**To The Voters of Dillon County:**

As a candidate for reelection to the House of Representatives, I deem it best to come out at this time in the press of the county, and state some of the things for which I stand and shall discuss from time to time during the campaign which is scheduled to open on August twentieth.

- I. I am in favor of a rigid enforcement of the Australian ballot law.
- II. I am in favor of a liberal expenditure of the people's money for good roads and schools.
- III. I am in favor of a law which will require all guano companies, doing business in South Carolina, to state plainly the number of pounds of each and every ingredient they use in a ton of manipulated guano.
- IV. I am in favor of the working man receiving for his labor one hundred per cent pay for one hundred per cent of service.
- V. I am in favor of a clean campaign, and expect to run my own race and not that of any one else.
