Go Where You Please Eat What You Please

That is what you can do if you take Dodson's Liver Tonic. Many people know the danger of calomel, yet they take it because they know of nothing better. Other people are not afraid of calomel, because they do not understand what a dangerous drug it is. Because it has never hurt them, they believe it never will. No one needs to take dangerous calomel which is just another form of mercury. Dodson Drug Store sell Dodson's Liver Tonic for fifty cents a bottle and guarantee that it takes the place of calomel. Dodson's Liver Tonic is a pleasant-tasting vegetable remedy that lives up to the liver without causing any restriction of habit or diet. It has none of the many bad after-effects of calomel and is safe for children as well as grown-ups.

You don't run a single risk when you try Dodson's Liver Tonic, because if you aren't entirely satisfied all you need to do is go right back to where you bought it and have your money cheerfully refunded to you with a smile isn't that fair?—Adv.

Bibles Always in Demand.

American presses turn out 15,000,000 Bibles a year, while the English presses turn out twice as many, and yet rarely is there an error discovered. Bibles are sold as low as five cents per copy, and millions are distributed free. It is printed in 400 different languages and dialects, about 30 per cent being in English. Its circulation is not only the largest of any work but is constantly increasing.

Summer Coughs Are Dangerous.

Summer coughs are dangerous. They indicate low vitality and often lead to serious Throat and Lung Troubles, including Consumption. Dr. King's New Discovery will relieve the cough or cold promptly and prevent complications. It is soothing and antiseptic and makes you feel better at once. To delay is dangerous—get a bottle of Dr. King's New Discovery at once. Money back if not satisfied. 50c. and \$1.00 bottles at your Druggist.—Adv.

New Jersey's Products.

New Jersey is the only state of any importance as a mineral producer in which the utilization of the clay resources constitutes the chief industry and represents over fifty per cent of the total output of the state. The clay products of the state have included every variety of brick and tile and every variety of pottery produced in the United States, as classified by the federal survey.

How to Cure a Sprain.

A sprain may be cured in about one-third the time required by the usual treatment by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by all dealers.—Adv.

In Hock.

"So Hardeuppe pawned his diamond shirt studs to enter his horse in the show, eh? Is he so sure of winning? What are his chief points?" "I don't know—but Hardeuppe's seems to be hock action."

Constipation Causes Sickness.

Don't permit yourself to become constipated, as your system immediately begins to absorb poison from the back-up waste matter. Use Dr. King's New Life Pills and keep well. There is no better safeguard against illness. Just take one dose to-night. 25c. at your druggist.—Adv.

The Pendulum.

It is perfectly true that Galileo discovered the true or isochronal property of the pendulum in 1639, and also that the philosophical Huyghens in 1658 wrote a learned treatise applying the principle to clocks. But an Englishman, John Harris, invented and made a pendulum clock in 1641 in London. Barlow, a London clock maker, invented the striking part in 1676, and in 1815 George Graham applied mercury to the pendulum to compensate against varying temperatures.

The Twenty Year Test.

"Some twenty years ago I used Chamberlain's Colic, Cholera and Diarrhoea Remedy," writes Geo. W. Brock, publisher of the Enterprise, Aberdeen, Md. "I discovered that it was a quick and safe cure for diarrhoea. Since then no one can sell me anything said to be 'just as good.' During all these years I have used it and recommended it many times, and it has never disappointed anyone." For sale by all dealers.—Adv.

Peculiarity of the Mississippi.

One of the most peculiar things about the Mississippi river was figured out by a government engineer. He says that it would be possible for a man to take a light canoe at Greenville, Miss., and by floating down stream 40 miles and portaging four times he would find himself 40 miles upstream from where he started.

Infection and Insect Bites Dangerous.

Mosquitoes, flies and other insects, which breed quickly in garbage pails, ponds of stagnant water, barns, musty places, etc., are carriers of disease. Every time they bite you, they inject poison into your system from which some dread disease may result. Get a bottle of Sloan's Lintiment. It is antiseptic and a few drops will neutralize the infection caused by insect bites or rusty nails. Sloan's Lintiment disinfects Cuts, Bruises and Sores. It cannot afford to be without it in your home. Money back if not satisfied. Only 25c. at your druggist.—Adv.

Left at the Post.

The Professor's Wife (to the Professor, who has just come in from a walk)—"What have you done with your umbrella and Fido?" The Professor (trying to remember)—"What—h'm—wait a minute—oh, yes, precisely. You see, my hat blew off, and I didn't want to have the poor little beast run with me after it, so I stuck the umbrella in the ground somewhere and tied Fido to it. I suppose they are still there."

Summer Constipation Dangerous.

Constipation in Summer-time is more dangerous than in the fall, winter or spring. The food you eat is often contaminated and is more likely to ferment in your stomach. Then you are apt to drink much cold water during the hot weather, thus injuring your stomach. Colic, Fever, Pains, Poisoning and other ills are natural results. Po-Do-Lax will keep you well, as it increases the bile, the natural laxative, which rides the bowels of the congested waste. Po-Do-Lax will make you feel better. Pleasant and effective. Take a dose to-night. 50c. at your Druggist.—Adv.

You Are Cause and Effect.

