

Helps Sick Women

Cardui, the woman's tonic, helped Mrs. William Eversole, of Hazel Patch, Ky. Read what she writes: "I had a general breaking-down of my health. I was in bed for weeks, unable to get up. I had such a weakness and dizziness, . . . and the pains were very severe. A friend told me I had tried everything else, why not Cardui? . . . I did, and soon saw it was helping me. . . . After 12 bottles, I am strong and well."

Quick Improvement Is Noted After A Few Doses of ZIRON Iron Tonic.

Increase in appetite, the coming back of strength, disappearance of headaches and other ills, are a few of the many good results obtained from the use of a new remedy (Ziron Iron Tonic).

Mr. Sim Grimsley, of Cordele, Ga., tried Ziron and has this to say:

"When I began to take Ziron, it seemed that my whole system was run-down, but soon after I began to take Ziron, I could eat more each day and would feel a great deal better. Ever since it seems that my health has been improving, as I seldom have the headache or feel bad the least bit."

Ziron is a new scientific combination of pure medicinal inorganic iron, combined with phosphorus, the active principle of nuxvomica and the hypophosphites of lime and soda. It will help to find more red corpuscles to your blood resulting in more color in your cheeks—more vitality in your system.

Why Brunswick Tires Win Preference

There are two main reasons—one, the name itself, which certifies superfine value—the other, that time tells the same story.

Thus reputation and performance unite in giving you all you expect—and more.

Yet Brunswicks cost no more than like-type tires. Many motorists would pay more readily, but the Brunswick idea is to GIVE the utmost, rather than to GET the utmost. And this has been true since 1845. You can appreciate what Brunswick Standards mean by trying ONE Brunswick Tire. It will be a revelation. You'll agree that you could not buy a better, regardless of price.

And, like other motorists, you'll decide to have ALL Brunswicks. Then you'll know supreme satisfaction from your tires—longer life, minimum trouble, lower cost.

PREMIER

IN A WAY, this aluminized, magnetically-shifted Premier may be regarded as America's new delegate to the world's congress of fine cars. Until now Europe has held leadership in the fine car field simply through default of competition. Current with the appearance of this American contender, that condition is ended.

It represents a new conception of how truly beautiful a mechanical thing may be; and in the same breath, it discredits precedent on the limit to which human patience may be strained in perfecting detail down to the last minute touch. Premier is microscopically fine. Its possession instantly stamps its owner as an advanced thinker.
