### WIFE HAPPY OVER HIS BIG APPETITE

Mrs. Rogers Appreciates Husband's Compliment to Her Cooking ONCE SUFFERED MUCH

Mr. Rogers Suffered Long with Stomach Trouble but Was Restored by Tanlac

"My fine appetite certainly pleases my wife, for she is a good cook and likes to see me enjoy my meals," said H. M. Rogers, of 106 Budd St., Elmira, N. Y., in a story for men and women, too, who have a finicky appetite and cannot eat the fine, nourishing meals that are set before them.

"For a while," Mr. Rogers explained, "I couldn't eat any solid food. I was continually bothered with gas and bloating that made me feel as if I were going to burst. My breath would come short and I would have a stuffed up, suffocating feeling. It seemed to affect my heart. My stomach was so sore I could hardly touch it. I kept doctoring and trying remedies but got worse instead of better. While I was suffering so I kept hearing of a new medicine, Tanlac, and commenced to take it. I didn't get any relief from the first bottle, and I said to myself, 'Stung again,' but people told me to give it a fair trial, and so I kept on. In a little while then I began to improve. After my fourth bottle I felt fine. The old appetite came back; I did not have any more gas or bloating or suffocating spells, and my stomach and whole system were toned right up.

"That is all true," declared Mrs. Rogers. "Tanlac worked wonders for him, and we are glad to tell our experience to everyone. It is no use to doubt this Tanlac; it does the work."

Tanlac is the Master Medicine for ailments of stomach, liver and kidneys and catarrhal affections, which so often makes good after other medicines have failed.

Tanlac, the Master Medicine, is sold by Dickson's Drug Store, Manning; H. W. Nettles, Jordan; Shaw & Plowden, New Zion; Farmers' Supply Co., Silver; D. C. Rhame, Summerton.—adv.

### CENTRAL POWERS REPLY TO PRESIDENT WILSON

#### Wilson's Proposals

1. Open covenants of peace.
2. Freedom of the seas.
3. Equality of trade conditions.
4. Limitation of armaments.
5. Impartial colonial adjustment.
6. Evacuation of all Russian territories.
7. Evacuation and restoration of Belgium without any attempt to limit her sovereignty.
8. All French territory to be freed and restored, and wrong in the taking of Alsace-Lorraine must be righted.
- 9, 10 and 11. Readjustment of Italy's frontiers, autonomous development of peoples of Austro-Hungary, evacuation of Rumania, Serbia, Montenegro and future of Balkan states.
12. Secure sovereignty for Turkey proper; Dardanelles open to all nations.
13. Independent Poland.
14. League of nations.

#### Von Hertling's Replies

1. Quite ready to accept this proposal.
2. No difference of opinion, but England must give up her fortified naval bases.
3. We are in thorough accord.
4. Discussable.
5. Left for the present to England, but Germany also demands reconstruction of world's colonial possessions.
6. Concerns only Russia and central powers; Germany declines interference.
7. Germany does not seek to acquire Belgian territory, "by violence;" refers whole matter to peace conference.
8. The occupied parts of France are a valuable pawn in our hands. Forcible annexation not intended. There can be no talk of giving up Alsace-Lorraine.
- 9, 10, and 11. These questions primarily affect Austria-Hungary, so reply is left to her. Germany will back ally's "just claims."
12. Mainly concerns Turkey. Integrity of Turkey and Dardanelles of vital importance to Germany, who will "energetically support" Ottoman ally.

### Avoid Dangerous Drugs

Don't dose yourself with poisonous drugs that destroy the delicate lining of the stomach and the intestinal tract, when you can stimulate your sluggish liver by using Granger Liver Regulator. This standard medicine contains no poisonous calomel. It contains no injurious alcohol. It does not cause unpleasant after effects. A dose or so will soon relieve sick headache, indigestion, constipation, depression, languor and all other ailments caused by a torpid liver. Granger Liver Regulator is composed entirely of selected roots, barks and herbs of special medicinal value. It may be freely taken by any member of the family. Just try a few doses, and see for yourself what a splendid medicine this is and how thoroughly it cleanses the system of impurities. Price, 25c a box. Sold by all druggists. Demand Granger Liver Regulator and accept no substitute.

