"Time for paying taxes" is only the echo of "Time for making tax returns." They are both resounding now in the land.

The streets have been crowded with Christmas shoppers this week, and all the stores seem to have done a nice business.

Jno. R. Bellinger, Esq., was elected Grand Junior Warlen of the Masons at the annual meeting held in Charleston last week.

Welche's grape juice at Huggins's. A private note from S. H. Wentworth, who is now at Carolina, N. C., informs us that his health is better, although he is still under treatment.

Buy your Christmas fruits from Huggins's. Mr. Geo. W. Burnett and Miss Eugenia Patrick were married at the Baptist parsonage last Sunday night, Rev. W. E. Johnson officiating.

Candy, cake dressing, toys and Christmas presents at Huggins's. It is an old saying among cotton men that "Cotton is a fool." When they get it going down in the present strong statistical position of the crop factors think the saying is well deserved.

Haynsworth is one of the best preachers in the State. He entered upon the duties of his new field last Sunday—Baptist Courier.

Cocanuts! Cocanuts!! Cocanuts!!! at Huggins's. Editor Knight, of the Bamberg Herald, was in the city Sunday. Mrs. Knight and little daughter came over previously and spent several days with Dr. and Mrs. S. H. Knight. Mr. Knight has many friends in Orangeburg, who are glad to note the great improvement he has made in his paper.—Orangeburg Patriot.

Do you need a nice album? Go to Brooker's. It is reported that Mr. Aaron Rice's little baby has a small pox. The child is staying with its grandmother, Mr. Kenyon, about a mile from St. George's. Naturally the parents and relatives are apprehensive about the little one, as it was exposed to the disease here, but they sincerely hope that it is not the case that the child is affected with smallpox.

Vernon's phone number is 31. Order your Xmas meats, sausages, etc., from him. Nice stock always on hand. Last week an error was made in reference to the Knights of Pythias meeting. We said the lodge would not meet on Monday evening, December 25, on account of this being a holiday. We should have said that the meeting would be held as usual, but that the annual election of officers had been deferred until the first meeting, night in January. The editor was entirely to blame for the mistake.

Wedding and birthday presents, a magnificent assortment, at Brooker's. Last month Bill Jones, colored, stole a mare from Mr. M. B. Hagood of Barnwell and came to this county, locating near Mr. J. P. Branner's saw-mill. Jones next came to Orangeburg and bought a buggy from Mr. L. E. Riley, giving a mortgage on it and the horse. Recently Mr. T. D. Mitchell got on trail of the animal and while the negro made his escape the horse and the buggy were secured and returned to their rightful owners.—Orangeburg Patriot.

Call up 'phone No. 31 and order your Xmas fruits and fireworks. Full and complete stock on hand. J. A. VERNON.

We understand that Mr. W. Y. Smeak, a prosperous farmer living near Branchville, decided about two weeks ago that God had called him to go to Utah and preach among Mormonism. He accordingly drew all the cash money he had on hand from the bank at Branchville, bade his family goodbye and left. But some citizens understood to get the family to prevent his going, but they all, including his wife, seemed perfectly willing for him to go.

A Merry Christmas to all. These are the shortest days in the year.

Only a few more days and our letters will be dated 1900.

Only ten days until the tax books close and the penalty attaches.

Several carloads of peas have been shipped from Bamberg this season.

The pea crop this year has helped our farmers in this county something over \$10,000.

The advance in iron causes a demand for the many tons of old iron lying in the way on the farms.

Miss Nellie Murphy's school will take a recess to-morrow for Christmas, reopening Tuesday, January 2d.

Judging from the number of turkeys sold on the streets this week everybody will have a big Christmas dinner.

The cotton mill will shut down one day for Christmas—next Monday—and the operatives will enjoy a holiday.

Our merchants have large stocks of Christmas goods. Patronize those who advertise in THE BAMBERG HERALD.

Miss Pearl Counts's school closed yesterday for the Christmas holidays, and will reopen Thursday, January 4th.

Ducks are usually numerous in the larger swamps this season, and the weather prophets interpret that as a sure sign of abundant corn crop.

Telephone subscribers can now talk to people in Barnwell, as the telephone exchange there has been opened for business, having about forty phones.

Cotton is still coming to town. Maybe the crop is not so short in this section after all. We believe there has been more sold here this season than for several years past.

At a town election held in Branchville on Dec. 14th, the following officers were elected: Intendant, S. S. Byrd; wardens, C. P. Smeak, G. B. Reeves, A. W. Berry, J. Karesh.

