlisted in the unit, as well as others who have had special training in military tactics. This company will be transported to Columbia Sunday. A similar company is being organized in Columbia. Men with a mechanical turn or experience are particularly desirable, as the machine guns are a delicate piece of mechanism, and require skilled direction to manipulate.

Capt. Gossett of the company was educated at Clemson and the United States naval academy and has had two years of service as lieutenant with the United States marines, one of which was in Cuba.

Capt. Ralph J. Ramer is to be first lieutenant of the company. He enlisted with the Missouri National Guard in 1892 and, in 1895 was graduated with distinction from the Missouri State Military school. During the Spanish-American war he saw service nine months as a lieutenant.

Thomas P. Duckett of Clemson college is to be second lieutenant. Mr. Duckett finished at the Citadel in 1912 with the highest rank. In the fall of 1912 he became commandant of cadets in Millensburg Military institute, Kentucky. He has been assistant commandant at Clemson since January 1, 1913.

COMMITTEE AWARDS PRINTING CONTRACT

Provides for Work in Comptroller General's Office—May Issue Legislative Directory.

The State.

The contract for the printing in the comptroller general's office was awarded to The State company by the joint committee on printing from the general assembly, the contract price being \$3,973.50. This was the lowest of the several bids opened.

"Though somewhat in excess of the amount paid last year, because of the unprecedented rise in prices for white paper, the committee considered itself fortunate in procuring a bid so nearly the amount paid one year ago," said a member of the committee.

The next meeting of the committee will be held September 1, when contracts for the bulk of the printing for the legislative session of 1917 will be let, together with contracts for the annual reports of the different State officers to the general assembly. In the absence of Senator Niels Christensen of Beaufort yesterday, Senator C. D. Lee of Darlington presided.

A vest pocket directory of the general assembly is to be issued early next year, immediately after the legislature meets. The committee plans to issue a creditable edition of 1,000 volumes, to be distributed to the members of the general assembly, State officers, supreme and circuit court judges, solicitors and congressmen from South Carolina. "Copy" for the little volume will be edited by W. R. Bradford, secretary of the committee.

MEXICANS REJOICE IN CARRIZAL FIGHT

Extras and Posters in Capital Proclaim Victory Over United States Troops.

Mexico City, Mex., June 21.—Extra editions of the newspapers and bulletins posted about the city tonight tell of the defeat of American troops at what is styled "the battle of Carrizal." The Americans are declared to have been dispersed and 17 prisoners captured.

The official version of the clash says that the Americans attempted to capture the railroad station at Carrizal and were engaged by Gen. Felix Gomez, who was in command of the Carranza garrison. Gen. Gomez was killed in the battle. It is announced that among the prisoners was an American interpreter who confessed, it is claimed, that the American commander was the aggressor. The prisoners were sent to Mexican headquarters at Chihuahua City.

LOWER HOUSE ACTS ON DRAFT PROPOSAL

Adopts Resolution Authorizing President to Call into Service Such of Militia as May Be Fit and are Needed.

Washington, June 23.—Under an order issued by Secretary Baker today, arrangements for the prompt dispatch of National Guard organizations to the border will be made between Gen. Funston and the commanders of the various departments without reference to Washington. As soon as a regiment, troop or battery is sworn in and its equipment completed, Gen. Funston will be notified and he will designate the point on the border to which it will be sent. Formation of provisional brigades or other tactical units will be worked out later.

The secretary announced the order in the following statement: "It is the intention of the department to send all of the State militia which has been called out to the border as soon as it is ready and fit to go. That is to say, as soon after it has been assembled at the various State mobilization camps and can be inspected, equipped, mustered into service and otherwise prepared for dispatch. The militia so sent will be distributed by Gen. Funston along the border."

The resolution adopted in the house will facilitate this movement. It authorizes the consolidation of incomplete units of the guard so that they can be sent forward without waiting to be recruited up to the required strength. Additional companies will be raised and sent forward later to fill vacancies if any regiment or battalion created by combining two or more companies that failed to show the required minimum strength when first mobilized.

The text of the resolution as adopted follows:

"Resolved, by the senate and house of representatives of the United States of America in congress assembled, That in the opinion of the congress of the United States an emergency now exists which demands the use of troops in addition to the regular army of the United States and that the president be, and he hereby is, authorized to draft into the military service of the United States under the provisions of Section 111 of the national defense act, approved June 3, 1916, so far as the provisions of said section may be applicable and not inconsistent with the terms hereof, any or all members of the National Guard and of the organized militia reserves to serve for the period of the emergency, not exceeding three years, unless sooner discharged.

