**Do You Patronize Home?**

Those of our people who have been trading away from home should consider the following questions which a Joplin, Mo., druggist put to his people recently:  
 Who sympathized with you when your little girl was sick? Was it Sears & Roebuck?  
 Who carried you last winter when you were out of a job and had no money? Was it Montgomery, Ward & Co., or was it your home merchant?  
 When you want to raise money for the church or for some needy person in town, do you write to the Fair store in Chicago, or do you go to your home merchant?  
 How much does Siegel, Cooper & Co. give towards keeping up sidewalks or paying the minister's salary?  
 When you were sick how many nights did Hibbard, Spencer, Barlett & Co. sit up with you?  
 When your loved one was buried, was it your home merchant who dropped the tear of sympathy and uttered the cheering word, or was it Marshall Field & Co.?

**Newspaper Subscription Laws.**

Few readers or publishers of papers fully or clearly understand the laws governing subscriptions. The decisions of the United States courts are:  
 1. Subscribers who do not give express notice to the contrary are considered as wishing to renew their subscriptions.  
 2. If the subscribers order the discontinuance of their periodical the publisher may continue to send it until all arrearages are paid.  
 3. If the subscribers neglect or refuse to take their periodicals from the post office to which they are addressed, they are responsible until they have settled their bills and ordered them discontinued.  
 4. If subscribers move to other places without informing the publisher and the paper is sent to the former address, they are held responsible.  
 5. The courts have decided that refusing to take periodicals from the office, or removing and leave them uncalled for, is prima facie evidence of fraud.  
 6. If the subscribers pay in advance they are bound to give notice at the end of the time, if they do not wish to continue taking it, otherwise the publisher is authorized to send it and the subscriber will be responsible until express notice, with payment of all arrearages, is sent in to the publisher.  
 The latest postal laws are such that newspaper publishers can cause the arrest of any one for fraud who takes a paper and refuses to pay for it. Under this law no man who allows his subscription to run along for some time unpaid, and orders his paper marked "refused" lays himself liable to arrest and fine the same as for theft.

**Spartan Mill Hospital.**

Speaking of hospitals, we see from the Spartanburg Herald that the Spartanburg Mill of that city has just completed a magnificent hospital, which will occupy a three-story building, with all modern conveniences, including a library, reading rooms, a lecture room, and bath rooms. In connection with it, it is proposed to have a training school as well as a sanitarium, and in the hospital, charity work will come first of all, and an order for a trained nurse, where there is no money to pay for the services, will be given attention in preference to those who are able and willing to pay for such services. Some of the best physicians in the city are connected with it, and the president of the mill, Mr. W. S. Montgomery, has given valuable and substantial aid in its erection.—Newberry Herald and News.

**Another Victim of Pickpockets.**

Mr. Baxter Laney, son of Mr. Wallace Laney, of Buford township, lost \$61 by pickpockets while attending the fair at Charlotte last week. The pickpockets were very much to the front there, but from the reports they were little worse than the fakirs that the people who hold fairs in North Carolina consider it necessary to have on hand a crowd of toughs to rob people.—Monroe Journal.

Messrs. M. L. Hope, J. M. Parks and M. K. Sutton have been drawn as jurors from this township to serve the first week of court, which convenes the 25th.

**York County News.**  
 Yorkville Enquirer, Friday.

Mr. B. R. Smith of Yorkville No. 1, has just harvested four acres of corn that he cultivated in accordance with the Williamson plan except that he did not use as much fertilizers as Mr. Williamson prescribed. The four acres were measured, and there was no guess work. The harvest is 170 measured bushels. The total fertilizers used included one sack of guano and 100 pounds of nitrate of soda to the acre.

Treasurer Neely came in to Yorkville last Tuesday night from a round of tax collections over the county and will remain here until next Tuesday. During the time the treasurer had his books open in Yorkville before starting around the county, he collected \$830.06. While he was away he collected \$2,195.97, and during Wednesday he collected \$70.67, a total of \$3,096.70, up to yesterday morning. The total number of receipts issued up to yesterday morning was 398.

