

## "Sure Cure"

"I would like to guide suffering women to a sure cure for female troubles," writes Mrs. R. E. Mercer, of Frozen Camp, W. Va. "I have found no medicine equal to Cardui. I had suffered for about four years. Would have headache for a week at a time, until I would be nearly crazy. I took Cardui and now I never have the headache any more."

**Take CARDUI**

The Woman's Tonic

The pains from which many women suffer every month are unnecessary. It's not safe to trust to strong drugs, right at the time of the pains. Better to take Cardui for a while, before and after, to strengthen the system and cure the cause. This is the sensible, the scientific, the right way. Try it.

## A CAREFUL MAN.

His Indecision in the Matter of Employing a Doctor.

The parsimony of the old New Englander of the type now almost vanished was nobly exemplified in Mr. Benny Huntington, who lived with his maiden sister in a little town in western Massachusetts. Neither had ever spent a penny unnecessarily and when in his old age Mr. Benny became crippled with "the rheumatism" and had, as well, strange flutterings of the heart, which were unrelieved by the best recommended "pale pills," they were greatly shocked at the suggestions and warnings of their friends and neighbors that they ought to send for a doctor. Mr. Benny refused, declared his scorn of the entire medical profession and continued to save his pennies.

But the pain grew worse. Mr. Benny was confined to his bed in great agony and overheard some of the neighbors telling his sister that he was going to die. Then he sent for an old schoolmate, a man as "careful" as himself.

"Joshua," he asked, in a low, confidential tone, "have you ever had a doctor?"

Joshua shook his head. "Dunno as I have," he answered.

Mr. Benny reached out and laid a trembling hand upon his old friend's arm. "Joshua," he asked again, "did you ever hear how much one of them doctors charges for a visit?"

Joshua looked at his suffering friend with pitying sympathy. "Well," he said, breaking it as gently as he could, "well, I have heard, Benny, that they charge as much as \$2 a visit."

"Two dollars?" Mr. Benny repeated. "Two dollars?" Then he sank back on his pillow and sighed in a voice of strangely mingled relief, regret and resignation. "Well, I dunno but I'd rather spend \$5 than die!"—Youth's Companion.

**You Must Read this if You Want the Benefit.**  
J. W. Greer, Greenwood, La., suffered with a severe case of lumbago. "The pains were so intense I was forced to hypodermic injections for relief. These attacks started with a pain in the small of my back which gradually became fairly paralyzing. My attention was attracted to Foley's Kidney Remedy and I am glad to say after using this wonderful medicine I am no longer bothered in any way by my old enemy lumbago." W. E. Brown & Co.

## GERONIMO IN ACTION.

The Indian Chief's Story of How He Whipped the Mexicans.

About noon we began to hear them speaking my name with curses. In the afternoon the general came on the field, and the fighting became more furious. I gave orders to my warriors to try to kill all the Mexican officers. About 3 o'clock the general called all the officers together at the right side of the field. The place where they assembled was not very far from the main stream, and a little ditch ran out close to where the officers stood. Cautionally I crawled out this ditch, very close to where the council was being held.

The general was an old warrior. The wind was blowing in my direction, so that I could hear all he said, and I understood most of it. This is about what he told them: "Others, yonder in those ditches are the red devil Geronimo and his hated band. This must be their last day. Ride on them from both sides of the ditches. Kill men, women and children. Take no prisoners; dead Indians are what we want. Do not spare your own men; exterminate his band at any cost. I will post the wounded to shoot all deserters. Go back to your companies and advance."

Just as the command to go forward was given I took deliberate aim at the general, and he fell. In an instant the ground around me was riddled with bullets, but I was untouched. The Apaches had seen. From all along the ditches arose the fierce war cry of my people. The columns wavered an instant and then swept on. They did not retreat until our fire had destroyed the front ranks. After this their fighting was not so fierce, yet they continued to rally and advance until dark. They also continued to speak my name with threats and curses. That night before the firing had ceased a dozen Indians had crawled out of the ditches and set fire to the long prairie grass behind the Mexican troops. During the confusion that followed we escaped to the mountains.—From "Geronimo's Story of His Life," by S. M. Barrett.

## A Simple Safeguard For Mothers.

Mrs. D. Gillespie, 326 Ingles Avenue, Youngstown, Ohio, gained wisdom by experience. "My little girl had a severe cold and coughed almost continuously. My sister recommended Foley's Kidney and Throat Remedy. The first dose I gave her relieved the inflammation in her throat and after using only one bottle her throat and lungs were entirely free from inflammation. Since then I always keep a bottle of Foley's Kidney and Throat Remedy in my house. Accept no substitutes. W. E. Brown & Co.

## The President's Oath.

The oath of office taken by the incoming president of the United States is the shortest and the simplest required of any ruler on earth. It is prescribed by the constitution and is as follows:

"I do solemnly swear (or affirm) that I will faithfully execute the office of president of the United States, and to the best of my ability, protect, preserve and defend the constitution of the United States."

**The Most Important Thing.**  
Commander Perry, at one of the numerous Washington dinners following his triumphant return from the pole, got the better of a senator in a war of wits.

"What is the good of your discovery?" the senator said. "I'll wager that you didn't find a single important thing at the north pole."

"Oh, yes, I did," said the explorer. "I found one very, very important thing."

"Humph! What was that?" the senator grunted.

"The way back home again," was the reply.

## The FERTILIZER that CANNOT BE WASHED AWAY!!

Every year our farmers are robbed of thousands of dollars worth of fertilizer, which is leached away in the drainage. Such heavy losses are absolutely unnecessary.

**Thomas Phosphate** positively cannot be washed away. The maximum percent of plant food which it contains resists the heaviest downpour, neither can its high degree of Phosphoric Acid revert, or go back, to insoluble forms. Thomas Phosphate is recognized as

**The Best Source of Phosphoric Acid** for agricultural purposes. Besides, the lime it contains is of special value in reclaiming exhausted acid soils.

Thomas Phosphate contains no filler. Every pound in a ton has its value.

Our free booklet "Thomas Phosphate and its Uses" explains how magnificent crops of cotton, corn, truck, fruit and grain have been produced by it. Write for it to-day.

## ECONOMY!

## ECONOMY!

WHY?

A revelation in perfection, ease of operation, comfort and beauty. The Economy is built for REAL SERVICE, built in such a way that you will positively know and appreciate after operating it, that in it we are giving a REAL DOLLAR'S worth of value for every dollar invested—built so that it is not simply a "good roads" vehicle, but so that it will serve you on and over most of roads, built not only to run in fine and fair weather, but so that it is EVER READY for service, both in winter and summer. Built so that it matters not whether you have either sand, deep snow or mud roads to travel, you can always start up with assurance and satisfaction of knowing that you can go when you please, where you please, and yet feel as near certain as one can be of anything in this world that with an Economy you can and will get back—the power is in the Economy.