"Sec. 2. The sum of \$1,000,000 is hereby appropriated out of any money in the treasury not otherwise appropriated to be expended under direction of the secretary of war and under such rules and regulations as he may prescribe for the purpose of maintaining at a cost of not more than \$50 a month the family of each enlisted man of the National Guard called or drafted into the service of the United States until his discharge therefrom, which family during the term of service of said enlisted man has no other income except his pay adequate for the support of said family, and the word family shall include wife, dependent mothers, fathers and sisters as well as brothers under the age of 14 years.

"The provision of Section 112 of the national defense act of June 3, 1916, shall be applicable to any officer or enlisted man drafted into the service of the United States pursuant to Section 1 of the joint resolution.

"Provided, that all persons so drafted shall from the date of their draft stand discharged from the militia during the period of their services under said draft.

To Consolidate Units.

"Sec. 3. That when organizations, the members of which are drafted under the provisions of this resolution, do not constitute complete tactical units the president may, by combining such organizations, organize battalions, regiments, brigades and divisions, and may appoint officers for such units from the regular army, from the members of such organizations, from those duly qualified and registered pursuant to Section 23 of the act of congress approved January 21, 1903, or members of the officers' reserve corps, as provided in Section 33 of the national defense act of June 3, 1916, officers with rank not above that of colonel to be appointed by the president, by and with the advice and consent of the senate.

"Sec. 4. That whenever in time of war or public danger two or more officers of the same grade are on duty in the same field, department or command, or organizations thereof, the president may assign the command of

the forces of such field, department or command or of any organization thereof, without regard to seniority of rank in the same grade. In the absence of such assignment by the president, officers of the same grade shall rank and have precedence in the following order, without regard to date of rank or commission as between officers of different classes, namely: First, officers of the regular army and officers of the marine corps detached for service with the army by order of the president; second, officers of forces drafted into the military service of the United States; Provided, that officers of the regular army holding commissions in forces drafted into the service of the United States shall rank and have precedence under said commissions as if they were commissioned in the regular army; but the rank of officers of the regular army under their commissions in the forces drafted into the service of the United States shall not for the purpose of this article be held to antedate muster or draft into the service of the United States."

To Rush Them to Front.

With this authority war department officials believe it will be possible to hasten many organizations to the front. Recruiting will go on at the camps and the new drafts follow after the organization.

At the war department orders were given today for the purchase of 14 additional aeroplanes for border use. They will be of the high power type recently sent to the border.

Lack of aeroplanes with the expedition in Mexico is blamed for the long delay in obtaining exact information as to what happened at Carrizal.

Army officials are trying to assemble additional radio sets for immediate use.

Navy reports during the day showed good progress in the relief of Americans assembling at Mexican ports for the trip home. The transport Buffalo should reach San Diego Sunday or Monday with those taken aboard at Mazatlan. Topolobampo and other west coast ports. She will return immediately for more.

Several navy vessels and a commercial liner are due at Vera Cruz within the next few days to pick up Americans now aboard the battleship Nebraska and others arriving from the interior. The colony in Mexico City now numbers less than 250 and these will be sent out tomorrow or Sunday, according to both Mexican and state department advices.

Other ships are nearing Tampico to take off refugees there, and commercial vessels of all kinds are bringing Americans from whatever ports they touch. Present indications are that few Americans will remain in Mexico within a week and that such as do will stay there by their own choice, not for lack of transportation.

AN ORDINANCE STATE OF SOUTH CAROLINA, TOWN OF NEWBERRY.

Be it ordained by the mayor and aldermen of the Town of Newberry, South Carolina, in Council assembled and by authority of the same.

I. That from and after the passage of this ordinance, it shall be unlawful for the owner or owners of any dog to allow or permit the same upon the streets of the said Town unless such dog is securely muzzled.

MAULDIN REFUSES HILL INJUNCTION

Application for Receivership in Federal Court Now Before United States Judge.

The State. Greenville, June 22.—Circuit Judge T. J. Mauldin today dismissed a petition for an injunction against the sale of the Hampton Cotton Mills company properties by the Parker Cotton Mills company after hearing the return of M. C. Branch, president of the Parker company, and W. E. Beattie, treasurer, and after hearing much testimony in the case.

Argument on the return was started on Tuesday and occupied two days, the decision being made on the morning of the 3rd.

The rule to show cause why the sale should not be enjoined was issued by Associate Justice Watts some time ago in Columbia upon petition of W. H. Rose, Richard D. Lee and Alex E. King. The judge in his order stated that he found no evidence of fraud.