The gin of Messrs. McGill Bros., at Bethany, had a narrow escape from fire last Wednesday afternoon. The origin of the fire is thought to have come through the elevator. Within a few moments after it was discovered it filled the entire interior of the gin; but prompt use of water and the fire extinguishing steam pipes, aided by the metal sides and top of the gin building served to hold the flames in check. The damage was very insignificant.

Mr. Henry Wilds was killed on Mr. H. E. Johnson's place six miles northeast of Yorkville last Tuesday by being crushed under a tree. Mr. Wilds and other laborers were engaged in felling trees for lumber. In felling a large tree became entangled in the upper branches in such a way that the trunk was twisted out of what would have seemed its natural course. The butt of tree struck Mr. Wilds in the face and knocked him down. He fell under the tree and it came down across his stomach. He lived about an hour afterward.

**Rock Hill Herald.**

Mr. Gresham, who is one of the best hotel men in the Carolinas, has leased the Carolina hotel of this city and will take charge the 1st of January. Many prominent hotel men have made efforts to secure this hotel, but Mr. Gresham was the fortunate one. The building will be remodeled, to a certain extent, and refurnished with new furniture. Mr. Gresham is now proprietor of at least twenty hotels and many railroad eating houses and is known throughout this whole country as the king of eating houses. Major Greene has lived here and run the Carolina for the past thirteen or fourteen years. After the first of the year he will not be actively engaged in any business, but he rather thinks that he will continue to make Rock Hill his home. His many friends here will be glad to learn that he is to remain in their midst.

Mr. Brazell Matthews, of old Point, while weighing some cotton at Matthews' Bros. platform last Tuesday, in some way stepped off the platform backwards and broke one bone of his left leg near the ankle and sprained his right wrist. He is getting along very nicely and his friends hope that it will not be long until he will be about again.

**Rock Hill Record.**

The town council of Yorkville has ordered that an election be held November 20th to decide whether or not the town shall issue bonds to the amount of \$25,000, bearing not exceeding 6 per cent interest, to be used in installing a sewerage system. While it is generally conceded that there is nothing in the way of a public utility that is more needed in Yorkville than an adequate sewerage system, it is not believed by those who have a general idea of the expensiveness of this class of work that \$25,000 will be more than enough to install sewerage on Main street, and it is believed that the principal residence streets of the town will not receive the direct benefits of the improvement for several years, or until the town has grown sufficiently in taxable values to warrant the issuance of additional bonds. There is no organized opposition to the bond issue and there is every reason to predict that the election will be favorable to the issue.  
 The site has been selected for the new Wymojo mill. The mill will be located back of Winthrop college, between the Sylcecau Mfg. Co.'s plant and the railroad on Stewart avenue. The property was bought from Mr. J. M. Cherry.

The Southern Cotton Oil Co., of Columbia, has sent the Daughters of the Confederacy, for the Bazar, one case of celebrated Snow Drift lard and one case of Wesson's cooking oil. The two will net them a profit of \$1E.

**This Groom Came to Grief.**

Mr. John L. Dees and Miss Stella Hardin, daughter of Mr. Ira Hardin of the cotton mill community, were married here Monday afternoon by Magistrate Caskey, says the Lancaster News. Shortly after the ceremony and the departure of the bride appeared and instituted abduction proceedings against the groom. Sheriff Hunter went in search of the pair and caught them during the night about 8 miles in the country, at a dwelling house where they had just arrived. The officer brought them back to Lancaster. Mr. Dees was placed in jail and the bride turned over to her father. She is said to be under 14 years of age.