We assume no responsibility for the advertisements on our fourth page. They are not controlled by us, and we know nothing of the reliability of the firms. We make this statement in the interest of ourselves and our patrons.

Mr. Clarence J. Owens, president of the Orangeburg College, and Miss Marie Louise, the daughter of Capt. W. H. Kennedy, of Williston, will be married at the Baptist church at place next Wednesday, the 27th instant.

Mr. R. F. Simmons, Jr., and Miss Bessie Shuler were married last Tuesday at Bowman, the residence of the bride, Rev. T. C. O'Dell officiating. The couple came home on the evening train, and a reception was tendered them at the home of the groom's father, Mr. R. F. Simmons, Sr. Their friends extend congratulations.

We understand the long distance telephone people will soon open an office here and will connect with our central office, so that subscribers can talk from their residences or places of business direct to all Northern points. The exchange and service will also be greatly improved, and no doubt many new phones will be put.

President W. G. Smith was in Augusta the night of the great fire, and was stopping at the Arlington Hotel. He seemed to have a presentiment that the place would be burned for he objected to going above the first floor. He was awakened by the fire engines, and got out of the building some time before it was burned, being the second man to reach the street.

Let every land owner plant out a few fruit trees this winter. The most durable peach trees come from seeds planted where you wish them to stand. A dozen apple trees well taken care of will keep a small family in fruit from June to December. Almost any sort of apple is better than none. Do not neglect this important matter, for a home without fruit is a poor sort of affair.

Graded School Dots. The graded school will close for the Christmas holidays this afternoon (Thursday).

Work will begin for the new year on January 1st.

The name of Pearl Delk was accidentally left out of the list on the honor roll last week for the fourth grade. Her average was 98 2-5, the highest in her grade.

Mr. and Mrs. C. R. Calhoun leave to-morrow for Greenwood to spend a week with the home folks.

COTTON SEED WANTED. Want 2,000 bushels Cotton Seed at once. Highest price paid. HAVELOCK EAVES.

The Dog Question. City council has all taken hold of the dog question in earnest. The town has until recently been overrun with dogs, many of them being worthless curs, and several valuable bird dogs have been bitten by supposedly mad brutes. As will be seen by the notice in another column, no dogs are allowed on any of the streets or loose on the premises of their owners. This order will remain in force until the present fear of mad dogs has subsided, when, we understand, council will adopt an ordinance requiring a tax of two dollars on every dog and that they be muzzled while on the streets.

We are glad to commend the action of our city officials in this matter, and pledge them our hearty support in any action they may take. Marshal Price has already killed about thirty dogs.

New Advertisements. G. FRANK BAMBERG. The new advertisement of this enterprising and up-to-date dealer makes interesting reading, and if you want the best in buggies, wagons, harness, etc., he is the man for you to see.

ASHPOO FERTILIZER CO. This company has an advertisement in this issue. They are not in the trust, and right should they buy from them. Mr. Frank E. Taylor is vice-president and general manager.

John F. Folk—Fire Insurance. D. Dowling—Critically Inspected. Fred J. Simmons—Notice to Debtors and Creditors. L. C. Inglis, Mayor—Owners of Dogs.

Pay Your Taxes. It seems to be the current belief among taxpayers, judging by the delay which they are making in observing the privileges of citizenship, that the time for paying taxes does not expire on December 31st, or if the time does expire then, it will be extended, as was the case last year. It will not do to depend upon any such condition, for the action of the legislature last year was intended to make a special emergency.

Treasurer Dickinson informs THE BAMBERG HERALD that the people generally are paying their taxes rather slowly. Only a few more days now will elapse before the books are closed, and taxpayers ought not to delay attending to this important matter. Do not depend upon an extension being granted. That is very uncertain, but it is certain that taxes must be paid.

Strictly Business. We sincerely regret that we have felt compelled to part with some of our subscribers, but THE BAMBERG HERALD is not run on a charity basis, and some people did not seem to appreciate our indulgence or our efforts. We gave them fair warning, and sent them after dinner, and as they seemed to produce no impression, we erased some names from our list. There are others whom we are still carrying, in the hope that they will come in and get square. Some owe us several dollars, and the aggregate foots up something handsome. If the money due is not forth coming soon, off they go. If the paper is worth anything, it is worth paying for, and we don't want anybody to feel under obligations to subscribe. If THE BAMBERG HERALD is not worth one dollar a year, why don't take it, that's all. We want to pay our debts and make an honest living, but we cannot do this unless the people who read our paper pay us for it. We hope we have not hurt anybody's feelings; we don't want to; all we want is the money that is honestly due us.

