MANNING, S. C., WEDNESDAY, OCTOBER 15, 1919.

With the prices of women's gowns prowling around in the skies, the old fashioned sewing circle should become again an aristocratic feature of feminine life.

Every one denies any responsibility for the high cost of living. Of course. No one is guilty. Prices just naturally jumped of their own accord.

The preacher ties the knot, the judge unties it, and between the two it's a continuous merry-go-round performance from one act to the other.

Of course, everybody longs for peace and tranquility in the U. S. A. And, likewise, everybody wants the other fellow to be the one who is flattened out by the steam roller of individual prosperity.

LET PROSPERITY BEGIN AT HOME

Community prosperity is, or is not, as we of the community make it. Much money will be spent around here during the coming Christmas holidays. It is right that it should be so, for every normal person likes to partake of the joys of the yule time.

But where will that money go? Will the profits remain here, and continue to circulate in our midst, and enrich our local community? Or will they go to foreign houses, and be forever lost to us who have produced them by our energy and our thrift?

The answer is in our own hands. Our local merchants will be well equipped for supplying our demands. The goods will be on their counters, where we can see them, judge as to their quality, and know what we get. And the name of a local dealer stands as a guarantee for everything he sells.

But if we buy abroad we lose from our midst both the dealer's cost price and his profits. We never see them again.

And our community is the poorer to the extent of the profits on every article not purchased at home.

Which shall it be? A constructive Christmas, or a destructive one! Prosperity should begin at home.

TEACHER'S MEETING

The first meeting for white teachers will be held at the court house on Saturday, October 25th at 12 o'clock. Every teacher who desires or expects to be of real service in the profession should make it a point to attend. Many

matters pertaining to the general welfare of the present school year will receive attention. Trustees throughout the county should see to it that their teachers have a way provided by which they can attend.

Total of all Claims Paid	37,592.29

This report includes all claims against the county from January the 1st, to October the 11th. Except the kitchen at the Jail which was provided for in 1918, and constructed in 1919. There was a balance of this fund as shown in my last report. Also \$339.06 paid on Federal Aid Project No. 1, their No. 44.

Item (a) in roads and bridges carries \$6,802.70 which was paid for culverts and bridges. When we get all of this in, some of the bridge strain will be over, as this will be what is classed as permanent. The balance of this item has been spent for lumber and road work, (patch work) which is largely a waste. But has to be done.

Items (b) and (c) is the regular expense of the chain gang working force. Item (d) would apparently show a deficit; but the Legislative Delegation provided for a Commissioners salary of \$20.00 each for ninety nine, with per diem and mileage that is an indefinite amount that will have to be taken care of.

Item (e) Rural Police, shows a variance that is accounted for in this way: The Policeman is doing fine work, as the results will show. In doing this work his expenses were so heavy that it took most of his salary, and the commissioners asked the delegation to make it possible for us to pay some of the expense, and they fixed the amount at \$50.00 per month.

We are taking care of all departments, with the regular income of the county. We have a few claims that are questionable that is not paid, but will be as soon as they are proved to be legitimate.