The return to the rule issued upon petition of A. H. Heyward of Macon, Ga., and H. C. Welborn of Lexington, N. C., asking that the sale be enjoined and that a receiver or receivers for the Parker Cotton Mills company be named, was begun in the federal court here today before Judge Johnson, who issued the rule to show cause. W. E. Beattie took the stand today in the return.

It is expected that this argument, precipitated in the federal court by out of State stockholders, will require at least another day in the presentation of oral testimony and of affidavits. Judge Johnson may deliver his opinion on Saturday morning.

FORT MILL IN LINE

York Town Sends Strong Military Company.

Few communities throughout the State can measure favorably with the military strength of Fort Mill. In pro rata population, this town, with a population below 2,000, sent to Columbia yesterday one of the best military units in the South Carolina National Guard and in addition has organized a supply company.

The Fort Mill Light Infantry was organized in 1900 with W. R. Bradford, captain; T. B. Spratt, first lieutenant, and S. W. Parks, second lieutenant. Only two members now remain of the original formation. Many members of the company are of the sturdy type from the rural district, and hold a high average in efficiency tests.

GERMAN SUBMARINE IN SPANISH WATERS

U-35, With Friendly Message for King Alfonso, Arrives at Port of Cartagena.

Madrid, June 22 (via Paris).—A German submarine, the U-35, arrived today at Cartagena. The officers disembarked and left for Madrid with a confidential letter for King Alfonso.

The section of the press which favors Germany publishes articles today eulogizing the German sailors for their naval exploits. The submarine came from Nola, the Austrian naval base.

The newspaper Pais says the diplomatic representatives of certain foreign countries have asked the Spanish government for further particulars in regard to the visit of the U-35.

Under Close Watch.

Cartagena, Spain, June 22.—The German submarine U-35 commanded by Lieut. von Arnould, arrived here today with a letter from Emperor William to King Alfonso. The lieutenant said the letter expressed the emperor's thanks for the attention given by Spain to the refugees from the Kamerun.

The submarine first anchored alongside the interned German steamer Roma but the port authorities required her to move and take up anchorage near the Spanish cruiser Cataluna.

The secretary of the German embassy arrived here on a special train late last night to receive the letter. Accompanied by the German consul, he went on board the submarine and visited the commander. A Spanish cruiser and a destroyer received orders to watch closely the movements of the submarine. Instructions were given to keep the entrances to the harbor lighted brightly with searchlights.

The submarine departed from the port shortly before daylight.

LL HOLD OPEN JOBS

Good Town to Protect Members of Troop.

Typical of the Rock Hill spirit is a telegram received yesterday at the governor's office from W. G. Stevens, mayor of the "good town." Mr. Stevens says that Rock Hill is behind the Rock Hill company and will continue to be, and that employers of the young men who have entered the Styx camp will hold the jobs open until they return.

Mayor Stevens' telegram follows: "Company H entrained this morning for Styx, 101 men and officers,

Employers said jobs would be open for them on their return. Rock Hill has been behind them and will continue to be, as evidenced by 1,000 at train to see them off. Boys in fine spirits."

BLYTHE NAMES STAFF

Colonel Appoints Officers at Styx Camp.

E. M. Blythe, colonel, First South Carolina infantry, ranking officer at Styx, yesterday issued the following general orders from camp headquarters:

"Pursuant to instructions from the governor of South Carolina, the undersigned hereby assumes command of this camp and announces the following staff:
 "Camp adjutant, Maj. J. Shapter Caldwell, adjutant general.
 "Camp quartermaster, Maj. Henry E. Raines, quartermaster corps.
 "Camp surgeon, Maj. James E. Poore, medical corps.
 "Sanitary inspector, Maj. A. M. Brailsford, medical corps."

TWO ROADS AT STYX

Several Trains Daily to Camp Moore.

Columbians have train service to Styx, the State mobilization grounds, on two railroads, the Southern and the Seaboard. No extra service has been announced on either road.

The Southern railway station is named Styx and is three-quarters of a mile from the camp. Trains leave Columbia at 9:10 a. m., 4:15 p. m. and 12 midnight. Returning, the trains arrive in Columbia at 6:40 a. m., 10:15 a. m. and 4:10 p. m. The Southern railway has already built a new spur track and a depot and will immediately increase the shed facilities and other passenger accommodations. The spur track was completed in 48 hours, a remarkably quick piece of work.

The Seaboard station, called Dixiana, is located about three miles from the camp ground. Trains leave Columbia for the grounds at 5:20 a. m. and 5 p. m., and returning arrive at Columbia at 11:55 a. m. and 11 p. m.