New Route to Savannah and Florida Points. The Southern's new vestibule trains commenced running on the 12th inst. These elegant new trains will make connection at Blackville with our trains from Charleston and Augusta, and passengers for Savannah, Jacksonville or other Florida points can purchase through tickets and have baggage checked to destination from Bamberg.

Dispensary Sales. The dispensary at this place is doing a large business now. Dispenser Felder received yesterday about one thousand dollars worth of liquor, and has now a \$3,000 stock on hand. The gross sales for November were \$1,626.05; cost price, \$1,299.50; gross profits, \$326.55; expenses, \$101.93; leaving a net profit of \$224.62 to be divided between the county and town.

Annual Settlement. Mr. E. B. Wilson, book-keeper in the Comptroller General's office, has been here since yesterday, making an annual settlement with county Auditor Sesse and Treasurer Dickinson. The work will consume a couple of days or more. Mr. Wilson and Comptroller Derham have been at Hampton for several days, and Mr. Derham wanted to come here as well, but pressing business matters at his office in Columbia would not allow him to do so. Mr. Wilson is an affable gentleman and made a favorable impression upon the officials here.

Phosphate Returned. About four weeks ago the State constables seized some phosphate in the store of Mr. J. Allen Huggins and the drug store of Dr. B. D. Bronson, claiming that it contained alcohol. It was shipped by the constables to Columbia, and, we suppose, there examined by the State chemist.

A few days ago Messrs. Huggins and Bronson received notice from Mr. W. W. Harris, Clerk of the State Board of Control, that the cider or phosphate had been shipped back, that it had been seized by the constables through mistake, and that it contained no alcohol. But the gentlemen will decline to receive the stuff, and the parties from whom it was purchased will no doubt give the State Board of Control some trouble about the seizure. It was shipped back without the freight charges being paid.

Christmas Tickets Over Southern Railway. Tickets will be sold to all points December 22, 23, 24 and 25, and December 30, 31 and January 1, limited to January 4th for return at rate of one and one-third first-class fare for first-class round trip tickets, and one first-class fare and second-class return tickets. Tickets will also be sold to students on December 18th to 21st.

Fire in Florence. The city of Florence had a most disastrous fire last Tuesday morning, and the main business portion of the town was almost entirely destroyed. The buildings burned were the handsomest in the town and included the city hall, opera house, city hotel, and a dozen business houses. The losses aggregate \$150,000 or more, and was the greatest fire that has ever visited Florence.

The fire originated in the hotel, a three-story structure, and just as it was thought the fire was under control, the water supply gave out and the fire spread with great rapidity. Darlington was called on for aid and his firemen rendered valuable assistance. Florence will now build a fine system of waterworks, something which Editor Ayer has been working on for some time past. About two months ago he said in his paper that the people of Florence were simply tempting Providence in not building waterworks, but we imagine the disaster came unexpected and unwelcome.

Stockholders Meet. The annual meeting of stockholders of the Bamberg Banking Co. was held yesterday, and the same board of directors was re-elected, viz: F. M. Bamberg, E. R. Hays, H. J. Brabham, J. D. Copeland and J. B. Black.

An annual dividend of 10 per cent. on the capital stock was declared. Immediately afterwards the directors held a meeting and re-elected H. J. Brabham, president; E. R. Hays, vice president; W. A. Riley, cashier, and D. F. Hooten, assistant cashier.

The institution is in fine condition, is doing a safe business under wise management, and the large amount of money on deposit shows the confidence our people have in its officers.

All the News of a Progressive Town Tersely Told for the Herald by a Pupil of a Live School.

Mr. Alfred Chassereau had the misfortune to lose his country home last Wednesday night by fire. The fire is thought to have started in the kitchen, and is supposed to be accidental. We are sorry that the railroad schedule, that was put on just after gala week, has been taken off. We now have the same old thing: to go to Charleston or anywhere else, you have to get up before day and come back after night.

The railroad authorities said that the extra train was taken off because the receipts wouldn't cancel expenses. What we want and must have before our town will amount to much, is for this road to be extended, or this new road from Augusta to Charleston to tap us.

Messrs. Alfred Chassereau and J. C. Kinard have returned from an extended hunting trip near Williston. They report a grand time. We don't know how many birds they killed.

Miss Katie Thomas, of Smeas, visited her sister, Mrs. Adam Kinard, last week.

There was a very pleasant social at Mr. J. C. Copeland's last Saturday evening.
