The opening of fine Millinery today by The Evans Co., The Yellow Store People, was a decided success from every point of view. Customers seemed to be unusually well pleased and the clerks were all smiles as hat after hat from the famous work-rooms of Gage & Burgess were laid aside. Other features of the showing were the new dress trimmings. Of unusual beauty in this line were the Bead Garnitures, Bead Fringes and Pendants. Next week this firm hopes to make a showing of high-class Street and Evening Dresses also a complete line of Dress Coat Suits and Coats. Dresses and Suits shown by this firm are identical as those shown by the highest class houses in New York and other prominent cities, and the price is generally a little less.

Rockingham Against Cheraw.

The Rockingham, N. C., ball team came down Monday morning for two games with the Cheraw boys—one to be played on Monday afternoon and the other on Tuesday afternoon. The first game was broken up by a heavy downpour of rain soon after the game was called, so on Tuesday afternoon a double-header was played. The first game resulted in a victory for the Cheraw boys

by a score of 3 to 1. The second game was won by Rockingham by a score of 3 to 0.

The Chesterfield boys are scheduled to play here next Tuesday and Wednesday.

A Wise Precaution

Before opening an account with any bank, the careful business man will always consider the policy of the institution, the class of concerns that intrust their business to it, and the length of time it is allowed to carry large accounts. Neglect to do this often results very disastrously.

More Facts:

(1) The high standing of the **MERCHANTS & FARMERS BANK** is positive proof that its policy is the most liberal consistent with sound banking; (2) the number of large accounts entered on its books attests the fact its methods are right; and (3) the length of time that these accounts have been running prove that transactions with this institution are eminently satisfactory.

AS with an expensive, high-power racing automobile, so with groceries. The human machine needs the best fuel to get the greatest efficiency from it—just like the motor car

Give the finest auto bad gasoline and you get poor speed—feed the best man alive on improper food and you see a human wreck. You owe it to yourself—for your health's sake, for your pocket's sake—to feed your stomach with good wholesome food. That is YOUR fuel.