13. Must be decided by Germany and Austria.

14. Discussable after all other questions are settled.

#### The Austrian Answer

Count Czernin, the Austro-Hungarian foreign minister, in his reply to the speeches of Premier Lloyd George and President Wilson, made a double bid for peace with Russia and with the United States. He asserted that: Austria does not demand an inch of territory, not a penny of indemnity from Russia.

An exchange of views between Austria-Hungary and America might form the starting point for a general peace discussion among all belligerents.

President Wilson's peace conditions form an important advance toward Austria-Hungary's viewpoint.

In some of Mr. Wilson's proposals Austria-Hungary "would gladly join."

Austria-Hungary, however, is loyal to Germany and will support her.

The population of Poland must decide its own fate.

There is a difference of view between Russia and Germany regarding the principle of self-determination. It is not serious enough to justify a break up of the Brest-Litovsk parleys.

Austria-Hungary is "practically in agreement" with the conditions outlined by President Wilson as being imperative after the war.

### ALLIES MUST HAVE MORE WHEAT TO WIN THE WAR

Washington, Jan. 25.—Urgent appeal was made to the United States by Great Britain today for more wheat. Without it, Lord Rhondda cabled the food administration, the allies may not have food enough to win the war.

Lord Rhondda in a cable to the food administration says:

"Unless you are able to send the allies at least 75,000,000 bushels of wheat over and above what you have exported to January 1 and in addition to the total exportable surplus from Canada, I can not take the responsibility of assuring our people that there will be food enough to win the war."

"Imperative necessity," the message continued, "compels me to cable you in this blunt way. No one knows better than I that the American people, regardless of national and individual sacrifices, have so far refused nothing that is needed for the war, but it now lies with America to decide whether or not the allies in Europe shall have enough bread to hold out until the United States is able to throw its force into the fields. I have not minced words because I am convinced that the American people, if they know the truth, will not hesitate to meet the emergency."

The food administration cabled that America would not fail to meet the emergency.

President Wilson will issue tomorrow a program for conservation and the food administration calls upon the whole country to cooperate, even to the extent of making personal sacri-

lices to get the food to the soldiers. President Wilson's program will be voluntary in some measure, but in others it will be enforceable under the food law. The food administration warns that the situation does not bear of delay, "and we propose to do the best we can on a voluntary basis plus what authority we do possess."

No privations are asked. There are plenty of substitute foods that this country can use to advantage, it was stated.

Explaining the vast work of feeding Europe done by this country the food administration says the demands are growing daily. On January 1 the country had exported 60,000,000 bushels of wheat, comprising the normal surplus from the last harvest.

In addition to the 75,000,000 bushels now asked by Great Britain, the country must find 15,000,000 bushels for the Belgian relief, to prevent starvation; 10,000,000 bushels for Cuba and other neutrals upon whom we are dependent for other foods in return.

#### LOANS TO WAR INDUSTRY

Washington, Jan. 28.—Creation of a half million dollar corporation to make loans and advances to enterprises essential to the war and other-

wise assist in private financing was recommended to Congress today by Secretary McAdoo.

The Secretary also asked that all private issues of securities of more than \$100,000 be made subject to the approval of the government body to be known as the war finance corporation.

#### CRUISER IS REFLOATED

Berlin, via London, Jan. 28.—It is officially announced that the Turkish cruiser Sultan Yawuz Selim (formerly the German cruiser Goeben) has been refloated and entered the Dardanelles.

#### CHARTER SWEDISH SHIPS

Reach Preliminary Agreement Between America and Sweden

Washington, Jan. 28.—A preliminary agreement has been reached between the United States and Sweden, according to official dispatches from London today, providing for the charter of Swedish ships to the United States to be used principally in the South American trade.