You are the effect of a cause. You are yourself that cause. You are an acme of things accomplished and an encloser of things to be. What you were yesterday, plus your efforts, is the result of what you are today. And it depends upon yourself whether you will treat your present self as a mere effect, resting in that consciousness, or as a cause to be worked for and with, to the end that your future self be greater and more powerful for good than it is now or has ever been in the past. It is up to the man. And no amount of sophistry can absolve him from the obligation to choose the highest each and every day, choose to do his best under all conditions.—Elizabeth Towne in Nauticus.

No Sourness.

Assistant Professor Charles T. Copeland had reviewed his students for coming late to class. "This is a class in English composition," he remarked, and added with sarcasm, "I'm not conducting an afternoon tea."

At the next meeting of the class one of the girls was twenty minutes late. Professor Copeland waited until she had traversed the room and found her seat. Then he remarked blithely, "How will you have your tea, Miss Brown?" "Without the lemon, please," Miss Brown answered gently.—Lippincott's.

A Dear Dog.

Fred Kelly was negotiating with a street dealer for an Alreidae pup. "How much?" asked Kelly. "Three dollars." "Well, I'll be along this afternoon again, and I may buy him." "Better take him now. He'll probably be \$5 by then." "Why the raise?" "Oh," said the dealer, "probably I'll become attached to him by that time."—Saturday Evening Post.

Useful Proverb.

"Do you," he asked, "believe in early marriage?" "Well," she replied, "I used to, but I am willing to say that at present I believe 'better late than never' may be applied to marriage as well as to some other things."—Exchange.

Ancestors Burned.

Bacon—He says his ancestors were all cremated. Exbert—Why, I thought cremation was a method of recent years? "It is. His picture gallery, though, was burned up only a month ago."—Yonkers Statesman.

Welcome Color.

"A streak of yellow is all-right sometimes." "How's that?" "In a gold mine, for instance."—Louisville Courier-Journal.

No Difference.

The Prof is Here The Same as Every-where.

For those who seek relief from kidney backache, weak kidneys, bladder ills, Doan's Kidney Pills offer hope of relief and the proof is here in Manning, the same as everywhere. Manning people have used Doan's and Manning people recommend Doan's, the kidney remedy used in America for fifty years. Why suffer? Why run the risk of dangerous kidney ills—fatal Bright's disease. Here's Manning proof: George June, carpenter, Manning, S. C., says: "My kidneys troubled me and the kidney secretions were unnatural and filled with sediment. My back was lame and I didn't get much rest at night. Doan's Kidney Pills, which I got at Dr. W. E. Brown & Co's Drug Store, (now the Dickinson Drug Co.) removed the lameness and soreness and I soon felt much better in every way." Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. June had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

No More "Black Broth" for Him.

Among the forgotten dishes of the past was the "black broth of Lacedaemon." "What the ingredients of this sabbie composition were," says a writer, "we cannot exactly ascertain. Doctor Lister (in 'Aplousis') supposed it to have been hog's blood. I don't think it was a very alluring mess, since a citizen of Sybaris, having tasted it, declared it was no longer a matter of astonishment with him why the Spartans were so fearless of death, since any one in his senses would much rather die than exist on such execrable food."

The Case of L. L. Cantelou.

The case of L. L. Cantelou, Clarendon, Texas, is similar to that of many others who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy. He says, "After trying a doctor for several months, and using different kinds of medicine for my wife who had been troubled with severe bowel complaint for several months, I bought a 25c bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. After using the second bottle she was entirely cured." For sale by all dealers.—Adv.

GEORGE D. LEVY, Special Referee.

Not so Strange After All.

You may think it strange that so many are cured of stomach trouble by Chamberlain's Tablets. You would not, however, if you should give them a trial. They strengthen and invigorate the stomach and enable it to perform its functions naturally. Mrs. Annie Fish, Wabash, Ind., writes, "Nothing did me the least good until I began using Chamberlain's Tablets. It is decidedly the best medicine for stomach trouble I have ever used." For sale by all dealers.—Adv.

EDWARD J. DENNIS

For Congress. IN OBEDIENCE TO WHAT I conceive to be a duty, I declare myself a candidate for Congress from the First Congressional District, and I ask the voters of the District to investigate, both my private and public character, and career, that they might form an intelligent opinion of my fitness for the place. The people in Berkeley county, with whom I was reared, and who were in daily contact with me, have honored me with their commission ever since I attained the age of 21 years, that I have faithfully carried out the trust reposed in me is testified to by them in sending me to the lower House of Representatives, and to the Senate. My experience as a legislator has been long and active; the records in both branches are open to the closest scrutiny, to which I invite all interested; this record will disclose the needs of the farmers. I am a lawyer by profession, and while I am enjoying a good practice, my clients are not the corporations, but the court records will show my clients are satisfied from the farming, mercantile, labor, and other vocations, representing their interests against the corporations. I am asking the suffrages of the people because I am convinced that I am fully qualified, I know that I am in sympathy with, and have the ability to labor for the interests of the masses. I know that I can take care of every interest this State, and especially this District, is directly concerned in. If given the chance I shall prove my worthiness if honest and industrious endeavor can accomplish it. I want it to be distinctly understood I enter this contest of my own volition, without having made any promises to any individual, nor shall I make any promise to individuals. I propose to be the congressman from the First Congressional District independent of all men. My sole allegiance being to the masses and to my people as Democrats. When I shall have the privilege of appearing on the hustings I hope all of the people will hear me, and then I shall endeavor to convince them that I am worthy and well qualified, both in character and ability, to be their Representative in Washington.