**A Wedding Dinner Thursday.**

Mr. and Mrs. D. G. Kimbrell, parents of Mr. Frank Kimbrell who was married on October 30th to Miss Donovan of Charlotte, on Thursday gave an elegant dinner at their home below town in honor of the newly married couple. The following people were present: Rev. and Mrs. J. H. Thornwell, Misses Della Mills, Sallie Massey, Minnie Garrison, Bertha Massey, Katie, Clara and Georgia Culp, Mary Nims, Zoe White, Bessie and Earl Kimbrell and Johnnie Kell, Mr. and Mrs. S. L. Meacham, Mr. and Mrs. W. M. Culp, Mr. and Mrs. E. W. Kimbrell, Mr. and Mrs. E. F. Massey and Mr. Walter Meacham and Mr. W. T. Hoagland, and Dr. J. B. Elliott, of Fort Mill. S. C.; Miss Jennie Donovan, of Atlanta; Miss Ola Porter and Messrs. C. R. McCoy and Will Bown, of Charlotte, and Miss Nell Porter and Messrs. Fred Porter and McLean Caruthers, of Steele Creek. The dinner was a good old-time affair. The dining room was decorated in green and white. Miss Nell Porter received at the door and Miss Minnie Garrison presided at the punch bowl.

**The Annual Methodist Conference.**

The 122nd South Carolina Annual conference of the M. E. church South will be held at Gaffney, beginning Wednesday, November 27, and lasting through Monday, December 2. This will doubtless be one of the most interesting sessions of the conference in the history of the church, and in order to give the proceedings wider publicity, the Gaffney Ledger will be issued daily during the conference. The subscription price to The Ledger for the week, prepaid to any part of the country, will be 25 cents. Ministers taking subscriptions to the daily edition of The Ledger will be allowed a commission of 25 per cent. Subscriptions may be sent direct to The Ledger or handed to a local minister, who will attend to it for you.

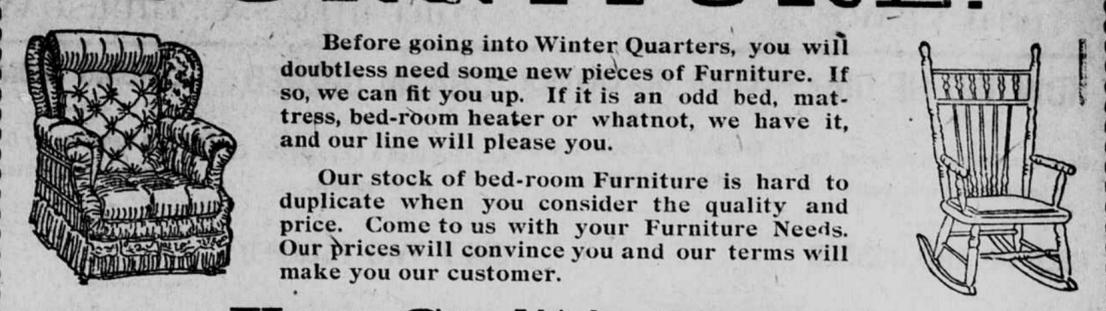

**The Silver Dollar.**

Did you ever study a silver dollar? Every mark on it is interesting. You will note that around the edge of the dollar is a raised ring. This is to keep the face of the coin from wearing away when two coins are rubbed together. The little scallops on the inside of the ring are called the "millings." All around the edge of the dollar are little pearly marks close together. They are called the "reeding," and are made to keep dishonest people from shaving silver off the dollar. The dollars now being minted bear the head of liberty on one side. This head is not designed from the imagination of an engraver. A young Philadelphia lady named Anna Williamson, possessed such classic features that the government engraver secured her permission to copy her head. The American girl ought to take pride in the fact that one of her country women was honored in this manner. On the reverse side of the dollar our national bird, the eagle, is shown. In his talons are a bunch of arrows and an olive branch that signify that our country is great in war or peace. Partly surrounding the eagle is a laurel wreath. The laurel wreath has been the symbol of victory and profession since the days of ancient Greece. It is adorned like a brow of poets, sculptors, athletes and warriors. Just below the wreath you will sometimes find a very small letter. If this letter is an "O" the dollar was minted in New Orleans. The "S" indicates that it came from San Francisco. If there is no small letter you may know the dollar was minted in Philadelphia. If a silver dollar was melted it would not be worth a dollar because it does not contain sufficient silver. It is the stamp of the government that causes it to pass at its present value.—Ex.
